

## Higher Nitec in Bio-Chemical Technology

HF3BC

Higher Nitec in Bio-Chemical Technology

3 month IA Duration

LS43007FPE

1. Maintain Good Lab Practice (GLP)
2. Maintain inventory, lab records and/or standards
3. Calibrate instruments
4. Perform sample receipt or sample processing
5. Perform sample testing
6. Perform basic (chemistry/microbiology) laboratory techniques
7. Data entry
8. Perform cleaning and housekeeping in work area

HF3BC, HF2BC, HFXBC

Higher Nitec in Bio-Chemical Technology

6 month IA Duration

LS53005FPE|LS53006FPE

1. Maintain health, safety and environmental regulations in work area
2. Maintain Good Lab Practice (GLP) / Quality Control and Assurance Practices (QCA)
3. Maintain inventory, lab records and/or standards
4. Calibrate / maintain analytical instruments
5. Perform sample receipt and sample processing
6. Prepare solutions
7. Perform sample testing

8. Perform basic microbiological techniques
9. Data entry / Analyse results
10. Report test data
11. Perform cleaning and housekeeping in work area
12. Perform proper waste management
