

SG ECO FUND PROJECTS AWARDED

Note: Some projects are no longer in progress. They may have been completed, withdrawn or terminated.

AWARDED PROJECTS FOR SG ECO FUND 6TH GRANT CALL

As of July 2025		
S/N	Recipient/Organisation	Project Title and Summary
357.	Ashua Imran	<u>Sustainability Toolkit for Mural Artists</u> <ul style="list-style-type: none"> Develop a digital sustainability toolkit for artists to reduce the environmental impact of large-scale art production. Conduct workshops to introduce the digital toolkit's core content, offering insights into eco-conscious artmaking, material optimisation, and sustainable creative careers.
358.	At The Ocean Pte Ltd	<u>The Green Wardrobe Campaign</u> <ul style="list-style-type: none"> Organise a seminar on building a sustainable capsule wardrobe and educate participants about the impact of overconsumption and textile waste. Organise an exhibition to educate the public about the fashion industry's impact and solutions for adopting more eco-friendly practices.
359.	Bettr Barista Pte Ltd	<u>Bettr's Coffee Comes Full Circle</u> <ul style="list-style-type: none"> Educate the public on recycling waste such as coffee grounds, used cardboard and vegetable waste into compost. Conduct horticulture workshops to educate participants in turning waste into quality compost.
360.	Big Bang Seabreeze Pte Ltd (Ola Beach Club)	<u>Go Green with OLA</u> <ul style="list-style-type: none"> Conduct sustainability-themed workshops at Sentosa to educate the public on sustainable practices and habits. The workshop activities include: hydroponics and harvesting; eco paddle coastal waters cleanup; clothes transformation/upcycling; microgreen planting; and upcycled soap making.

361.	Bizlink Centre Singapore Ltd	<u>Bloomers – Growing Green, Growing Opportunities</u> <ul style="list-style-type: none"> Implement a hydroponics training programme for Persons with Disabilities (PWDs) and those recovering from mental health conditions. Set up an adaptive training garden at Bizlink premises and a vocational hydroponics hub at another premise to provide more advanced training to PWDs.
362.	Blue Lion Preschool	<u>The Generous Garden: What Grows Around Me?</u> <ul style="list-style-type: none"> Create a storybook to educate pre-school children on the interconnectedness between humans and the local natural environment. Include a colour-making activity in the book to engage the children to notice what life can be found in their environment.
363.	Bukit Timah Saddle Club	<u>Singapore Countryside Experience</u> <ul style="list-style-type: none"> Organise a 2-day carnival at Bukit Timah Saddle Club featuring sustainability related activities, a Farmer's Market run by Kranji Countryside Association, and a vintage flea market.
364.	Caregiving Welfare Association	<u>EcoACTivate for Seniors and their Caregivers</u> <ul style="list-style-type: none"> Conduct a series of workshops and events to educate seniors, caregivers, family members and the public on waste upcycling and sustainability. Organise coffee scrub-making workshops, upcycled fashion show workshops and set up sustainability booths at the Caregiving Festival.
365.	Chan Sue Yee Abery	<u>Make Wayve: Community Upcycling Workshops</u> <ul style="list-style-type: none"> Collect and upcycle neoprene wetsuits into usable products. Wetsuits that are still in good condition will be sorted for reuse for second-hand retail or swap events. Set up neoprene donation bins at community spaces to collect pre-loved neoprene wetsuits.
366.	Chia Ann Yao Eugene; Raphael Chew Ann Kim; Quah Han Rong Glenn; Ho Wei Hao	<u>Ecovolt</u> <ul style="list-style-type: none"> Educate the public and collaborate with schools to track, monitor and reduce “vampire energy” consumption using a smart plug monitoring system. Analyse and remotely control energy usage in classrooms and labs. Showcase results and educational information about reducing energy consumption at schools and at community spaces.

