Circular No: 02/2025

14 Apr 2025
(Updated 7 Jul 2026)

Manufacturers, Traders and Declaring Agents

Dear Sir/Madam

CLAIMING OF PREFERENTIAL TARIFF BENEFITS FOR GOODS EXPORTED FROM SINGAPORE TO PARTIES UNDER THE SECOND PROTOCOL OF THE ASEAN-AUSTRALIA-NEW ZEALAND FREE TRADE AREA (AANZFTA) AGREEMENT

The AANZFTA is a Free Trade Agreement (FTA) between the 10 ASEAN Member States¹, Australia, and New Zealand. In 2023, an FTA review was done and an upgraded AANZFTA (i.e. a Second Protocol) was agreed amongst the FTA partners. The Second Protocol of the AANZFTA provides improved market access in terms of preferential tariff treatment for exports of AANZFTA originating goods to a Party in the AANZFTA as well as for imports of AANZFTA originating goods into Singapore.

2. The Second Protocol of the AANZFTA will take effect on **21 Apr 2025** for Parties that have completed their ratification processes, including Singapore. From 21 Apr 2025, AANZFTA will operate under both the First Protocol and the Second Protocol concurrently, until all AANZFTA parties have ratified and implemented the Second Protocol, at which point it will fully replace the First Protocol as the governing framework for the agreement. The period where both the First Protocol and the Second Protocol are in force will be called the transitional period. For more details on the transitional period, please refer to the Transitional Guidelines that can be found under Resources of the Enterprise Singapore's website at this [link](#)². With effect from 21 Apr 2025, the respective AANZFTA countries would be implementing the following protocols:

¹ Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia, Myanmar, Philippines, Singapore, Thailand and Viet Nam

² Only available from 21 Apr 2025

Parties implementing the First Protocol	Parties implementing the Second Protocol
<ul style="list-style-type: none"> • Indonesia • Philippines 	<ul style="list-style-type: none"> • Australia • Brunei Darussalam • Lao PDR • Malaysia • New Zealand • Singapore • Thailand (22 Aug 2025) • Viet Nam (1 Oct 2025) • Myanmar (12 Oct 2025) • Cambodia (20 Feb 2026)

3. This circular outlines the method by which companies in Singapore seeking to export their products to a Party in the AANZFTA can benefit from preferential tariff treatment. The key to this is understanding the conditions under which the goods would qualify for such preferential treatment, which includes the Rules of Origin requirements and operational procedures for exports of Singapore-originating goods claiming preferential tariff treatment in the Party in AANZFTA, set out in Chapter 3: Rules of Origin of the Agreement. While this circular sets out the salient points, companies are encouraged to read the full text of Chapter 3 Rules of Origin which can be found at Enterprise Singapore’s website at this [link](#)³.

AANZFTA Rules Of Origin

4. Your goods may qualify as an originating good if they fulfil the following origin requirements:

Rules of Origin under the AANZFTA	
Goods Wholly Produced or Obtained	Goods Wholly Obtained and Produced In a Party as specified in Article 3 of Chapter 3 of the AANZFTA
Goods Not Wholly Produced or Obtained	Goods shall qualify as an originating good of a Party if it satisfies all requirements of Article 4 of Chapter 3 of the AANZFTA.

³ Only available from 21 Apr 2025

Rules Of Origin for Manufactured Products

5. For goods produced in a Party using non-originating materials, they will be considered Singapore-originating if they:
- I. Have undergone substantial manufacturing in Singapore beyond minimal operations;
 - II. Have Singapore as the last place of manufacture;
 - III. Meet the Product Specific Rules (PSR) as specified in Annex 3B of the ASEAN-Australia-New Zealand Free Trade Agreement (AANZFTA). For goods not listed in the PSR in Annex 3B of the Agreement, the following general rules must be met to qualify as Singapore-originating:
 - (a) The product meets a regional value content of 40%; or
 - (b) A Change in Tariff Classification (CTC) between non-originating materials and the end good must have occurred in Singapore. The CTC is based on the Harmonised System (HS) of Classification and requires the good to have a different 2-digit HS Chapter (CC), 4-digit HS Heading (CTH), or 6-digit HS subheading (CTSH) from the non-originating materials used in its production.

Cumulation

6. The AANZFTA Parties are treated as a single production area. Goods and materials originating from a Party, when used in the production of another good or material, can be considered as originating in the Party where the processing of the finished good took place. An AANZFTA Proof of Origin is required to demonstrate that the good or material is originating.

7. Furthermore, any production processes or value addition performed on non-originating materials in any Participating Party will contribute to the originating status of the final product. This means that when non-originating materials undergo processing in any Participating Party before being used in another Participating Party's production, all such processing will be counted towards meeting the origin criteria of the final product. For more details, please refer to the Cumulation Guidebook that can be found at Enterprise Singapore's website at this [link](#)⁴.

