Hide and Seek

In the deep sits a submarine
A lean mean fighting machine
Clothed in black and made of steel
Strong and silent with many skills

Never lingering on the surface
Others rarely see his face
To them he is a stranger
They call him the silent hunter

One of his skills is diving deep
He loves the game of hide-and-seek
It's hard to know where he will hide
When his playground spreads far and wide!

In waters that are dark and cold
Only the best can be so bold
When one can't see it's really tough
To play a game of blind man's buff

Along with him his trusty crew
United as one in what they do
Though they rarely see the light
They work hard with spirits bright

Brave and smart, they always keep their cool
There is nothing they cannot do
Every mission they take with pride
Always ready to show their might

The crew knows noise can give them away
Even hatches don't creak when they play
Sleek and silent as one they creep
Alert and sharp as the world sleeps

In the dark, it is hard to see
So the sub listens quietly
Everything makes a unique sound
With keen hearing he knows who's around

When the sub wants to seek a ship
He then begins a scouting trip
In the shadows he will sneak
To raise his periscope for a peek

Before someone confirms he is there
The sub will vanish into thin air
While ships and planes all seek him out
They never catch him lying about

Nothing will make the sub falter
For he is not one who cowers
He knows how to hide his sound
In deeper waters to not be found

The submarine carries such might
Into the game, that there's no fight
The moment the ships are found
In the crosshairs there is no way out!

When at last the game is done
The sub emerges under the sun
No one challenges his skill and might
Or doubts his will and spirit to fight

As he dives back into the deep
For his mission, a secret he keeps
His conviction we know to be
To protect Singapore, silently!

Reasons why our submarine is the best at Hide and Seek!

Like an Owl

Using darkness as a cover and sharp senses
Patiently he waits for unsuspecting prey

Like a Ninja

Quietly and stealthy
he goes unnoticed

Like a Fox

With tricks to confuse
and wits to outsmart
Nothing will faze the nimble sub!