367.	Chua Hao Jun; Vivian Lim Li Min; Chong Zheng Jie; Pang Min Wei Clyce; Chet Wee; Mitsubishi Momoe Jocelin	<u>Humble Farm</u> <ul style="list-style-type: none"> Educate children and young families on growing their own herb garden in glass tanks. Conduct a series of workshops combining urban gardening education with hands-on herb planting activities, targeting young families with children.
368.	Crown Pacific Beverage Pte Ltd	<u>Plastic Recycling Learning Journey</u> <ul style="list-style-type: none"> Conduct learning journeys and upcycling workshops for schools and active ageing centres on the topic of plastic recycling.
369.	Ding Yi Music Company	<u>ECONcert 2025</u> <ul style="list-style-type: none"> Organise a concert featuring instruments repurposed from plastic waste and set design made from collected recyclables to raise awareness about Singapore's secondary forests. Conduct a post-show arts chat after the concert to encourage the audience to reflect on their relationship with the environment and consider more sustainable practices in their daily lives.
370.	EB Impact	<u>The Sustainability Youth Festival</u> <ul style="list-style-type: none"> Organise The Sustainability Youth Festival (TSYF) to raise the awareness of environmental sustainability issues for youths ranging from primary, secondary and tertiary schools, and create a space to enable discourse on how everyone can play a role to tackle climate change.
371.	Ecoworks Pte Ltd	<u>EcoFill: Community Refill Stations for Sustainable Living</u> <ul style="list-style-type: none"> Set up community detergent refill stations at void decks or community locations to educate the public on reducing single use plastic waste from detergent bottles. Conduct community education workshops and distribute starter education kits and labels to encourage refill adoption at home.
372.	EL Development (Ventures) Pte Ltd (Pullman Singapore Hill Street)	<u>Vegetray for Pullman Hillstreet Singapore!</u> <ul style="list-style-type: none"> Develop an on-site hydroponic farm on wheels in partnership with Corridor Farmers. Organise learning journeys for community groups to learn about urban farming techniques, and innovative approaches to food waste management and sustainability.

373.	Fullerton Fund Management	<u>Community Farm by Fullerton Fund Management @ Temasek Shophouse</u> <ul style="list-style-type: none"> • Partner with Temasek Shophouse to set up an edible garden showcasing planter boxes of herbs and edible plants. • Planters will feature augmented reality experiences, allowing visitors to engage deeper with the plants and herbs' history, uses and ecological significance.
374.	Gain City Best-Electric Pte Ltd	<u>Fossil to Future</u> <ul style="list-style-type: none"> • Educate the public on recycling textile waste and reducing energy usage. • Host an educational showcase of artwork upcycled using old staff uniforms and provide information about eco-friendly appliances.
375.	GiveAsia Pte Ltd	<u>A Nation Ready to Grow</u> <ul style="list-style-type: none"> • Launch an online platform to create volunteer-friendly community farm hubs, making it easier for them to find and engage in farming opportunities. • Onboard volunteers to community farms and share produce with community fridges.
376.	Hillgrove Secondary School	<u>The Hillgrove Haven: Sustainable Urban Farming meets Eco-wellness</u> <ul style="list-style-type: none"> • Build a modular rooftop hydroponic tower using a smart water recycling and rain harvesting system. • Build a community Eco-Lab that includes an intergenerational farming programme and an Eco-Maker Space for workshops on upcycling waste, composting and conservation projects.
377.	Holy Innocents' High School	<u>HIHS Aquaponics</u> <ul style="list-style-type: none"> • Expand the current set-up of hydroponics plants to better support hands-on learning for students. • The produce will be used as part of the healthy ecosystem lesson plan.
378.	HP Singapore (Private) Limited	<u>HP Trees for Tomorrow - Grow with HP, Grow a Greener Future</u> <ul style="list-style-type: none"> • Work with City Sprouts to implement a tree planting programme at West Coast Park. • Organise tree planting sessions and educational talks for the community.