⁴ Only available from 21 Apr 2025

Documentation Procedures

8. Singapore exporters may claim preferential tariff treatment under the Second Protocol of the AANZFTA agreement by using one of the following Proof of Origin:

Proof of Origin	Effective Date
Form AANZ or Back-to-Back Form AANZ issued by <u>Singapore Customs</u>	21 Apr 2025
Declaration of Origin or Back-to-Back Declaration of Origin issued by <u>Approved Exporters</u> ⁵ authorised by Singapore Customs	21 Apr 2025
Declaration of Origin or Back-to-Back Declaration of Origin issued by an <u>exporter or producer</u>	Singapore will implement this at a later stage ⁶

⁵ An Approved Exporter is a manufacturer or trader who has the capacity to comply with the origin requirements to self-certify and issue origin declarations for authorised goods. Please refer to para 12 for the application procedures to be an Approved Exporter.

⁶ Singapore Customs only accepts Form AANZ and Declaration of Origin issued by Authorised Exporters with effect from 21 Apr 2025, and a Declaration of Origin issued by an exporter or producer at a later date.

Application Procedures in TradeNet for Form AANZ and Back-to-Back Form AANZ issued by Singapore Customs (You may skip this section if you are applying to be an Approved Exporter)

Form AANZ

9. For exporters who wish to apply for a Form AANZ with Singapore Customs for Singapore-originating goods, the current preferential Certificate of Origin application procedures will apply. Manufacturers are required to be registered with Singapore Customs, submit a Manufacturing Cost Statement (MCS) under AANZFTA, and upon receiving a notice of verification of the MCS by Singapore Customs, apply for a Form AANZ via the TradeNet. For more details, please refer to the Customs Website on [How to apply for Ordinary Certificate of origin \(OCO\) or Preferential Certificate of Origin \(PCO\)](#).

10. During the application via TradeNet, you must select Certificate Type “29” for Singapore-originating goods. For more details, please refer to [Application Procedures for a Certificate of Origin via TradeNet and Related Administrative Matters](#).

Back-to-Back Form AANZ

11. For all applications for a Back-to-Back Form AANZ, you will need to select Certificate Type “30” in the TradeNet since you are re-exporting AANZFTA origin goods to another AANZFTA country. The usual documentary requirements for back-to-back CO applications will apply. For more information, please refer to [How to apply for a Back to Back Preferential Certificate of Origin](#).

Application Procedures for Approved Exporters

12. In cases where exporters wish to be an Approved Exporter under AANZFTA, the exporter is required to make an application to be an Approved Exporter via the Singapore Customs FormSG⁷ website. For companies that have already been authorised as a Certified Exporter under the ASEAN Wide Self-Certification (AWSC) under ASEAN Trade in Goods Agreement (ATIGA), your company will automatically qualify and be accorded the Approved Exporter authorisation under AANZFTA. If you wish to opt-out, please inform us by writing to customs_roo@customs.gov.sg.

13. Once your company has been authorised as an Approved Exporter under AANZFTA, your company can proceed to issue Declarations of Origin on the invoice or other shipping documents. Please note that the Minimum Data Requirements prescribed in Annex 3A.2 of the AANZFTA (**Annex A**) should be included in the Declaration of Origin.

⁷ With effect from 21 Apr 2025

14. For Approved Exporters making a Declaration of Origin, in the corresponding TradeNet declaration for your export permit, you should ensure that “PRI” is selected under the “Preferential Indicator” field. It is mandatory to select “PRI” if the importer intends to claim preferential tariff treatment under FTAs with self-certification regimes. This is an indication that the importer intends to claim preferential tariff treatment when the goods are imported into any of the Party to AANZFTA. Please check with your TradeNet software vendor if you are unable to locate the “Preferential Indicator” field.

15. Approved Exporters will be required to comply with the Rules of Origin of the AANZFTA. These include, but are not limited to, ensuring that the Rules of Origin have been met prior to issuing the Declaration of Origin, ensuring proper record keeping of all documents relating to the Declaration of Origin made, and cooperating with checks and verification requests by Importing Authorities of the AANZFTA Parties. Please share the contents of this circular with other colleagues in your organisation (especially the trade compliance team within your organisation) and business partners, where applicable.

FREQUENTLY ASKED QUESTIONS

Q1: What are the differences in the hardcopy Certificate of Origin (Form AANZ) for the First Protocol and Second Protocol?

A1: There are minor editorial amendments to the hardcopy Certificate of Origin (Form AANZ) and the Overleaf Notes for the Second Protocol Form AANZ. However, the process of applying for a Certificate of Origin (Form AANZ) remains the same. From 21 Apr 2025 onwards, we will issue the hardcopy Certificate of Origin (Form AANZ) based on the country the goods are exported to and the respective Protocols that they are implementing.

Q2: Will the validity date of my Certificate of Origin (Form AANZ) be affected for those parties in Second Protocol?

A2: No. While the Certificate of Origin in the First Protocol Form AANZ format will cease for Parties who are implementing the Second Protocol from 21 April 2025 onwards, the validity of the Certificate of Origin in the First Protocol format will continue to be accepted by customs authorities within its validity period of one year from the date of its issuance, in accordance with Rule 1 of the AANZFTA OCP.

Q3: What is the record keeping requirement for documents relating to my exports to a Party in AANZFTA under the AANZFTA?

A3: You are required to keep the relevant documents (which include, but are not limited to, a copy of the Proof of Origin, shipping documents such as the commercial invoice, and production records) for a period of at least 3 years from the date which the Proof of Origin was issued.
