

SG ECO FUND PROJECTS AWARDED

Note: Some projects are no longer in progress. They may have been completed, withdrawn or terminated.

AWARDED PROJECTS FOR SG ECO FUND 6TH GRANT CALL

As of July 2025		
S/N	Recipient/Organisation	Project Title and Summary
357.	Ashua Imran	<p><u>Sustainability Toolkit for Mural Artists</u></p> <ul style="list-style-type: none"> • Develop a digital sustainability toolkit for artists to reduce the environmental impact of large-scale art production. • Conduct workshops to introduce the digital toolkit's core content, offering insights into eco-conscious artmaking, material optimisation, and sustainable creative careers.
358.	At The Ocean Pte Ltd	<p><u>The Green Wardrobe Campaign</u></p> <ul style="list-style-type: none"> • Organise a seminar on building a sustainable capsule wardrobe and educate participants about the impact of overconsumption and textile waste. • Organise an exhibition to educate the public about the fashion industry's impact and solutions for adopting more eco-friendly practices.
359.	Bettr Barista Pte Ltd	<p><u>Bettr's Coffee Comes Full Circle</u></p> <ul style="list-style-type: none"> • Educate the public on recycling waste such as coffee grounds, used cardboard and vegetable waste into compost. • Conduct horticulture workshops to educate participants in turning waste into quality compost.
360.	Big Bang Seabreeze Pte Ltd (Ola Beach Club)	<p><u>Go Green with OLA</u></p> <ul style="list-style-type: none"> • Conduct sustainability-themed workshops at Sentosa to educate the public on sustainable practices and habits. • The workshop activities include hydroponics and harvesting; eco paddle coastal waters cleanup; clothes transformation/upcycling used textiles; microgreen planting; and upcycled soap making.

361.	Bizlink Centre Singapore Ltd	<p><u>Bloomers – Growing Green, Growing Opportunities</u></p> <ul style="list-style-type: none"> • Implement a hydroponics training programme for Persons with Disabilities (PWDs) and those recovering from mental health conditions. • Set up an adaptive training garden at Bizlink premises and a vocational hydroponics hub at another premise to provide more advanced training to PWDs.
362.	Blue Lion Preschool	<p><u>The Generous Garden: What Grows Around Me?</u></p> <ul style="list-style-type: none"> • Create a storybook to educate pre-school children on the interconnectedness between humans and the local natural environment.
363.	Bukit Timah Saddle Club	<p><u>Singapore Countryside Experience</u></p> <ul style="list-style-type: none"> • Organise a 2-day carnival at Bukit Timah Saddle Club featuring sustainability related games and activities and a Farmer’s Market run by Kranji Countryside Association.
364.	Caregiving Welfare Association	<p><u>EcoACTivate for Seniors and their Caregivers</u></p> <ul style="list-style-type: none"> • Conduct a series of workshops and events to educate seniors and the public on waste upcycling and sustainability. • Organise a Caregiving Festival which includes coffee scrub-making workshops, upcycled fashion workshops and sustainability booths with hands-on activities.
365.	Chan Sue Yee Abery	<p><u>Make Wayve: Community Upcycling Workshops</u></p> <ul style="list-style-type: none"> • Collect and upcycle neoprene wetsuits into usable products. Wetsuits that are still in good condition will be sorted for reuse for second-hand retail or swap events. • Set up neoprene donation bins at community spaces to collect pre-loved neoprene wetsuits.
366.	Chia Ann Yao Eugene; Raphael Chew Ann Kim; Quah Han Rong Glenn; Ho Wei Hao	<p><u>Ecovolt</u></p> <ul style="list-style-type: none"> • Collaborate with schools to track, analyse and reduce “vampire energy” consumption using a smart plug monitoring system. • Showcase results and educational information at schools.

367.	Chua Hao Jun; Vivian Lim Li Min; Chong Zheng Jie; Pang Min Wei Clyce; Chet Wee; Mitsubishi Momoe Jocelin	<u>Humble Farm</u> <ul style="list-style-type: none"> • Educate children and young families on growing their own herb garden in glass tanks. • Conduct a series of workshops combining urban gardening education with hands-on herb planting activities.
368.	Crown Pacific Beverage Pte Ltd	<u>Plastic Recycling Learning Journey</u> <ul style="list-style-type: none"> • Conduct learning journeys and upcycling workshops for schools and active ageing centres on the topic of plastic recycling.
369.	Ding Yi Music Company	<u>ECONcert 2025</u> <ul style="list-style-type: none"> • Organise a concert featuring instruments repurposed from plastic waste and set design made from collected recyclables to raise awareness about Singapore's secondary forests. • Conduct a post-show arts chat after the concert to encourage the audience to reflect on their relationship with the environment and consider more sustainable practices in their daily lives.
370.	EB Impact	<u>The Sustainability Youth Festival</u> <ul style="list-style-type: none"> • Organise The Sustainability Youth Festival (TSYF) to raise awareness of environmental sustainability issues for youths ranging from primary, secondary and tertiary schools.
371.	Ecoworks Pte Ltd	<u>EcoFill: Community Refill Stations for Sustainable Living</u> <ul style="list-style-type: none"> • Set up community detergent refill stations at community locations to educate the public on reducing single use plastic waste from detergent bottles. • Conduct community education workshops and distribute starter education kits to encourage refill adoption at home.
372.	EL Development (Ventures) Pte Ltd (Pullman Singapore Hill Street)	<u>Vegetray for Pullman Hillstreet Singapore!</u> <ul style="list-style-type: none"> • Develop an on-site hydroponic farm on wheels in partnership with Corridor Farmers. • Organise learning journeys for community groups to learn about urban farming techniques, and innovative approaches to food waste management and sustainability.

373.	Fullerton Fund Management	<p><u>Community Farm by Fullerton Fund Management @ Temasek Shophouse</u></p> <ul style="list-style-type: none"> • Partner with Temasek Shophouse to set up an edible garden showcasing planter boxes of herbs and edible plants. • Planters will feature augmented reality experiences, allowing visitors to engage deeper with the plants and herbs' history, uses and ecological significance.
374.	Gain City Best-Electric Pte Ltd	<p><u>Fossil to Future</u></p> <ul style="list-style-type: none"> • Educate the public on recycling textile waste and reducing energy usage. • Host an educational showcase of artwork upcycled using old staff uniforms, upcycling workshops and provide information about eco-friendly appliances.
375.	GiveAsia Pte Ltd	<p><u>A Nation Ready to Grow</u></p> <ul style="list-style-type: none"> • Launch an online platform to create volunteer-friendly community farm hubs, making it easier for them to find and engage in farming opportunities. • Onboard volunteers to community farms and share produce with community fridges.
376.	Hillgrove Secondary School	<p><u>The Hillgrove Haven: Sustainable Urban Farming meets Eco-wellness</u></p> <ul style="list-style-type: none"> • Build a modular rooftop hydroponic tower using a smart water recycling and rain harvesting system. • Build a community Eco-Lab that includes an intergenerational farming programme and an Eco-Maker Space for workshops on upcycling waste, composting and conservation projects.
377.	Holy Innocents' High School	<p><u>HIHS Aquaponics</u></p> <ul style="list-style-type: none"> • Expand the current set-up of hydroponics plants to better support hands-on learning for students. • The produce will be used as part of the healthy ecosystem lesson plan.
378.	HP Singapore (Private) Limited	<p><u>HP Trees for Tomorrow - Grow with HP, Grow a Greener Future</u></p> <ul style="list-style-type: none"> • Work with City Sprouts to implement a tree planting programme at West Coast Park. • Organise tree planting sessions and educational talks for the community.