379.	International Community School (Singapore) Ltd	<u>Food Waste as Resource</u> <ul style="list-style-type: none"> • Install an aerobic composter in the student garden to replace the current vermicompost system. • Train Science Club students to use the composter and convert canteen food waste into compost for use in the garden.
380.	Just Truly Yours Pte Ltd	<u>Towards a Cleaner Singapore: Eco Wellness for Every Household</u> <ul style="list-style-type: none"> • Organise pop-up workshops focusing on eco-wellness and upcycling to promote sustainability practices. • Teach participants to create sustainable eco-wellness products such as plant-based soap bars and coffee ground body scrubs.
381.	Keat Hong Zone 9 Residents' Network	<u>Keat Hong Family Day Out</u> <ul style="list-style-type: none"> • Organise a sustainability-themed community event at Keat Hong Plaza that engages the public on adopting sustainable habits. • Engage participants on green commuting and feature electric vehicles which will power the event. • Conduct workshops and cooking demonstrations using locally grown seafood and vegetables.
382.	Kinderland International Education Pte Ltd	<u>Recycle Art Mural</u> <ul style="list-style-type: none"> • Conduct a used toy collection drive across schools and donate the used toys that are still in good condition to other organisations. • Create an art mural using parts from the toys that are broken or not in suitable condition. The mural will depict Singapore's transformation from past to present.
383.	Kinderland International Education Pte Ltd	<u>ReVogue</u> <ul style="list-style-type: none"> • Engage seniors to sew tote bags/toilet roll holders using waste fabrics, and foster intergenerational bonding by engaging children to assist elderly participants with cutting, folding, and packing of upcycled products. • Raise awareness about textile waste and educate participants on sustainable ways to repurpose unwanted fabrics.

384.	Lee Mun Leong Josef	<u>The House of Mini Picture Books – ECO Edition</u> <ul style="list-style-type: none"> Educate students and the public about environmental topics by creating eco-themed mini picture books. Share the eco-themed mini picture books and recorded storytelling sessions on the House of Mini Picture Books platform for public access.
385.	Liew Jong Yee	<u>Plastic to Play</u> <ul style="list-style-type: none"> Educate preschool students and teachers on transforming plastic waste into creative play structures and toys. Organise community collection drives with preschools for clean used plastics.
386.	Low Zong Hin, Bryant	<u>Creation Care @ BBTC Interest Group: Train-the-Trainer for Preschool & Youth Creation Care Education</u> <ul style="list-style-type: none"> Train Bethesda (Bedok-Tampines) Church's Creation Care Interest Group members to engage with Bethesda (Bedok-Tampines) Kindergarten and Beth Care Services on environmental education through sustainability workshops and mentorship. Create a mural wall display to showcase the upcycled items crafted by preschoolers and youths.
387.	Maple Bear Academy Pte Ltd	<u>Our Learning Garden</u> <ul style="list-style-type: none"> Set up an outdoor learning garden in the preschool compound to engage children and the community on urban farming. Conduct workshops, learning journeys and quarterly harvest days for families and residents.
388.	MapleBear Early Development Pte Ltd	<u>Green Fingers!</u> <ul style="list-style-type: none"> Set up an indoor hydroponics system and outdoor planters to grow vegetables and conduct workshops on urban farming for preschool children and families. Engage the wider tenant community through workshops on growing edible produce at the garden.
389.	Marine Parade Community Space Ltd	<u>Sustainability Corner @ MPCCH</u> <ul style="list-style-type: none"> Set up a sustainability corner at the upcoming Marine Parade Community Care Hub featuring educational displays, videos, and recycling bins. Create a sustainability-themed wall and feature educational videos that will highlight sustainability initiatives in Marine Parade.

390.	Metta Welfare Association	<u>Community Recycle / Repurpose Workshops</u> <ul style="list-style-type: none"> • Conduct a series of workshops on making enzyme cleaners from orange peels and herb planters from waste containers. • Engage residents and students from neighbouring schools in the workshops, which will be facilitated by clients of Metta Welfare Association.
391.	Metta Welfare Association	<u>Team AIM</u> <ul style="list-style-type: none"> • Conduct terrarium upcycling to educate participants about repurposing single-use glass containers to grow plants. • Train staff in skills to build and manage terrariums, and engage clients with intellectual disability, caregivers, volunteers and corporate partners.
392.	Milan Nathani	<u>SG ClimateHub</u> <ul style="list-style-type: none"> • Educate youths on climate change through developing a one-stop digital platform and organising engagement sessions. • The digital platform will include a carbon calculator to track carbon footprint, a climate education resource hub and community event calendar.
393.	MOVE&JOY Pte Ltd	<u>Car Free Game</u> <ul style="list-style-type: none"> • Encourage green commutes using the Move&Joy app and organise a month-long challenge with pop-up events, culminating in a final challenge event. • Organise community events at high traffic areas to encourage green commutes and participation in the challenge.
394.	Muneez Ibrahim Mazeen	<u>Reconnect with Nature</u> <ul style="list-style-type: none"> • Conduct train-the-trainer sessions for student trainers focusing on sustainable activities such as plastic recycling, textile upcycling, and urban farming. • Students will go on to lead outreach workshops, engaging both Institute of Mental Health residents and their school community, and create mural displays using upcycled materials.

