

In addition to HIV testing in hospitals, other testing options are available in Singapore:

Rapid Testing Services

Testing is done using a small blood sample from your finger or a swab of saliva, with results ready within 20 minutes. Personal information may be required.

→ [Click here to view rapid-testing sites](#)

Anonymous Testing Services

Look out for the icon. These clinics offer anonymous HIV testing, and no personal information is required.

→ [Click here to view anonymous-testing sites](#)

HIV Self-Testing Kits

HIV self-testing kits are available in various licensed retail pharmacies, **certain** Public Healthcare Institution pharmacies, Action for AIDS (AfA) and their mobile testing sites (refer to their [website](#) for the latest locations)