379.	International Community School (Singapore) Ltd	<p><u>Food Waste as Resource</u></p> <ul style="list-style-type: none"> • Install an aerobic composter in the student garden to replace the current vermicompost system. • Train Science Club students to use the composter and convert canteen food waste into compost for use in the garden.
380.	Just Truly Yours Pte Ltd	<p><u>Towards a Cleaner Singapore: Eco Wellness for Every Household</u></p> <ul style="list-style-type: none"> • Organise pop-up workshops focusing on eco-wellness and upcycling to promote sustainability practices. • Teach participants to create sustainable eco-wellness products such as plant-based soap bars and coffee ground body scrubs.
381.	Keat Hong Zone 9 Residents' Network	<p><u>Keat Hong Family Day Out</u></p> <ul style="list-style-type: none"> • Organise a sustainability-themed community event at Keat Hong Plaza that engages the public on adopting sustainable habits. • Engage participants on green commuting and feature electric vehicles which will power the event. • Conduct workshops and cooking demonstrations using locally grown seafood and vegetables.
382.	Kinderland International Education Pte Ltd	<p><u>Recycle Art Mural</u></p> <ul style="list-style-type: none"> • Conduct a used toy collection drive across schools and donate the used toys that are still in good condition to other organisations. • Create an art mural using parts from the toys that are broken or not in suitable condition.
383.	Kinderland International Education Pte Ltd	<p><u>ReVogue</u></p> <ul style="list-style-type: none"> • Engage seniors to sew usable items using waste fabrics and foster intergenerational bonding by engaging children to assist elderly participants. • Raise awareness about textile waste and educate participants on sustainable ways to repurpose unwanted fabrics.
384.	Lee Mun Leong Josef	<p><u>The House of Mini Picture Books – ECO Edition</u></p> <ul style="list-style-type: none"> • Educate students and the public about environmental topics by creating eco-themed mini picture books for public access and organize storytelling sessions at libraries

385.	Liew Jong Yee	<u>Plastic to Play</u> <ul style="list-style-type: none"> Educate preschool students and teachers on transforming plastic waste into creative play structures and toys. Organise community collection drives with preschools for clean used plastics.
386.	Low Zong Hin, Bryant	<u>Creation Care @ BBTC Interest Group: Train-the-Trainer for Preschool & Youth Creation Care Education</u> <ul style="list-style-type: none"> Train Bethesda (Bedok-Tampines) Church's Creation Care Interest Group members to engage with Bethesda (Bedok-Tampines) Kindergarten and Beth Care Services on environmental education through sustainability workshops and mentorship. Create a mural wall display to showcase the upcycled items crafted by preschoolers and youths.
387.	Mandai Wildlife Reserve	<u>Farmers Market at Mandai</u> <ul style="list-style-type: none"> Conduct a one-day farmers' market for the public at Mandai Wildlife West in collaboration with Kranji Countryside Association. Conduct educational talks on microgreens farming, local egg farming, food waste recycling and mushroom growing.
388.	Maple Bear Academy Pte Ltd	<u>Our Learning Garden</u> <ul style="list-style-type: none"> Set up an outdoor learning garden in the preschool compound to engage children and the community on urban farming. Conduct workshops, learning journeys and quarterly harvest days for families and residents.
389.	MapleBear Early Development Pte Ltd	<u>Green Fingers!</u> <ul style="list-style-type: none"> Set up an indoor hydroponics system and outdoor planters to grow vegetables and conduct workshops on urban farming for preschool children and families. Engage the wider tenant community through workshops on growing edible produce at the garden.
390.	Marine Parade Community Space Ltd	<u>Sustainability Corner @ MPCCH</u> <ul style="list-style-type: none"> Set up a sustainability corner at the upcoming Marine Parade Community Care Hub featuring educational displays, videos, and recycling bins. Create a sustainability-themed wall and feature educational videos that will highlight sustainability initiatives in Marine Parade.

391.	Metta Welfare Association	<u>Community Recycle / Repurpose Workshops</u> <ul style="list-style-type: none"> • Conduct a series of workshops on making enzyme cleaners from orange peels and herb planters from waste containers. • Engage residents and students from neighbouring schools in the workshops, which will be facilitated by clients of Metta Welfare Association.
392.	Metta Welfare Association	<u>Team AIM</u> <ul style="list-style-type: none"> • Conduct terrarium upcycling to educate participants about repurposing single-use glass containers to grow plants. • Train staff in skills to build and manage terrariums, and engage clients with intellectual disability, caregivers, volunteers and corporate partners.
393.	Milan Nathani	<u>SG ClimateHub</u> <ul style="list-style-type: none"> • Educate youths on climate change through developing a one-stop digital platform and organising engagement sessions.
394.	MOVE&JOY Pte Ltd	<u>Car Free Game</u> <ul style="list-style-type: none"> • Encourage green commutes using the Move&Joy app and organise a month-long challenge with pop-up events, culminating in a final challenge event. • Organise community events at high traffic areas to encourage green commutes and participation in the challenge.
395.	Muneez Ibrahim Mazeen	<u>Reconnect with Nature</u> <ul style="list-style-type: none"> • Conduct train-the-trainer sessions for student trainers focusing on sustainable activities such as plastic recycling, textile upcycling, and urban farming. • Students will go on to lead outreach workshops, engaging both Institute of Mental Health residents and their school community, and create mural displays using upcycled materials.
396.	Naval Base Primary School	<u>MK@NB Edible Garden</u> <ul style="list-style-type: none"> • Set up an edible garden with raised planter beds in the kindergarten. • Engage children in planting and harvesting and conduct edible garden education programme, including messaging on food resilience.