395.	Naval Base Primary School	<u>MK@NB Edible Garden</u> <ul style="list-style-type: none"> Set up an edible garden with raised planter beds in the kindergarten. Engage classes in planting and harvesting and conduct edible garden education programme for all the children in the school, including messaging on food resilience.
396.	NUI Dublin Pte Ltd (University College Dublin Singapore)	<u>Green Paper, Green Future: Recycling Paper Waste into Seeding Paper</u> <ul style="list-style-type: none"> Educate students, partner institutions and the public on recycling paper waste into seed paper. Place customised paper recycling bins at the school lounge and at partner institutions.
397.	Ocean Purpose Project Pte Ltd	<u>OPP Purpose Pavilion</u> <ul style="list-style-type: none"> Set up an off-grid modular pavilion space using repurposed materials from hospitality events, which will be powered by solar panels and equipped with a rainwater collection system. The pavilion space located at Pasir Ris beach will be used as an activity hub to conduct workshops, training and other community-based activities.
398.	Orange Room Pte Ltd	<u>The Great Ocean Dash</u> <ul style="list-style-type: none"> Conduct beach/ocean cleanup sessions which will be facilitated by a trained Coastal Action Partner facilitator. Create an art installation from collected waste to raise awareness about marine pollution and upcycling.
399.	Pasarfish Pte Ltd	<u>From Tide to Table</u> <ul style="list-style-type: none"> Conduct culinary and heritage workshops to educate and influence consumer behaviour on sustainable seafood consumption. Conduct wet market walks, aquaculture farm tours, dining experience, culinary experience, art workshops and learning journeys for the public.
400.	Pasarfish Pte Ltd	<u>Know Your Fish</u> <ul style="list-style-type: none"> Create an educational gallery to bring the public through the entire journey of the seafood supply chain, and have engagement booths on sustainable seafood consumption. Produce a sustainable seafood guide on common market/supermarket fish in Singapore.

401.	Pass It On Elab Pte Ltd	<u>Green-House 2025 Programmes</u> <ul style="list-style-type: none"> • Conduct a weekend Green-House event at Temasek Shophouse to provide free programmes on household waste reduction, home green energy solutions and food-related carbon emissions. • Set up an exhibition as an immersive home setting and target families and young adults who influence household decisions.
402.	Pass It On Elab Pte Ltd	<u>The Bedside Closet: Swap, Slay and Say</u> <ul style="list-style-type: none"> • Conduct a public event to educate and empower the community to make climate-conscious fashion choices. • Set up a walk-in closet for people to exchange pre-loved clothing, and conduct panel discussions showcasing real stories on second-hand fashion by fashion and lifestyle influencers.
403.	PlasticTinkers Pte Ltd	<u>Ecomakers Lab: Empowering Communities with Sustainable 3D-printing</u> <ul style="list-style-type: none"> • Establish a community-driven circular economy system to recycle PET plastics into plastic filaments for 3D printing. • Partner with schools and a community venue to establish maker spaces, and collect used PET bottles from students and the community through engagement events and recycling drives.
404.	Pre-School By-the-Park	<u>Grey to Green – Sensory Garden</u> <ul style="list-style-type: none"> • Educate preschoolers, parents and teachers on growing edible plants and making compost. • Set up a sensory garden with planter beds of native plants and a trellis in the preschool's outdoor space.
405.	Preschool Market Pte Ltd	<u>Little Green Explorers: Beach Cleanup & Sustainability Learning Journey</u> <ul style="list-style-type: none"> • Conduct a guided beach cleanup session at Siloso Beach for preschool children, followed by an interactive workshop. • The workshop will teach children about creating art using waste materials and encourage them to adopt sustainable habits.

