

TOTAL DEFENCE STRATEGY CARD GAME

What did you learn?

- **Appreciate the complexity of the threats facing Singapore and the impact of everyday decisions.**
- **Recognise that simple yet concrete actions can help our family and friends be more prepared for crises.**

What did you learn?

The need to strengthen all pillars of Total Defence to overcome national crises

What did you learn?

The need to strengthen all pillars of Total Defence to overcome national crises

Why multiple pillars of *Defence* are required to overcome any one *Crisis*?

What did you learn?

Playing of *Community Support* cards to strengthen the pillars of Total Defence

How vital was it to play the Community Support cards?

What did you learn?

Playing of *Community Support* cards to strengthen the pillars of Total Defence

Community Support allows us to remain united and keep Singapore strong.

What did you learn?

Reacting to effects of
Event cards

How prepared
were you for
events that
occur?

What did you learn?

Reacting to effects of
Event cards

Did your strategies change
because of an *Event* card?

What did you learn?

Gameplay and strategy

If you were to play the game again, what are some things you would do differently?

Did you know?

In May 2018, a series of bombings targeting religious institutions and the police were carried out by three families in Surabaya, Indonesia.

What can we do?

Look at the *Defence* cards

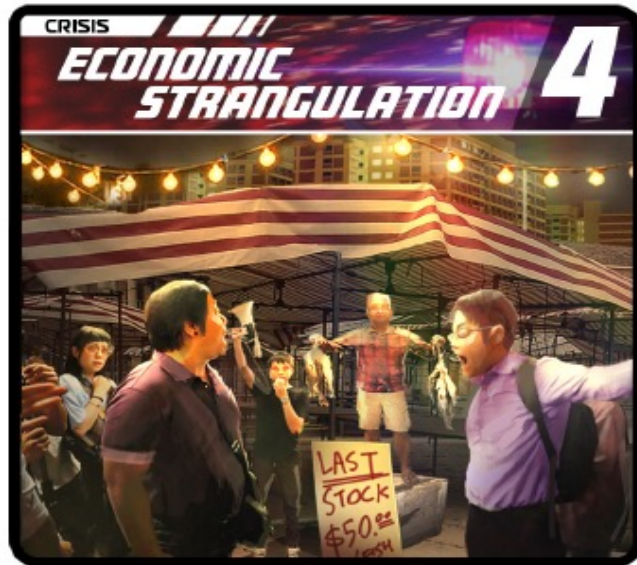

1. What can we do to **prepare** ourselves for an incident like this?
2. What are some ways in which we can **respond** when an incident like this happens?
3. How can we help our society **recover** from such an incident quickly?

What did you learn?

- Terrorism is a real and present danger. It is not a matter of “if” but “when” an attack will happen.
- We need to support our National Servicemen when they are called up for training or operations to keep us safe and secure.
- Each of us has a part to play in safeguarding our harmony and way of life.

Did you know?

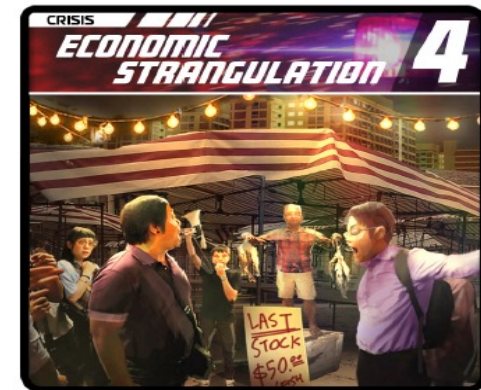

- In June 2017, 12 countries closed off Qatar's aviation routes and sea lanes.
- Qatari airplanes and ships were banned from entering her neighbouring countries, affecting Qatar's food supplies and economic trade.

What can we do?

