

ANNEX B: CRYBABY CRY ME AN OCEAN INSTALLATION GUIDE

Installation	Type	Image	Description
THE ANGLERFISH	5m Inflatable		<p>THE ANGLERFISH CRYBABY teams up with the sunfish to form the “Oddball Alliance”. Its tears glow softly, illuminating the bottomless dark of the ocean like a quiet reminder to “be your own light amidst the darkness”.</p>
THE PUFFERFISH	5m Inflatable		<p>THE PUFFERFISH CRYBABY and the sea urchin are covered in spikes — not to hurt others, but to shield themselves. “I may look prickly all over, but my heart is gentle.” – a quiet reminder to be our own protector.</p>
THE WHALESHARK	2m Sculpture		<p>Holding onto each other so tightly once felt like a burden, but with time, this companionship became familiar and comforting. “Carrying your weight now feels more familiar, perhaps walking together isn’t so bad after all.”</p>
