

ANNEX C: CRYBABY CRY ME AN OCEAN ACTIVATION AND TICKETING INFORMATION

The *CRYBABY Cry Me an Ocean* activation is a vibrant, ocean-themed experience that reimagines POP MART's beloved CRYBABY character as a cast of endearing marine animals. Through towering inflatables, life-sized sculptures, and immersive photo opportunities, placed alongside marine habitats at the Singapore Oceanarium, visitors are invited to embark on an underwater adventure – discovering unique CRYBABY characters, learning about the animals they represent, and fostering a deeper appreciation for the ocean and marine life.

Created by Thai artist Molly, CRYBABY is one of POP MART's most beloved character IPs. CRYBABY is neither a boy nor a girl, nor even human – CRYBABY embodies those deep inner feelings we all experience. Every CRYBABY design has its unique story, its unique reason for shedding tears – a gentle reminder that laughter isn't the only path to feeling better, and that tears can heal, too.

The *CRYBABY Cry Me an Ocean* activation is presented by POP MART, in partnership with Resorts World Sentosa and the Singapore Tourism Board.