397.	NUI Dublin Pte Ltd (University College Dublin Singapore)	<u>Green Paper, Green Future: Recycling Paper Waste into Seeding Paper</u> <ul style="list-style-type: none"> • Educate students, corporates and the public on recycling paper waste into seed paper. • Organise recycling drives through deploying customised paper recycling bins at the school lounge.
398.	Ocean Purpose Project Pte Ltd	<u>OPP Purpose Pavilion</u> <ul style="list-style-type: none"> • Set up an off-grid modular pavilion space at Pasir Ris beach using repurposed materials from hospitality events, which will be powered by solar panels and equipped with a rainwater collection system. • Conduct workshops, training and other community-based activities at the pavilion space.
399.	Orange Room Pte Ltd	<u>The Great Ocean Dash</u> <ul style="list-style-type: none"> • Conduct beach/ocean cleanup sessions. • Create an art installation from collected waste to raise awareness about marine pollution and upcycling.
400.	Pasarfish Pte Ltd	<u>From Tide to Table</u> <ul style="list-style-type: none"> • Conduct culinary and heritage workshops to educate and influence consumer behaviour on sustainable seafood consumption. • Conduct wet market walks, aquaculture farm tours, dining experience, culinary experience, art workshops and learning journeys for the public.
401.	Pasarfish Pte Ltd	<u>Know Your Fish</u> <ul style="list-style-type: none"> • Create an educational gallery to bring the public through the journey of the seafood supply chain, and have engagement booths on sustainable seafood consumption. • Produce a sustainable seafood guide on common market/supermarket fish in Singapore.
402.	Pass It On Elab Pte Ltd	<u>Green-House 2025 Programmes</u> <ul style="list-style-type: none"> • Conduct a weekend Green-House event at Temasek Shophouse to provide free programmes on household waste reduction, home green energy solutions and food-related carbon emissions.

403.	Pass It On Elab Pte Ltd	<p><u>The Bedside Closet: Swap, Slay and Say</u></p> <ul style="list-style-type: none"> • Conduct a public event to educate and empower the community to make climate-conscious fashion choices. • Set up a walk-in closet for people to exchange pre-loved clothing, and conduct panel discussions showcasing real stories on second-hand fashion by fashion and lifestyle influencers.
404.	PlasticTinkers Pte Ltd	<p><u>Ecomakers Lab: Empowering Communities with Sustainable 3D-printing</u></p> <ul style="list-style-type: none"> • Establish a community-driven circular economy system to recycle PET plastics into plastic filaments for 3D printing. • Partner with schools and a community venue to establish maker spaces and collect used PET bottles from students and the community through engagement events and recycling drives.
405.	Pre-School By-the-Park	<p><u>Grey to Green – Sensory Garden</u></p> <ul style="list-style-type: none"> • Educate preschoolers, parents and teachers on growing edible plants and making compost. • Set up a sensory garden with planter beds of native plants at the preschool.
406.	Preschool Market Pte Ltd	<p><u>Little Green Explorers: Beach Cleanup & Sustainability Learning Journey</u></p> <ul style="list-style-type: none"> • Conduct a guided beach cleanup session at Siloso Beach for preschool children, followed by an interactive workshop on creating art using waste materials and encouraging them to adopt sustainable habits.
407.	Pullman Singapore Orchard	<p><u>Harvest with Heart Workshops</u></p> <ul style="list-style-type: none"> • Develop an on-site hydroponic farm on wheels with planted beds and vegetrays. • Conduct learning journeys for students, who will be able to harvest a small portion of vegetables to make salads as part of the hands-on component of the learning journey.
408.	Raffles Girls' School	<p><u>Project BioBliss</u></p> <ul style="list-style-type: none"> • Develop educational signage with QR codes to educate students on campus biodiversity, and create a student-led online repository for plant identification.

409.	Rasa Ed LLP	<p><u>The Rasa Project: Rasa Circle</u></p> <ul style="list-style-type: none"> • Deliver hands-on workshops focusing on local produce and regional ingredients to highlight low-carbon food choices. • Incorporate engaging activities and storytelling to teach children about mindful consumption and food waste reduction.
410.	Refash Pte Ltd	<p><u>Go Green Market</u></p> <ul style="list-style-type: none"> • Organise public events showcasing the environmental impact of fashion consumption. • Engage local green businesses to conduct free textile upcycling workshops at the events.
411.	Ren Epic Education Pte Ltd	<p><u>Early Childhood Environmental Education Master Class and Onsite Training</u></p> <ul style="list-style-type: none"> • Organise masterclasses for early childhood educators to learn how to incorporate environmental education in their curriculum. • Conduct on-site training sessions for educators at preschools and share about the eco-playbook and toolkits.
412.	Sentosa Development Corporation	<p><u>Sentosa Travelling Showcase</u></p> <ul style="list-style-type: none"> • Educate students on sustainability topics and inspire eco-conscious behaviour through facilitated hands-on workshops through a roving showcase
413.	Singapore Environment Council	<p><u>SG60: Building a Sustainable Future Together</u></p> <ul style="list-style-type: none"> • Organise a public consultation exercise for environmental groups to develop a vision of a sustainable future for Singapore, obtain feedback and encourage individuals to consider how they can contribute to realising a sustainable Singapore.
414.	Singapore Innovation Centre	<p><u>Singapore Sustainability Festival – Sustainability Carnival</u></p> <ul style="list-style-type: none"> • Organise a sustainability carnival to promote sustainable living and circular economy practices for the public and businesses. • Organise hands-on sustainability workshops on food waste reduction, composting and upcycling.

415.	SL2 Impact Ltd	<p><u>Climate Tech Youth Lab</u></p> <ul style="list-style-type: none"> • Launch the Climate Tech Youth Lab, a youth-led initiative to improve climate literacy and mentor youth participants in generative AI, prototyping and Internet of Things. • The youth teams will translate their findings into community engagement materials.
416.	Sohana Khatun	<p><u>Train The Trainer Programme: Environmental Outreach</u></p> <ul style="list-style-type: none"> • Conduct train-the-trainer sessions for members of Fern & Field, an environmental student group, focusing on sustainable activities such as plastic bottle upcycling, upcycling of coffee grounds to make coffee sheets, and textile upcycling.
417.	Starshine Montessori @ Hillview Pte Ltd	<p><u>Starshine Green Stars: Empowering Eco-Conscious Young Learners and Families</u></p> <ul style="list-style-type: none"> • Implement a sustainability-themed programme including activities in the preschool, community parent-child workshops, and an eco-themed celebration. • Host a community event featuring composting and hydroponics setups, recycled crafts and performance of sustainability topics through skits, songs and storytelling.
418.	Sunflower Preschool @ Balestier Pte Ltd	<p><u>Green Beginnings: Building Sustainability Foundations for Preschoolers</u></p> <ul style="list-style-type: none"> • Conduct a sustainability and eco-friendly education programme for preschoolers which includes learning journeys, reading sessions, and a hands-on workshop.
419.	Sustainable Energy Association of Singapore (SEAS)	<p><u>Clean the Seas with SEAS</u></p> <ul style="list-style-type: none"> • Organise a park and beach clean-up event and engage participants on marine litter and clean energy solutions via educational booths.
420.	Sustainable Living Lab Pte Ltd	<p><u>HeatAware SG</u></p> <ul style="list-style-type: none"> • Conduct house interviews to engage the elderly and assess their heat-awareness knowledge. • Deploy sensor systems in participating households to monitor real-time indoor temperatures across key living spaces and provide real-time alerts when heat thresholds are exceeded.