406.	Pullman Singapore Orchard	<u>Harvest with Heart Workshops</u> <ul style="list-style-type: none"> • Develop an on-site hydroponic farm on wheels with planted beds and vegetrays. • Conduct learning journeys for students, who will be able to harvest a small portion of vegetables to make salads as part of the hands-on component of the learning journey.
407.	Raffles Girls' School	<u>Project BioBliss</u> <ul style="list-style-type: none"> • Develop educational signage with QR codes to educate students on campus biodiversity, and create a student-led online repository for plant identification.
408.	Rasa Ed LLP	<u>The Rasa Project: Rasa Circle</u> <ul style="list-style-type: none"> • Deliver hands-on workshops focusing on local produce and regional ingredients to highlight low-carbon food choices. • Incorporate engaging activities and storytelling to teach children about mindful consumption and food waste reduction.
409.	Refash Pte Ltd	<u>Go Green Market</u> <ul style="list-style-type: none"> • Organise public events showcasing the environmental impact of fashion consumption. • Engage local green businesses to conduct free textile upcycling workshops at the events.
410.	Ren Epic Education Pte Ltd	<u>Early Childhood Environmental Education Master Class and Onsite Training</u> <ul style="list-style-type: none"> • Organise masterclasses for early childhood educators to learn how to incorporate environmental education in their curriculum. • Conduct on-site training sessions for educators at preschools and share about the eco-playbook and toolkits.
411.	Sentosa Development Corporation	<u>Sentosa Travelling Showcase</u> <ul style="list-style-type: none"> • Educate students on sustainability topics and inspire eco-conscious behaviour through facilitated hands-on workshops.

412.	Singapore Environment Council	<u>SG60: Building a Sustainable Future Together</u> <ul style="list-style-type: none"> Organise a public consultation exercise for environmental groups to develop a vision of a sustainable future for Singapore, obtain feedback and encourage individuals to consider how they can contribute to realising a sustainable Singapore.
413.	Singapore Innovation Centre	<u>Singapore Sustainability Festival – Sustainability Carnival</u> <ul style="list-style-type: none"> Organise a sustainability carnival to promote sustainable living and circular economy practices for the public and businesses. Conduct hands-on sustainability workshops on food waste reduction, composting and upcycling.
414.	SL2 Impact Ltd	<u>Climate Tech Youth Lab</u> <ul style="list-style-type: none"> Launch the Climate Tech Youth Lab, a youth-led initiative to improve climate literacy and mentor youth participants in generative AI, prototyping and Internet of Things. The youth teams will translate their findings into community engagement materials.
415.	Sohana Khatun	<u>Train The Trainer Programme: Environmental Outreach</u> <ul style="list-style-type: none"> Conduct train-the-trainer sessions for members of Fern & Field, an environmental student group, focusing on sustainable activities such as plastic bottle upcycling, upcycling of coffee grounds to make coffee sheets, and textile upcycling.
416.	Starshine Montessori @ Hillview Pte Ltd	<u>Starshine Green Stars: Empowering Eco-Conscious Young Learners and Families</u> <ul style="list-style-type: none"> Implement a sustainability-themed programme including activities in the preschool, community parent-child workshops, and an eco-themed celebration. Host a community event featuring composting and hydroponics setups, recycled crafts and performance of sustainability topics through skits, songs and storytelling.
417.	Sunflower Preschool @ Balestier Pte Ltd	<u>Green Beginnings: Building Sustainability Foundations for Preschoolers</u> <ul style="list-style-type: none"> Conduct a sustainability and eco-friendly education programme for preschoolers which includes learning journeys, reading sessions, and a hands-on workshop.

