

STANDARD OJT LIST OF COMPETENCIES

Course Title: Work-Study Diploma in Cyber Security & Forensics

S/N	Standard OJT List of Competencies	Company to indicate 'Y' it is able to provide
1.	Manage cybersecurity / AI risk awareness education	
2.	Facilitate stakeholder management on cybersecurity / AI governance	
3.	Perform gap analysis to address information security gaps	
4.	Implement basic network infrastructure	
5.	Configure network	
6.	Provide network maintenance	
7.	Manage operating systems	
8.	Manage server security	
9.	Manage virtualisation security infrastructure	
10.	Manage threat detection	
11.	Automate threat detection	
12.	Prepare threat detection report	
13.	Prepare for incident handling	
14.	Perform incident response	
15.	Implement Incident recovery	
16.	Manage wired network security infrastructure	
17.	Manage wireless network security infrastructure	
18.	Manage IT security infrastructure	
19.	Support digital workspace security provisioning	
20.	Maintain digital workspace security compliance	
21.	Promote end user cybersecurity hygiene	
22.	Assist in planning impact analysis investigation	
23.	Assist in collecting digital data from relevant systems	
24.	Assist in documenting digital evidence and findings