421.	Tanvi Ravindra Thombre	<p><u>Sproutastic – A Web App to Teach Kids Sustainability through Games and Action</u></p> <ul style="list-style-type: none"> • Develop a gamified web app to educate children and youths on the various aspects of sustainability. • Reach out to schools to conduct game workshops to engage pilot users and collect feedback.
422.	Terra Academy	<p><u>Forum Theatre Assembly Show</u></p> <ul style="list-style-type: none"> • Educate students and youths on key environmental themes through forum theatre acting, where students are engaged through acting out scenes related to environmental issues and exploring potential solutions.
423.	The Circular Classroom	<p><u>Go Green PSGs</u></p> <ul style="list-style-type: none"> • Educate and empower Parent Support Groups from various schools to repurpose old school uniforms through a digital platform and educational kits. • Engage students to develop a digital management platform to track and facilitate collection and repurpose school uniforms.
424.	The Interchange LLP	<p><u>Stitch Up! A Circular Sewing Project</u></p> <ul style="list-style-type: none"> • Educate the public on how to transform non-recyclable lifestyle waste materials into functional items through sewing workshops and community showcases. • Create online tutorial videos on how to upcycle specific waste materials.
425.	The Mill International	<p><u>Machinery for Sustainable Showcase Area and Learning Journeys</u></p> <ul style="list-style-type: none"> • Set up a hands-on educational exhibit to demonstrate how upcycled carpet pellets and materials can be transformed into useful products. • Conduct external educational showcases on carpet recycling at various industry and community events.
426.	The Moonbeam.co Pte Ltd	<p><u>Resavour</u></p> <ul style="list-style-type: none"> • Run a public education campaign to raise awareness of food sustainability and climate conscious consumer behaviour. • Organise workshops exploring food waste reduction and Singapore's food supply chain through hands-on learning and discussion.

427.	Valour Primary School	<u>Sustainability through Food Waste Management</u> <ul style="list-style-type: none"> • Collect food waste from canteen vendors, staff and parents, for recycling into compost. • Train students on food waste recycling and composting, and the compost will be used for existing planter pots.
428.	WermTech.Asia Pte Ltd	<u>Farm To Table, Table to Farm Experience</u> <ul style="list-style-type: none"> • Organise learning journey tours for schools to a local farm, where students are educated on reducing food waste using insects and the importance of local food production.
429.	Westwood Secondary School	<u>Westwood Inter-Class Sustainability Challenge</u> <ul style="list-style-type: none"> • Run a campaign for students to participate in activities such as repurposing textiles through a fashion swap, reducing and composting food waste, and recycling.
430.	Wild Space LLP	<u>Earth in Focus Singapore Nature Film Festival 2025</u> <ul style="list-style-type: none"> • Organise a 3-day nature film festival to bring the community together to celebrate the environment, nature and wildlife through visual art. • The festival will comprise film screenings, panel discussions, NGO booths, masterclasses, a photography exhibition, film and photography award presentations, and eco-themed workshops and programmes.
431.	Yayasan MENDAKI	<u>Raikan Ilmu@Heartlands</u> <ul style="list-style-type: none"> • Set up sustainability booths during Raikan Ilmu@Heartlands event, which is a flagship movement of the Malay/Muslim community to celebrate knowledge and lifelong learning. • The interactive booths engage the public on recycling plastics and making eco-friendly crafts from used materials.
As of November 2025		
432.	A Rocha Singapore Ltd	<u>Bloom & Buzz</u> <ul style="list-style-type: none"> • Collaborate with The Helping Hand to co-create a learning hub featuring a bee garden to enhance biodiversity. • Engage the community through workshops, talks, and a World Bee Day event, to promote eco-literacy and active conservation efforts.

433.	Cheng Dao Han	<p><u>Sustainability Crafts with Mindfulness</u></p> <ul style="list-style-type: none"> • Conduct hands-on workshops combining urban farming with upcycled crafts for schools and community groups. • Promote sustainable habits by upcycling common household waste into practical and creative upcycled items.
434.	CitySprouts Pte Ltd	<p><u>Earthopia – Youth Sustainability Festival</u></p> <ul style="list-style-type: none"> • Organise a 2-day festival at Dhoby Ghaut Green to educate, influence, and inspire youths to make a commitment and take action towards sustainability. The festival includes a concert, workshops, booths, and wellness sessions.
435.	CradleNest	<p><u>CradleBless</u></p> <ul style="list-style-type: none"> • Enhance the CradleNest app with automation and data analytics, enabling smarter matchmaking of preloved baby and maternity items to low-income families and reducing waste. • Promote sustainable parenting and raise awareness of textile and plastic waste reduction through outreach events.
436.	Damien Tan Kai Yang	<p><u>MediCollect – Closing the Loop on Medicine Bottle Waste</u></p> <ul style="list-style-type: none"> • Conduct educational talks and upcycling workshops to raise awareness within the healthcare community about proper recycling of medicine packages and safe disposal of unused or expired medication. • Develop a toolkit and educational posters to promote responsible recycling and disposal of medical waste.
437.	Derek Ong Chee Beng	<p><u>FRSK Sprout — BAU+ (Existing Ops)</u></p> <ul style="list-style-type: none"> • Scale up existing food rescue operations and redistribute rescued food to more families. • Produce an educational video series on rescued food for outreach programmes.
438.	Econ Nursing Home Services (1987) Pte Ltd	<p><u>Grow for Good: Therapeutic Green Spaces for Mental Wellness</u></p> <ul style="list-style-type: none"> • Establish a hydroponics farm to create opportunities for residents and community partners to learn about hydroponics farming. • Conduct training for staff, residents, and ambassadors to equip them with the necessary skills to plant, maintain and harvest the crops.

