

TRAIN THE TRAINER PROGRAMME

Design and Develop Training Curriculum

About This Course

This module is designed to provide participants with an overview in identifying training needs and designing in-house training programmes.

Who Should Attend

Supervisors, coaches, trainers who are tasked to design and develop courses.

Admission Guidelines

Course participants should:

- Be able to communicate with others effectively in English
- Be able to listen, speak, read and write English proficiently in a clear and confident manner
- Be keen to facilitate learning and assess adult learners through the design, reflection and continuous improvement of learning activities in an array of learning settings such as classroom, workplace and blended learning contexts.
- Possess appropriate level subject matter specialisation and industry experience, relevant for the design, facilitation and assessment of learning
- Possess basic information and communication technology (ICT) skills, eg skilled in Microsoft Word, Microsoft PowerPoint, etc
- Be able to source and analyse relevant materials from the workplace, library, internet or online databases for design and development of learning resources

What You'll Learn

- Identify in-company training needs
- Perform in-company job analysis
- Analyse target group and learners
- Perform task analysis
- Write learning objectives
- Develop learning materials
- Evaluate training programme

Assessment

- Assessment via in-course assignments (***Participants are required to sit for a 1 hour written test and submit all assignments (project work) on the last day of course.***)

Participants are to bring along a laptop for the preparation of course assignments.

TRAIN THE TRAINER PROGRAMME

Certification (e-Certificate)

Participants will be awarded with the module certificate based on the completion of the module and attaining a pass in assessment.
