

The logo for the ITE Student Achievers' Awards 2025. It features a large, stylized letter 'A' in the center, composed of a red-to-blue gradient with a yellow swoosh underneath. To the right of the 'A' is the text 'ITE STUDENT ACHIEVERS' AWARDS 2025' in a bold, sans-serif font. The 'ITE' is in a red box, 'STUDENT' is in orange, 'ACHIEVERS' is in purple, and 'AWARDS 2025' is in blue. Three stars (two yellow, one red) are positioned below the 'A'.

Justin Lim Weide

Higher Nitec in Accounting
ITE College Central

Making Waves, Creating Impact

Justin has always had the desire to give back to the community and help the less fortunate. This led him to join ITE College Central's Rotaract Club, where he coordinated and participated in numerous community service initiatives.

Justin became the Club's President because of his strong leadership skills. He took charge of coordinating major events, such as the 2024 Asia Pacific Regional Rotaract Conference. Additionally, he organised overseas community service trips for his Rotaract Club members to Johor Bahru, where they visited an old folks' home and carried out a beach clean-up.

Beyond serving in the Rotaract Club, Justin was a member of ITE College Central's Gavel Club where he worked on improving his public speaking skills. He is also passionate about entrepreneurship and has started a business selling mobile phone cases, which received seed funding support from the ITE Student Enterprise Fund Scheme.

From the Heart

"If it were not for ITE, I would not have grown and developed in so many areas. I built my soft skills, learning to lead others and communicate more effectively. I also gained the courage and confidence to try new things, such as public speaking. There are many opportunities at ITE for students to grow, such as overseas community service and leadership trips that offer valuable exposure. I am also thankful to the lecturers who supported my journey at ITE and gave me many cherished memories. They encouraged me to join the Rotaract Club and helped me become the best version of myself."

Life after ITE

Justin is pursuing a Diploma in Accountancy at Ngee Ann Polytechnic. He plans to take a business- or accountancy-related degree after attaining his Diploma and aspires to be an entrepreneur.

Top Achievements

- In both 2023 and 2024, Justin emerged as the champion of an annual World Speech Day competition organised by the Rotary Club district covering Singapore, Brunei, and Malaysia.
- He was one of five ITE College Central students selected to represent Singapore in the 2023 Southeast Asia Youth Leadership Programme in the United States, a three-week exchange programme that brought together youth leaders from Southeast Asia.
- By organising a carnival selling food and key chains, Justin led his Rotaract Club members to raise about \$2,000 for a Children's Day event that they organised with the Central Singapore Community Development Council.
- For his outstanding service contributions, he received the ITE Service Star Diamond Award in 2023 and 2024.