439.	Girl Guides Singapore	<p><u>Currents of Change</u></p> <ul style="list-style-type: none"> Organise a festival on rising sea levels and its impacts on Singapore due to climate change. The festival will comprise engagement activities for the community and for the Brownies and Girl Guides to earn conservation badges.
440.	Goh Kai Jia Esther	<p><u>Plastic Trashure</u></p> <ul style="list-style-type: none"> Scale the Plastic Trashure initiative to new neighbourhoods to educate more residents on plastic recycling. Collaborate with resident networks to organise hands-on activities and conduct plastic waste collection drives.
441.	Jurong Pioneer Junior College	<p><u>2025 Eco Fund Greenhouse Project</u></p> <ul style="list-style-type: none"> Expand the school's programme to involve more students in food resilience, urban farming and composting. Construct two rooftop greenhouses to facilitate hands-on learning for students.
442.	Lembaga Pentadbir Masjid Sallim Mattar	<p><u>The Rooftop Rahmah Edible Garden Project</u></p> <ul style="list-style-type: none"> Set up a rooftop edible garden and conduct educational programmes on urban farming and food security for students, seniors, and the wider community.
443.	Lions Befrienders Service Association (Singapore)	<p><u>Sowing the Seeds of Eco-Consciousness</u></p> <ul style="list-style-type: none"> Organise environmental sustainability workshops for seniors, including upcycled crafts and nature walks. Create eco-friendly communities/interest groups in the active ageing centres, led by volunteer leaders, to sustain engagement and promote environmental awareness.
444.	Liu Yuyu Lydia	<p><u>Seasons View Community Garden</u></p> <ul style="list-style-type: none"> Conduct talks for residents to promote eco-friendly practices on organic farming, composting and waste reduction. Set up a community garden with hydroponic and composting systems, and distribute the harvest to nearby estates.

445.	Masjid Al-Taqua	<p><u>Eco-friendly Harmony Run — BAU+ (Existing Ops)</u></p> <ul style="list-style-type: none"> • Organise a half-day community run at East Coast Park to promote environmental awareness, active living, and family bonding. • Participants are encouraged to pick up litter during the run and explore interactive environmental education activities at the booths.
446.	Muslim Missionary Society Singapore	<p><u>Recycling for Good: Empowering Communities to Give Back</u></p> <ul style="list-style-type: none"> • Launch a recycling initiative with educational workshops on proper recycling practices and recycling stations, collection drives and upcycling workshops.
447.	Nature Society (Singapore)	<p><u>NSS Nature Stewards Training Programme</u></p> <ul style="list-style-type: none"> • Enhance the nature guide training curriculum by introducing structured pedagogy and assessments to ensure consistent public engagement. • Conduct online and classroom training for new nature guides, with a clear pathway for aspiring youth guides.
448.	Nee Soon Central Zone 8 Residents' Network	<p><u>EcoSpark Garden</u></p> <ul style="list-style-type: none"> • Set up a solar-powered hydroponics farm at Yishun community garden to educate residents and students from the nearby preschool on sustainable farming practices.
449.	NTUC Health Cooperative Ltd	<p><u>Guardians of the Green</u></p> <ul style="list-style-type: none"> • Engage seniors on sustainability through upcycling workshops to repurpose waste materials into functional items. • Organise community showcases for seniors to display their upcycled creations.
450.	NTUC Health Cooperative Ltd	<p><u>Repair Club @ NTUC Health AAC (Kampung Kembangan)</u></p> <ul style="list-style-type: none"> • Engage coaches from Repair Kopitiam to conduct lessons for seniors at the Kampung Kembangan AAC, on repairing household appliances and electrical items. • Set up a senior-managed repair club to serve local residents and run public repair events.

451.	NTUC Health Cooperative Ltd	<u>Repair Club @ NTUC Health AAC (Nanyang)</u> <ul style="list-style-type: none"> Engage coaches from Repair Kopitiam to conduct lessons for seniors at the Nanyang AAC, on repairing household appliances and electrical items. Set up a senior-managed repair club to serve local residents and run public repair events.
452.	NTUC Health Cooperative Ltd	<u>Repair Club @ NTUC Health AAC (Whampoa)</u> <ul style="list-style-type: none"> Engage coaches from Repair Kopitiam to conduct lessons for seniors at the Whampoa AAC, on repairing household appliances and electrical items. Set up a senior-managed repair club to serve local residents and run public repair events.
453.	NTUC Health Cooperative Ltd	<u>SG Eco Project Woody's Wisdom</u> <ul style="list-style-type: none"> Conduct eco-education workshops at NTUC Health Heartbeat@Bedok AAC, where grandparents and grandchildren reconnect with nature, create sustainable toys from recycled materials, repair old toys, and co-create eco-friendly carnival games with youths. Organise a community showcase for seniors to display their toy creations and share the ideas behind them.
454.	NUS High School of Math & Science	<u>Campus Farm Lab: Hands-On Learning for a Sustainable Future</u> <ul style="list-style-type: none"> Set up two urban farm sites within the school and conduct horticulture, urban farming and plastic recycling workshops for students. Engage students in research, design, construction and maintenance of the farms. Students will serve as guides for farm tours and workshops and organise outreach events for the community.
455.	NUS High School of Math & Science	<u>Campus Wild: Growing Biodiversity, Nurturing Changemakers</u> <ul style="list-style-type: none"> Set up pollinator-attracting garden beds featuring upcycled bee hotels and conduct field trips to nature spaces, for students to learn about biodiversity. Engage students in research, design, construction and maintenance of the sites. Students will serve as guides for field trips to nature spaces and organise outreach events for the community.

456.	One With Earth Pte Ltd	<p><u>Story & Swap: Family Eco Warriors</u></p> <ul style="list-style-type: none"> Organise storytelling and swap sessions for children and parents to promote mindful consumption and reuse practices. Each session consists of story reading, preloved item swaps, and hands-on eco activities.
457.	Pasir Ris East Citizens Consultative Committee	<p><u>GreenWave 2026</u></p> <ul style="list-style-type: none"> Organise a sustainability event to educate the community on climate change and sustainable habits. The event will feature activities such as an Inter-School Eco Car Race using recyclable materials, an Eco-Fashion Show for preschoolers, and interactive booth exhibits promoting sustainable practices.
458.	Resorts World at Sentosa Pte Ltd	<p><u>RWS Cares</u></p> <ul style="list-style-type: none"> Organise a community recycling programme targeting seniors in Chinatown The programme includes hands-on workshops, recycling activations, learning journeys, and a recycling festival.
459.	Sengkang General Hospital Pte Ltd	<p><u>Towards Zero Waste: SKH's Collaborative Sustainability 2025</u></p> <ul style="list-style-type: none"> Organise plastic collection drives and transform waste plastics into functional furniture for shared spaces. Conduct train-the-trainer sessions to enable volunteers to lead future workshops for wider community participation.
460.	Sentosa Development Corporation	<p><u>Singapore Biodiversity Race</u></p> <ul style="list-style-type: none"> Organise a biodiversity race to encourage participants to learn about nature and local biodiversity. Organise workshops to deepen understanding of local biodiversity ecosystems and teach participants how to use citizen science tools.

