Though I qualified for Secondary 5, I had doubts about my O-Level prospects. Encouraged by my parents to focus on my strengths, I explored my interest in IoT and engineering and chose ITE through the Direct-Entry Scheme to Polytechnic Programme (DPP) – a decision that changed my life.

My time at ITE was instrumental - it gave me the chance to challenge perspectives, grow alongside my peers, and discover my potential. Leading and being a voice for students who often go unheard means a great deal to me. I hope my journey inspires others to take charge of their story and be the light at the end of someone's tunnel.
