

YOUTH ACTION CHALLENGE

THE ISSUES YOU'RE FACING AND THE YOUTH WHO ARE SOLVING THEM.

The Youth Action Challenge (YAC) is a platform for youth to provide solutions that tackle the issues we are concerned about. Teams will receive grants of up to \$50,000 to realise these solutions.

THE FUTURE STARTS HERE

These issues matter, and our youth are taking action.

50 teams of 193 youths pitched their solutions and you have helped to turn their ideas into reality by commenting on how they can improve their ideas for a better future.

View the teams' project pages to view their problem statements, project descriptions and join the conversation.

[Registration for YAC Season 3 is now open. Join now!](#)

WEEKLY GIVEAWAY

Thank you for giving your thoughtful feedback to help provide solutions to the issues that the youths are tackling. The weekly giveaway has ended. We will be announcing the winners shortly via our social channels and email, do stay tuned.

THE CHALLENGE

Having good mental health and high quality of life are top concerns for youth. How can we address current gaps, to achieve a happier state of mind?

These are some areas we can take action in

Reducing Stigma

Enhancing Peer Support

Normalising Help-seeking Behaviour

Addressing Shortfall of Support Avenues

Addressing Mental Health Stressors Due to COVID-19

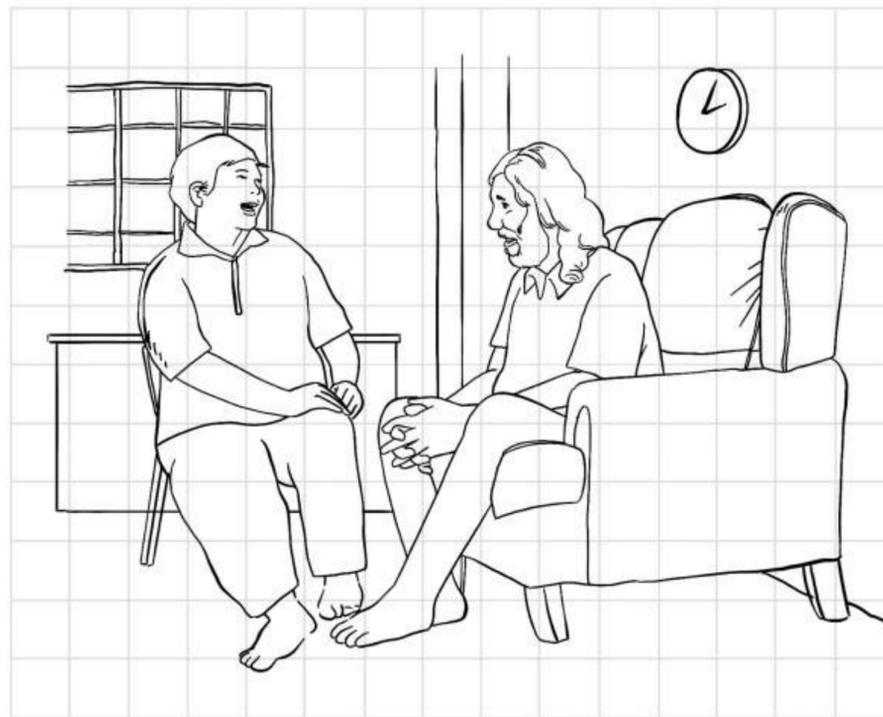

Learn more about what our youths are doing and support them below:

THE CHALLENGE

The COVID-19 pandemic has left us #shookth, and our vulnerable communities have undoubtedly been hit the hardest. How can we better support them in times of need?

These are some areas we can take action in

Helping Vulnerable Low-Income Families/Individuals Affected by COVID-19

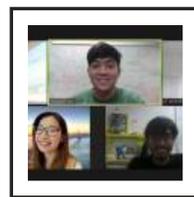

Support for Migrant Workers

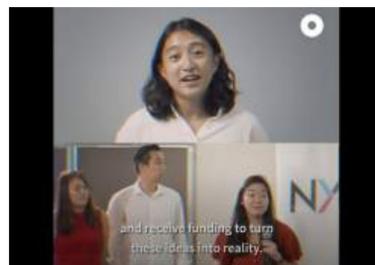

Appreciating Low Wage Workers

Learn more about what our youths are doing and support them below:

THE CHALLENGE

Change is inevitable. How can we better adapt to the evolving job market and economy, and ready ourselves for the future?

These are some areas we can take action in

Jobs and Career Guidance

(e.g. improving career prospects through upskilling and reskilling, guidance and mentorship)

The Future Workplace

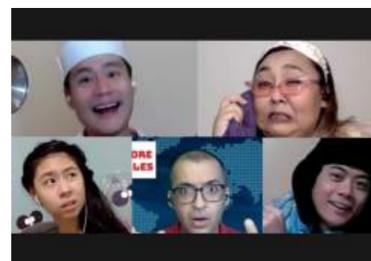

(e.g. digitalisation of workplaces to support working from home, family-friendly workplace practices)

Learn more about what our youths are doing and support them below:

THE CHALLENGE

Climate change is real. How can we come together to fight waste and promote hygienic practices to safeguard our public health? As a nation of food lovers, how can we game-change food security?

These are some areas we can take action in

Food Security

Zero Waste

(reduce waste, encourage use of reusables and recycling)

SG Clean

(foster good hygiene habits and a culture of keeping surroundings clean)