418.	Sustainable Energy Association of Singapore (SEAS)	<u>Clean the Seas with SEAS</u> <ul style="list-style-type: none"> Educate the public on marine litter and clean energy solutions that can help mitigate the effects of climate change. Organise a park and beach clean-up event and engage participants via educational booths.
419.	Sustainable Living Lab Pte Ltd	<u>HeatAware SG</u> <ul style="list-style-type: none"> Conduct house interviews to engage the elderly and assess their heat-awareness knowledge. Deploy sensor systems in participating households to monitor real-time indoor temperatures across key living spaces and provide real-time alerts when heat thresholds are exceeded.
420.	Tanvi Ravindra Thombre	<u>Sproutastic – A Web App to Teach Kids Sustainability through Games and Action</u> <ul style="list-style-type: none"> Develop a free gamified web app to educate children and youths on the various aspects of sustainability. Reach out to schools to conduct game workshops to engage pilot users and collect feedback.
421.	Terra Academy	<u>Forum Theatre Assembly Show</u> <ul style="list-style-type: none"> Educate students and youths on key environmental themes through forum theatre acting. Organise interactive sessions where students are engaged through acting out scenes related to an environmental issue and exploring potential solutions in a forum theatre format.
422.	The Circular Classroom	<u>Go Green PSGs</u> <ul style="list-style-type: none"> Educate and empower Parent Support Groups from various schools to repurpose old school uniforms through a digital platform and educational kits. Engage students to develop a digital management platform to track and facilitate collection and repurpose school uniforms.
423.	The Interchange LLP	<u>Stitch Up! A Circular Sewing Project</u> <ul style="list-style-type: none"> Educate the public on how to transform non-recyclable lifestyle waste materials into functional items through sewing workshops and community showcases. Create online tutorial videos on how to upcycle specific waste materials.

424.	The Mill International	<u>Machinery for Sustainable Showcase Area and Learning Journeys</u> <ul style="list-style-type: none"> Set up a hands-on educational exhibit to demonstrate how upcycled carpet pellets and materials can be transformed into useful products. Conduct external educational showcases on carpet recycling at various industry and community events.
425.	The Moonbeam.co Pte Ltd	<u>Resavour</u> <ul style="list-style-type: none"> Run a public education campaign to raise awareness of food sustainability and climate conscious consumer behaviour. Organise workshops exploring food waste reduction and Singapore's food supply chain through hands-on learning and discussion.
426.	Valour Primary School	<u>Sustainability through Food Waste Management</u> <ul style="list-style-type: none"> Collect food waste from canteen vendors, staff and parents, for recycling into compost. Train students on food waste recycling and composting, and the compost will be used for existing planter pots.
427.	WermTech.Asia Pte Ltd	<u>Farm To Table, Table to Farm Experience</u> <ul style="list-style-type: none"> Organise learning journey tours for schools to a local farm, and educate students on reducing food waste using insects and on local food production.
428.	Westwood Secondary School	<u>Westwood Inter-Class Sustainability Challenge</u> <ul style="list-style-type: none"> Run a campaign for students to participate in activities such as repurposing textiles through a fashion swap, reducing and composting food waste, and recycling.
429.	Wildlife Reserves Singapore	<u>Farmers Market at Mandai</u> <ul style="list-style-type: none"> Conduct a one-day farmers' market for the public at Mandai Wildlife West in collaboration with Kranji Countryside Association. Conduct educational talks on microgreens farming, local egg farming, food waste recycling and mushroom growing.

430.	Wild Space LLP	<u>Earth in Focus Singapore Nature Film Festival 2025</u> <ul style="list-style-type: none"> • Organise a 3-day nature film festival to bring the community together to celebrate the environment, nature and wildlife through visual art. • The festival will comprise film screenings, panel discussions, NGO booths, masterclasses, a photography exhibition, film and photography award presentations, and eco-themed workshops and programmes.
431.	Yayasan MENDAKI	<u>Raikan Ilmu@Heartlands</u> <ul style="list-style-type: none"> • Set up sustainability booths during Raikan Ilmu@Heartlands events, which is a flagship movement of the Malay/Muslim community to celebrate knowledge and lifelong learning. • The interactive booths will engage the public on recycling plastics, making eco-friendly crafts from used materials, and growing vegetables.