461.	Shoal Advisory Pte Ltd	<p><u>Seeds of Change – A Systems and Futures Primer Series</u></p> <ul style="list-style-type: none"> Organise a workshop series to teach systems and futures thinking and futures tools for addressing Singapore’s environmental challenges. Partner with non-profits, social enterprises and ground-up initiatives to share real-world case studies that allow participants to practice mapping systems, anticipating consequences, and exploring interventions.
462.	Singapore University of Social Sciences	<p><u>Nourish the Earth – University Organic Waste Recovery Project</u></p> <ul style="list-style-type: none"> Educate students and staff on creating a zero-waste system by converting food waste into compost for the campus edible gardens, and organising educational talks, live demos, and awareness campaigns.
463.	SingHealth Community Hospitals	<p><u>PlastiWise: Beyond Waste</u></p> <ul style="list-style-type: none"> Organise an event to educate the healthcare community on recycling plastic waste and reducing medical waste, via seminars, booths and a digital guide.
464.	St John’s Home for Elderly Persons	<p><u>Sustainable Irrigation and Waste to Compost</u></p> <ul style="list-style-type: none"> Install a smart, electricity-free irrigation system for urban farming, and a composting machine to convert food waste into compost for community use. Involve the community on food waste composting and gardening, through engagement sessions and farmers’ market events.
465.	Sunnyville Nursing Home (1996) Pte Ltd	<p><u>Grow for Good: Intergenerational Horticulture Therapy Programme</u></p> <ul style="list-style-type: none"> Transform underutilised corridor spaces into vibrant edible gardens to create a sustainable and therapeutic environment for residents and community partners. Organise interactive gardening sessions, including intergenerational activities with preschoolers and partners, to teach planting, harvesting, and healthy food practices.

466.	Sustainable Living Lab Pte Ltd	<p><u>Climate-Sense: Plug-and-Play Sensor Ecosystem for Heat-Health Monitoring</u></p> <ul style="list-style-type: none"> • Host a community hackathon to co-create practical, low-cost solutions that tackle heat stress for vulnerable groups. • Showcase innovative solutions at a demo day and make them publicly accessible through online guides to drive adoption.
467.	Tampines East Citizens' Consultative Committee (CCC)	<p><u>Gamified Sustainability Challenge for Residents in Tampines East</u></p> <ul style="list-style-type: none"> • Launch a web-based gamified sustainability challenge on fast fashion and food waste reduction, and clean neighbourhoods. • Engage residents through interactive demos and a sharing session to celebrate collective impact.
468.	Tan Jing Xiang and Lim Wee Hsien	<p><u>Place-Making through Gardening in the Sky</u></p> <ul style="list-style-type: none"> • Build a closed-loop permaculture garden, featuring edible and pollinator-friendly plants to boost biodiversity and soil regeneration. • Engage volunteers, residents, and community partners through hands-on sessions and distribution of the harvest.
469.	Tan Lee Et Food Industry Pte Ltd	<p><u>Recycling for Good: Empowering Communities to Give Back</u></p> <ul style="list-style-type: none"> • Launch a zero-waste pilot programme by partnering with cafés to repurpose coffee waste for farmers and community gardeners. • Conduct hands-on workshops and roadshows on composting coffee waste and distribute home composting kits with reference guides.
470.	Tan Tock Seng Hospital Pte Ltd	<p><u>TTSH Earth Day 2026</u></p> <ul style="list-style-type: none"> • Organise an environmental awareness event to promote sustainable living and food waste reduction. • The event features hands-on upcycling workshops and educational talks by experts on climate change and its impact on human health.
471.	The Plastic Project Pte Ltd (Plastify)	<p><u>Recycling Medical Waste into 3D-Printed Furniture</u></p> <ul style="list-style-type: none"> • Launch a medical plastic waste recycling pilot by collecting plastic waste and collaborating with Temasek Polytechnic students to create furniture prototypes from recycled plastic. • Engage the community through learning journeys on the recycling process and prototype showcases.

472.	The Management Corporation No. 2 – Strata Title Plan No. 4735	<u>Vertical Hydroponics Farm @ CIMB Plaza & BNI Tower</u> <ul style="list-style-type: none"> • Set up a rooftop community hydroponics garden, to grow leafy and fruiting vegetables. • Host workshops and harvest events to educate and engage tenants on sustainable food production and farm-to-table practices.
473.	Tiny Foot Wonders Private Limited	<u>Eco Outreach Program on Food Waste for Children and Families</u> <ul style="list-style-type: none"> • Publish an augmented reality-enabled picture book featuring engaging characters to educate children about reducing food waste, and conduct reading sessions for children across various libraries.
474.	Tiu Shin	<u>ReNature: Reviving Waste, Renewing the Future</u> <ul style="list-style-type: none"> • Set up interactive booths at James Cook University to raise awareness among students and the public on how consumer choices impact the environment. • Conduct hands-on workshops and training sessions on plastic recycling, textile upcycling, and nature walks.
475.	Uni Market Trades Pte Ltd	<u>Feel Good Home Dehumidifier-Making Workshop</u> <ul style="list-style-type: none"> • Educate the community on reducing single-use plastic packaging, and conduct workshops to teach simple, supermarket-sourced methods for making eco-friendly dehumidifiers.
476.	Wilmar Trading Pte Ltd	<u>The Modern Farmer</u> <ul style="list-style-type: none"> • Educate and engage students and employees on nature and biodiversity conservation through planting native trees at Vidacity and guided learning journeys.
As of March 2026		
477.	Adrian Loo and Shawn Lum	<u>Plantastic Botanicals Podcast</u> <ul style="list-style-type: none"> • Produce a podcast to educate the public on Singapore’s nature and biodiversity. • Organise community outreach activities such as talks and workshops for students and the general public.

478.	Adventist Nursing & Rehabilitation Centre	<p><u>Sustainability Engagement for Seniors at AAC</u></p> <ul style="list-style-type: none"> Engage seniors in environmental activities through hands-on upcycling workshops to transform plastic, wood and textile waste into functional items. Conduct nature walks and workshops, and organise a community showcase where seniors present their ideas behind their creation.
479.	Amirah Binte Ahmad Saakiran	<p><u>Unbound Earth</u></p> <ul style="list-style-type: none"> Engage youths on sustainability issues through learning journeys and hands-on workshops, and guide them to organise their own engagement sessions.
480.	Anderson Primary School	<p><u>Integrated Black Soldier Fly Education & In-School System Proposal</u></p> <ul style="list-style-type: none"> Engage students in food waste reduction through hands-on learning using a Black Soldier Fly (BSF) system. Support learning through workshops, an educational corner, and the development of educational resources and videos.
481.	Beatty Secondary School	<p><u>Eco-Stewardship @ Beatty: Waste Matters</u></p> <ul style="list-style-type: none"> Organise sustainability workshops and learning journeys for students on plastic recycling, zero waste, and urban farming. Equip students with the skills to design and implement sustainability outreach and engagement activities for their peers, seniors and the general public.
482.	Bendemeer Secondary School	<p><u>EcoHeart Garden: Nurturing Community Through Nature</u></p> <ul style="list-style-type: none"> Create an edible garden within the school that promotes environmental stewardship and mental wellbeing, serving as a safe space for students with special educational needs. Engage students to conduct sustainability workshops for the public and guided tours of the edible garden.
483.	Caregiving Welfare Association	<p><u>Sustainability Engagement for CWA Seniors</u></p> <ul style="list-style-type: none"> Engage seniors to learn about upcycling waste through hands-on sustainability workshops, learning journeys and community event showcases.

