

HEO UK/US Timelines Guide 2026/27

How to use the *Timelines* guide
for students applying to UK/US this cycle

UK and US application portals

All applications to UK and US universities go through the school. Follow HEO guides to create your accounts and link them to the school. **Do not** create accounts before reading our UCAS and CIALFO guides.

University admission tests & interviews.

Many universities in the UK require admission tests. Almost all Law and Medicine courses also require admission tests. Do check university web sites carefully to ensure you take the necessary tests. Apply and register for your test independently. Refer to Pg 3-4.

Letters of recommendations and CT's reference

Both UK and US applications require references from your civics tutor and for US apps, your subject teachers as well. Follow HEO's recommended timeline to approach your teachers. Please respect your teachers by asking early and in person, before pingging them on the relevant system.

Do not miss submission deadlines!

All students must submit UCAS applications and confirm your US college choices on CIALFO by **our internal deadlines**. This allows your teachers and HEO sufficient time to complete your apps and submit the necessary documents to support your app.

Students **adhere to all internal deadlines**. This is **non-negotiable**. Your teachers and HEO need time to get materials ready for you. We are unable to guarantee that any app submitted after the internal deadlines can reach the universities in time.

Go through each page of To-do's; check off completed tasks. Be aware of upcoming deadlines.

Check Ivy HEO for our guides to all things app-related. In all cases, check with colleges & testing websites directly for their specific deadlines and updates. Students register independently for all external tests.

Note to alumni: All necessary app guides are uploaded on our open web. If you wish for feedback on your essays, please see Instructions for Written Feedback from Sep onwards.

Increasingly, colleges like Imperial College London may also conduct online interviews. This can be major-dependent. Students are to check their respective university websites carefully thus, to see if interviews may be required, and if so, are they online or in person. For non-Oxbridge schools: interviews can be held anytime, usually from Dec – Feb.
