

Accountancy ECG Playbook Resource Tool Kit

To complement the Accountancy ECG Playbook, we have developed a comprehensive Resource Tool Kit designed to provide you with quick and easy access to essential information on the accountancy profession. This toolkit includes links to websites, reports, and additional resources that you can refer to and share with your students for further exploration.

We encourage ECG Counsellors to use the Resource Tool Kit alongside the ECG Playbook, as it serves as a valuable extension to the insights provided within these pages. The toolkit offers up-to-date information on career pathways, scholarships, industry trends, and educational programs, helping students make informed decisions about pursuing a future in accountancy. Together, the ECG Playbook and Resource Tool Kit ensure that you are well-equipped to guide your students toward a rewarding career in the dynamic field of accountancy.

Accountancy ECG Playbook PowerPoint Slides

The PowerPoint slides serve as a streamlined, visual guide extension of the ECG Playbook to help ECG counselors deliver clear and engaging career insights from during career talks.

Secondary School Students

Career guidance resources for secondary students, including tools for self-assessment and educational pathway insights, to aid in planning future studies and careers.