484.	Catch Them Young Limited	<p><u>KidsExcel+ - Sustainability in Action</u></p> <ul style="list-style-type: none"> Educate children from lower-income families and youth volunteers on sustainability topics through a 4-week programme.
485.	City Developments Limited	<p><u>Cooling Singapore's Urban Spaces through Tropical Regenerative Microforests: Enhancing Biodiversity, Thermal Resilience, and Well-being of Building Users</u></p> <ul style="list-style-type: none"> Develop microforests and educate the community on how microforests can contribute to increasing biodiversity and cooling of urban spaces.
486.	Cheang Ling Lin, Rachel	<p><u>Next Generation Energy Leaders</u></p> <ul style="list-style-type: none"> Educate youths on sustainability topics related to energy through a multi-tiered literacy and action programme. Develop a complimentary guide on addressing waste, energy, or circular economy challenges.
487.	Climate Interfaith Ltd	<p><u>Collective Climate Action from Faith Communities in Singapore</u></p> <ul style="list-style-type: none"> Develop short stories on social media to amplify sustainable initiatives led by faith communities. Organise human library sessions for participants to engage with faith leaders on climate action.
488.	Duke-NUS Medical School (School of NUS)	<p><u>Advocating Sustainability and Plastic Circularity at Duke-NUS</u></p> <ul style="list-style-type: none"> Organise educational talks on plastic recycling, hands-on engagement booths, and a "Waste to Trashure" exhibit to showcase the recycling process from waste to product. Collect laboratory plastic waste and upcycle it into functional items such as benches.
489.	EB Impact Limited	<p><u>The Sustainability Youth Festival</u></p> <ul style="list-style-type: none"> Organise a sustainability event for youths to learn and create sustainability solutions on climate adaptation.

490.	EcoCupid SG Pte Ltd	<p><u>Advocating for Singapore's Environmental Projects through Documentary Series, Community Screenings, and Media Workshops</u></p> <ul style="list-style-type: none"> • Produce documentaries profiling sustainability projects in Singapore and showcase them through community film screenings. • Organise media workshops to equip participants on how to create engaging content on environmental projects.
491.	ESG World LLP	<p><u>Little Green Steps: A Sustainability Playbook for Early Childhood Educators</u></p> <ul style="list-style-type: none"> • Empower early childhood educators to weave in sustainability into their curriculum through an interactive online sustainability playbook.
492.	Farmwork Pte Ltd	<p><u>New Everyday Life: Future By Design</u></p> <ul style="list-style-type: none"> • Implement a multi-station content showcase across North-East line MRT stations, demonstrating how design and sustainability can meaningfully intersect. • Organise sustainability fringe programmes and a showcase of upcycled objects made from decommissioned train parts.
493.	GP Hotel Management Pte Ltd	<p><u>The Modern Farmer</u></p> <ul style="list-style-type: none"> • Educate students and staff on environmental stewardship through tree planting using the Miyawaki reforestation method, and organise upcycling workshops using old linens from hotels and residential properties.
494.	Grace Mission SG Limited	<p><u>GM Wholesome Village</u></p> <ul style="list-style-type: none"> • Transform an open field into a community farm through permaculture and introduce circular practices. • Organise educational programmes such as farm experiential tours and sustainability workshops for the community.
495.	Greendale Secondary School	<p><u>CircuLearn: Empowering Students and Community Through Hands-On Plastic Recycling Education</u></p> <ul style="list-style-type: none"> • Equip students with practical plastic recycling skills and empower them to organise community outreach sessions at primary schools and community events.

496.	Greendale Secondary School	<p><u>Green Tech Gardens</u></p> <ul style="list-style-type: none"> • Transform an existing edible garden into a hydroponics system to educate students on sustainable food production. • Engage students, teachers, and parent volunteers through curriculum-linked learning activities and garden upkeep.
497.	Greendale Secondary School	<p><u>Recycling Hub Initiative: Building Sustainable Habits for Life</u></p> <ul style="list-style-type: none"> • Establish a centralised hub for recycling and food waste management within the school. • Drive behaviour change in students through regular class challenges that educate and reinforce correct recycling and food waste segregation.
498.	Green Up Pte Ltd	<p><u>GrowLah!</u></p> <ul style="list-style-type: none"> • Organise microgreens cultivation workshops to empower households and communities in building food resilience.
499.	Jamiyah Kindergarten	<p><u>Growing Together: A Jamiyah Intergenerational Food & Sustainability Programme</u></p> <ul style="list-style-type: none"> • Educate seniors and children in an intergenerational sustainability programme, which includes hands-on food growing activities using hydroponics.
500.	Khoo Teck Puat Hospital Pte Ltd	<p><u>Plastify KTPH Waste</u></p> <ul style="list-style-type: none"> • Educate staff, patients, hospital visitors and the community on plastic waste recycling and circular economy principles. • Collect clean bottle caps and non-hazardous plastic medical waste for recycling into office stationery and furniture.
501.	KK Women's and Children's Hospital	<p><u>KKH Eco-Lab Sustainability Learning Hub</u></p> <ul style="list-style-type: none"> • Create a sustainability learning hub within the hospital and engage the community through black soldier fly composting and rainwater harvesting. • Train staff and volunteers to run and maintain the system, and organise learning journeys for the community.

502.	Kwong Wai Shiu Hospital	<p><u>Our Green Journey: Building Sustainability at KWSH</u></p> <ul style="list-style-type: none"> • Implement an upcycling education programme to raise awareness of sustainability practices among staff and hospital visitors through upcycling workshops and a green carnival.
503.	Makedemy Pte Ltd	<p><u>Multi-Pronged Repair@School Approach</u></p> <ul style="list-style-type: none"> • Create a repair game simulation to complement hands-on repair sessions for students. • Set up showcase booths at common areas in schools and community events.
504.	Magorium Pte Ltd	<p><u>Project M Impact (2)</u></p> <ul style="list-style-type: none"> • Build a recycling system for processing mixed textile and plastic waste into a composite material. • Engage school students to design and upcycle collected waste materials into functional furniture such as tables, shelves and noticeboards for the school.
505.	Methodist Preschool Services	<p><u>Young Changemakers 2026</u></p> <ul style="list-style-type: none"> • Deliver a comprehensive programme that includes educator training in facilitation and inquiry-based learning techniques, complemented by hands-on climate adaptation workshops. • Conduct a Sustainability Open House involving the community to showcase the students' ideas.
506.	M.Y World @ Bukit Batok West Plains 2	<p><u>Little Learners, Big Impact: Early Steps Towards a Greener Future</u></p> <ul style="list-style-type: none"> • Establish an indoor hydroponics farm and an outdoor community garden to educate preschoolers on growing food and engage seniors in harvesting. • Organise learning journeys for preschoolers to urban farms and food industries.
507.	My First Skool @ Blk 332B Anchorvale Link	<p><u>Sharing, Saving, Sustaining: Reducing Food Waste Together at My First Skool @AVC05</u></p> <ul style="list-style-type: none"> • Educate preschoolers and their families on reducing food waste through composting workshops.

