

#STAYHOME FIND JOBS

In this Circuit Breaker period, **MENDAKI SENSE** has collaborated with **FindJobs** to provide the community with an alternative virtual channel for employment search and career guidance.

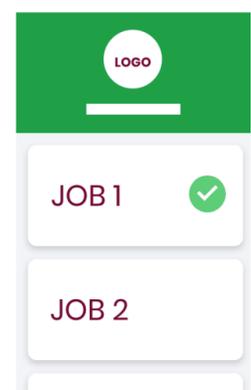

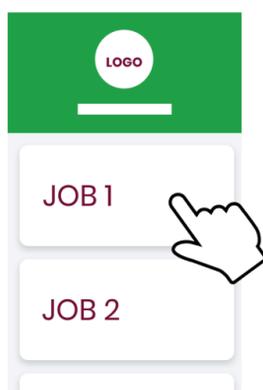

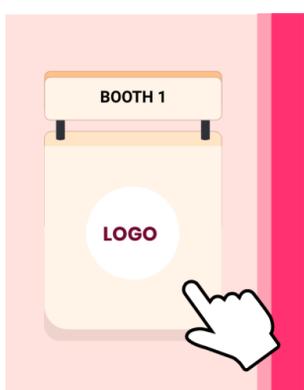

1 SENSE has made our **JUMP Virtual Career Fairs** available on both **FindJobs** and **Cari Kerja** apps, downloadable on Apple App Store and Google Play.

2 Launch the app and look for our ongoing **JUMP Virtual Career Fair(s)** to **find job vacancies across various sectors**.

3 Before anything else, don't forget to introduce yourself.

4 To apply for jobs, click on the logo of the participating employers/companies, select the interested job listed, and click on **APPLY NOW**. A 'tick sign' will be shown as a confirmation of your application.

Drop us a line at **6653 1203 (helpline)** or **9181 7469 (WhatsApp)** for further enquiries.