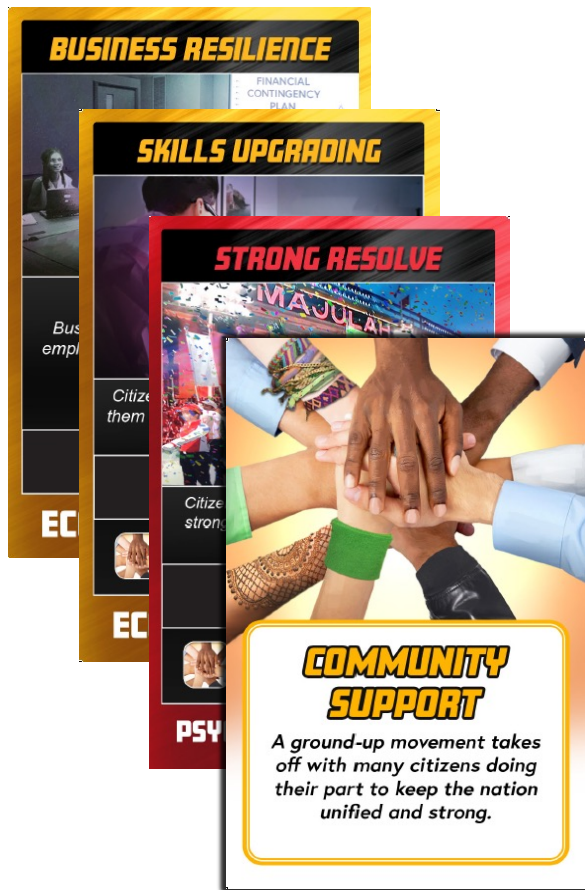

Look at the *Defence* cards

What can we do
to prepare ourselves
for an incident like this?

What did you learn?

- Businesses can develop contingency plans to ensure that we have good infrastructure, strong reserves and that our economy remains competitive.
- We can play our part by retraining, upgrading, keep up with new technologies and new ways of doing things.
- We cannot be complacent as situations like these can develop quickly and unexpectedly.

Did you know?

- In July 2018, hackers stole information from 1.5 million patients from the SingHealth database.

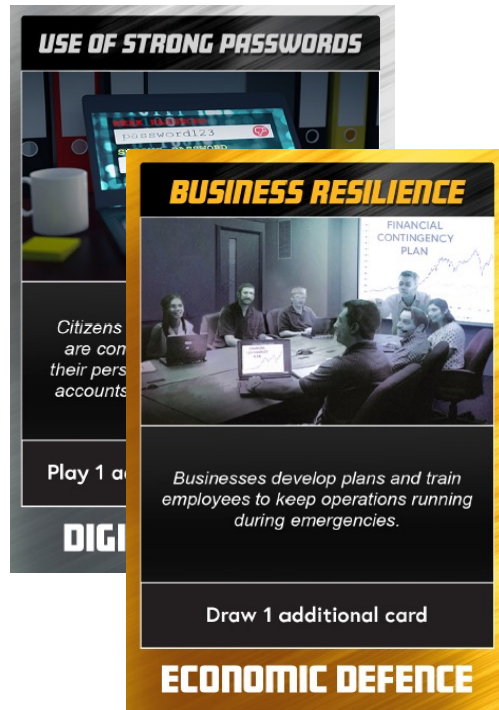

What can we do?

1. What can we do to **prepare** ourselves for an incident like this?

Look at the *Defence* cards

What did you learn?

- Cyber attacks (either state-sponsored or by individuals) on infrastructure can cause significant damage to our economy and daily lives.
- We can play our part by adopting good personal data protection and cyber security practices.

Did you know?

- In 2017, documents were leaked from the French presidential candidate. Among documents that were leaked were fake emails. It was later discovered that the source of the leak was by a foreign power trying to affect the democratic process.

What can we do?

Look at the *Defence* cards

1. What can we do to **prepare** ourselves for an incident like this?
2. What are some ways in which we can **respond** when an incident like this happens?
3. How can we help our society **recover** from such an incident quickly?

What did you learn?

- Do not believe everything you read online. Check your facts and think about the implications of your actions before sharing.
- We can play our part by not sharing messages that seek to incite hatred or discrimination against our fellow Singaporeans.

What did you learn?

**We're facing
increasingly
complex
threats.**

What did you learn?

Everyone
needs to play a
part, not just
our security
forces.

What did you learn?

There are
many things
we can do to
put Total
Defence into
action.