508.	Nan Hua High School	<p><u>Green Champions for Change</u></p> <ul style="list-style-type: none"> • Organise training sessions and programmes for students on environmental and social sustainability, zero waste, sustainable urban living and climate adaptation. • Equip students with the skills to design and run student-led engagements for their peers and the community.
509.	National University of Singapore (NUS) Libraries	<p><u>Discover Digital Sustainability</u></p> <ul style="list-style-type: none"> • Promote digital sustainability to the NUS community through workshops led by invited experts, and host an exhibition booth at NUS' Discover Digital Day on digital sustainability.
510.	Northland Secondary School	<p><u>Sowing Sustainability – Growing Future Stewards</u></p> <ul style="list-style-type: none"> • Educate students on food sustainability through a vertical hydroponics system and hands-on workshops. • Engage seniors from St Luke's Eldercare in harvesting activities to foster intergenerational interaction.
511.	Outram Secondary School	<p><u>Cultivation of Sustainability-Conscious & Eco-Stewardship</u></p> <ul style="list-style-type: none"> • Establish an edible school garden to support experiential learning on sustainable food production and food circularity through curriculum-linked activities and student-led tours.
512.	PCF Sparkletots Preschool Limited	<p><u>Growing Minds, Greening Communities</u></p> <ul style="list-style-type: none"> • Educate preschoolers on food waste reduction and biodiversity through various hands-on activities paired with food digesters and worm bins to transform food waste into compost.
513.	Pei Chun Public School	<p><u>Sustainable Farming Through Aquaponics</u></p> <ul style="list-style-type: none"> • Install an aquaponics system to educate students on sustainable food production. • Conduct workshops to engage and train students to share knowledge on food sustainability with the public.

514.	Rainbow Centre Singapore	<p><u>Re:Work – From Plastic Waste to Possibilities</u></p> <ul style="list-style-type: none"> Engage persons with disabilities, caregivers and families on environmental sustainability. Conduct educational talks on plastic recycling, and organise a bottlecap collection drive, learning journeys, and interactive booths at community venues.
515.	Sennett Estate Resident's Network	<p><u>Sustainable Sennett Estate Community Harvest Hub</u></p> <ul style="list-style-type: none"> Educate residents on sustainable practices such as rainwater harvesting and food waste composting with an enhanced garden setup.
516.	Serangoon Moral Family Service Centre	<p><u>Project Grow</u></p> <ul style="list-style-type: none"> Upgrade an existing community garden to empower residents to adopt sustainable food practices. Conduct workshops and garden showcase events to educate residents and involve the community.
517.	Singapore Deep Tech Alliance Ltd	<p><u>SG ECO LOOP 2.0 - Nationwide Quest to Scale Youth Innovation for Plastic & Food Waste Reduction</u></p> <ul style="list-style-type: none"> Partner students from Institutes of Higher Learning and their families to prototype and pilot innovative sustainability solutions. Participants will take part in workshops and engage with AR/VR tools in hands-on prototyping.
518.	Singapore General Hospital	<p><u>SGH Go Green</u></p> <ul style="list-style-type: none"> Educate staff, partner institutions and members of the public on plastic waste and recycling through educational talks, interactive booth sessions, and learning journeys. Collect, process and transform hospital plastic waste into functional public benches.
519.	St. Anthony's Canossian Secondary School	<p><u>Water × Waste: A School-Wide Design Programme for Cleaner, Sustainable Habits</u></p> <ul style="list-style-type: none"> Educate students on water sustainability and waste pollution challenges through student-led environmental audits, prototype making workshops and a school exhibition event.

520.	St Joseph's Institution International Ltd	<p><u>Circular Urban Farming Hub</u></p> <ul style="list-style-type: none"> Educate students and the school community on a closed-loop system combining waste reduction with local food production through composting workshops and setting up of a greenhouse with a hydroponics system.
521.	Sustainable Living Lab Pte Ltd	<p><u>AI-Guided Community Heat Adaptation System</u></p> <ul style="list-style-type: none"> Develop an integrated system to help vulnerable groups navigate heat stress risks in their homes and identify optimal household layout to improve airflow. Create an AI-guided heat adaptation app, deploy early warning systems in homes, and provide physiological wearables to the vulnerable community.
522.	Tasek Academy and Social Services	<p><u>Green Trellis @ The Beacon</u></p> <ul style="list-style-type: none"> Establish an edible garden with volunteers to educate them on sustainable food production. Organise gardening and upcycling workshops for the community.
523.	The Blue Pocket Services Pte Ltd	<p><u>EcoBubs Initiative</u></p> <ul style="list-style-type: none"> Educate children about sustainability topics through a roving series of sustainability education events and activities.
524.	Thought Partner Eco	<p><u>Climate Action Hour</u></p> <ul style="list-style-type: none"> Conduct interactive sessions combining short-film screenings, experiential game-based workshops and facilitated action hours to encourage practical climate action. Develop a guide for others to organise their own Climate Action Hour.
525.	TRANS Family Service Centre (Bedok)	<p><u>Community Farming Programme - Rainbow: Plot of Hope</u></p> <ul style="list-style-type: none"> Educate residents in Bedok on food resilience through a rooftop edible garden, where residents grow edible plants using sustainable practices and composting.

526.	True Colour Media Group Pte Ltd	<u>EcoGrid @ Vidacity</u> <ul style="list-style-type: none"> • Set up an EcoGrid to offer a hands-on experience with renewable energy technologies. • Organise guided tours and community events for the public to learn about renewable energy generation and storage, and practical ways to improve energy efficiency.
527.	V-plus Agritech Pte Ltd	<u>Algae Living Lab (Outdoor) – Schools Programme</u> <ul style="list-style-type: none"> • Establish outdoor photobioreactors in schools to grow algae through carbon sequestration, and integrate the programme into the school's curriculum with hands-on learning experiences.
528.	West Coast Gardens Residents' Network	<u>West Coast Edible Garden: A Sustainable and Futuristic Community Garden</u> <ul style="list-style-type: none"> • Redevelop the community garden and organise engagement sessions for the community such as workshops, gardening events, farmers markets, farm-to-table cooking sessions and events for seniors.
529.	Woodlands Hospital	<u>B1 Community Farm</u> <ul style="list-style-type: none"> • Engage the community and staff volunteers to learn about growing food locally through gardening workshops and sessions.
