# Travel Policy

Travel is a big part of sport but it also takes participants away from their families and familiar surroundings. Less structured environments can create situations where harm is more likely to occur. These guidelines are designed to keep everyone safe, especially during overnight trips.

Getting around

- A Person in Authority **must not transport a Minor alone** in a vehicle unless they are a parent or legal guardian
- **At least two Minor participants or another adult** should be present in the vehicle
- If a one-on-one journey is required, **written consent must be obtained** from the parent or legal guardian beforehand

Rooming arrangement

- A Person in Authority **must not share the same room** with a Minor
- All persons should room with someone of the **same gender**
- Meetings between a **Person in Authority and Minor**, or between those of **opposite gender** in an enclosed room should be avoided, unless the **door is open**

- **At least one member** of the travelling team (e.g., coach, team manager, medical staff) must be of the **same gender as the participants**
- Parents or legal guardian must provide **written consent** for Minor participants to take part in trips involving overnight travel

Overnight travel
