

Submitting and Retrieving ATIGA e-Form D via the ASEAN Single Window (ASW) in International Connectivity Service (ICS)

Last Revised: Dec 2025

Guidelines on the Submission and Retrieval of ATIGA e-Form D to and from an ASEAN Member State (AMS) via the ASEAN Single Window Gateway in International Connectivity Service (ICS)

Please take note of the following before proceeding.

- The TradeNet Frontend screenshots shown in this document are for reference only as they are extracted from the Government TradeNet Frontend Application which may differ from the solutions provided by commercial TradeNet Frontend Solution Providers. In the event you are unable to locate or provide the required information in a specific declaration field, please liaise directly with your Frontend Solution Provider.
- The ICS screenshots shown in this document are for reference only as they are extracted from the pre-release environment and may deviate from that in post-release/production environment.
- The exporter and their authorised declaring agents **must have a Networked Trade Platform (NTP) account** for the electronic submission and retrieval of ATIGA e-Form D. For more information on how to register for an NTP account, please refer to www.ntp.gov.sg > Support > Register an NTP Account.
- You are advised to comply with the guidelines provided.
- Singapore Customs shall not be held liable for any mismatch of information between the hard copy print out of the ATIGA e-Form D and the ATIGA e-Form D stored in the System due to any non-compliance or non-action on the part of the entities concerned.

1. Live Operation of the ASEAN Single Window (ASW)

Under the live operation of the ASW, participating companies of the ASW have the option to electronically transmit via the ASW Gateway, any of their Form Ds intended for an exchange-ready AMS. It is the common goal of all ASEAN Member States to cease the printing of hard copy Form D and for businesses to move towards full transmission of ATIGA e-Form D in ASW. The transmitted Form D, referred to as ATIGA e-Form D, will be recognised by the importing customs authority for preferential tariff treatment. Only in the event when the ASW is down due to technical glitches will hard copy Form D be printed and made available for collection at the usual Preferential Certificate of Origin Printing Centres.

With effect from 1 Jan 2024, all AMS has implemented full transmission of ATIGA e-Form D. As such, the importing customs administration in AMS may reject hardcopy Form D presented for preferential tariff claims.

You must apply for ATIGA e-Form if you are exporting to:

- Brunei Darussalam
- Cambodia
- Indonesia
- Laos
- Malaysia
- Myanmar
- The Philippines

- Thailand
- Viet Nam

As a participating company, you can select in NTP the specific ATIGA e-Form D you would like to transmit electronically to a participating AMS. You are required to ensure that the ATIGA e-Form D you wish to transmit electronically to the importing AMS contains the necessary information.

2. Registering to be a Participating Company

The exporter is to log in to NTP at www.ntp.gov.sg and access the Exporter-DA Form by clicking on "Government Services" to search and complete the "Choose your International Connectivity Services & Authorise your Declaring Agent" form.

After having obtained the permission of your declaring agent(s), the exporter may add the UEN(s) of the declaring agent(s) whom you had authorised to transmit ATIGA e-Form D via the ASW to the importing country Customs authorities on your company's behalf. **Do note that the declaring agent transmitting the ATIGA e-Form D must be the one that had declared the specific Form D in TradeNet.**

After submitting the form, the details will be auto registered in the system.

3. Form D Application via TradeNet Frontend

Please minimally provide the following information under the "Certificate Item Description" field when you submit your Form D application via your TradeNet Frontend Solution:

- For all Form D applications
 - Product description
 - Name of manufacturer
 - Trademark, if any
 - HS code of importing country
 - Package type aka type of packages (code)*
 - Number of packages
 - Package material (code)*

(* - the code is to be in accordance with [UN/ECE Recommendation No. 21](#))

b. For Form D applications where the invoice(s) specified on the Form D is(are) issued by a company in a third country

- Name of company issuing the third country invoice
- Country of company issuing the third country invoice

Additionally, please ensure that all Form D-relevant fields, including “*Transport identifier*”, “*Conveyance Reference Number*”, “*Marks and Numbers*” and “*Invoice Number*” are duly provided in your Form D application. The “*Conveyance Reference Number*” shall be specified in your application, regardless of the transport mode.

4. Adjustments required for updating the Approved Form D in ICS before Electronic Transmission

You must access ICS and make adjustments to the approved Form D before submitting it for electronic transmission. These adjustments are necessary as the additional information provided are helpful to the customs authorities in the importing AMS to verify the physical goods with the ATIGA e-Form D in a timely manner and shorten the goods’ time-to-market, potentially through faster Customs clearance.

This is how you should carry out the aforementioned steps. Log in to www.ntp.gov.sg and select Government Services > ATIGA e-Form D. You will be directed to the outbound page “ATIGA Form D (SG to AMS)” page. Please do a search for the approved Form D that you would like to transmit electronically. Before submitting the Form D for electronic submission, please update it with the required inputs via the steps outlined in [Annex A](#).

5. Amendments and Cancellations

No amendments can be made once the ATIGA e-Form D is transmitted. Any amendments to the details on an electronic Form D shall be made by applying for a new Form D via TradeNet®.

If the Form D was applied in a single TradeNet declaration with the export permit and the details to be amended is under an amendable field, you may amend it online via TradeNet

Frontend and a new Form D will be issued. You may then transmit the new Form D electronically by following the steps outlined in [Annex A](#).

Otherwise, or if the Form D was applied as a standalone TradeNet declaration (e.g. as a “pure CO”), please submit a new standalone TradeNet declaration with the amendments indicated.

In either case, previous Form D replaced by the new Form D is to be cancelled by filling in the [FormSG](#).

Should you wish to cancel an electronic Form D that has been successfully transmitted to the importing country, similar cancellation procedures apply by the submission of the [FormSG](#).

Please submit the request for cancellation **within 7 days** of the transmission of the new electronic Form D to the importing details so that we may communicate the cancellation to the authorities of the importing country in a timely fashion to prevent any delays in the importing country.

6. Retrieving Form D sent from AMS to Singapore in ICS

You can retrieve the ATIGA e-Form D sent from another AMS to you via ICS. Log in to www.ntp.gov.sg and select Government Services > ATIGA e-Form D. Click on “Inbound Enquiry” > “ATIGA Form D (AMS to SG) and fill in all the fields to do a search for the ATIGA e-Form D received. The steps are outlined in [Annex B](#).
