- It is your responsibility to ensure that **all self-reported results** are entered correctly. **Please double-check all subjects and grades before you click 'submit'.**

Section 1

Overview and important information

Applying to UK Universities: Overview

1. Start your UCAS account online.
2. Approach your CT directly to request for a reference.
3. Check university websites for course outlines and admission requirements.
4. Register and sit for admission tests, where relevant.
5. Double-check your UCAS application (name, subjects listed, etc.) before you submit it.
6. Submit your UCAS application well before our **internal** deadline. Your application reaches your CT.
7. Your CT completes the teacher reference and submits the full completed application to UCAS by the official UCAS deadline.

Notes:

- *Certain universities & courses have additional requirements. Read the application instructions of your desired universities/courses closely.*
- *Adhere to all **internal RI deadlines** for applications. Refer to Slide #11 for this.*

What is UCAS?

- <https://www.ucas.com/>
- UCAS, the Universities and Colleges Admissions Service, is an independent charity, and the UK's shared admissions service for higher education.
- What is submitted to UCAS?
 - Your personal information
 - Your university course choices and personal statement
 - Your academic grades from Year 4/O Levels and A Levels
 - Your CT's teacher reference

Important information before you begin

- You submit 1 personal statement for all your course choices. Hence all your course choices must have commonality, so that your statement makes sense.
- You send off your UCAS statement once. I.e., if you are applying for courses with an October deadline, you will submit your UCAS application to all other courses/unis in your list by Oct.
- You can make a max. of 5 course choices with the *following exception*:
 - Up to 4 course choices for Med/VetMed/VetSci/Dentistry.
 - You can include a 5th choice in another related course, e.g. you may apply for 4 Med courses and 1 Biomedical Sciences course, or leave the 5th choice blank.
- You can only make 1 course choice in **either** Cambridge or Oxford, not both.
- Universities consider all applications submitted by the UCAS deadline. They cannot see where else you have applied to.
- Payment is made directly to UCAS online (by credit card), not through RI.

THE BUZZWORD FOR THIS CYCLE IS
Raffles2026

Important information before you begin

- All RI applicants apply through RI as your school, in order for us to verify, process and submit your application. Your CT will not be able to furnish a reference nor authenticate your app if you apply as an individual.
- You can start your UCAS accounts from 14 July 2025. Completed applications can only be submitted to UCAS from 3 Sep 2025.
- Fill in the sections carefully. Save your progress over several sittings to give yourself time to complete your form carefully.
- You need to have 1 reference submitted in support of your application. Your reference is written and submitted by your Civics Tutor.
- You need to complete your UCAS statement and make payment before your CT can complete his/her portion and send your application off. So, be sure to complete your application well ahead of our internal deadlines.
- Plan ahead. It is your responsibility to adhere to RI internal deadlines.

Requesting for References

- Approach your CT personally for a reference based on our internal timeline (available on our IVY HEO course or our open website for alumni).
- Do not wait until you are done with your statement or make last minute decisions to apply. Your teachers need time to help you properly too.
- Should it be necessary, you may furnish your CT with a 1-page write-up with information on:
 - The courses you are applying to
 - Your related academic interests, e.g. the topic you most enjoyed and why
 - Academic enrichment activities, where available
 - Non-academic activities
 - Any other information requested by your CT

Registering your UCAS account

(for entry in 2026 or deferred entry in 2027)

Registering for an account

Head to ucas.com and select **Sign in**.

Before you begin

- Use your [personal email account](#), not your ri.edu.sg account.
 - You must have access to your email throughout the application phase.
 - Unis will be contacting you via this account after your graduation next year, where you will lose access to your RI email.

 - Be consistent in all your UK applications and test registrations.
- Keep your password securely so that you can retrieve it when necessary.

Registering for an account

Once you've registered,
you're ready to get started.

The diagram illustrates the UCAS account registration process. It features two overlapping white panels on a dark purple background. The first panel, titled 'Welcome Sam', contains a blue circle with a white 'S', the text 'Let's set up your UCAS account.', a blue 'Let's go' button, and a link 'I work for a school, college, centre, or university'. The second panel, titled 'Where do you live?', is overlaid on the first and contains a back arrow, the text 'This helps us to give you the right support based on your location.', a 'Country *' dropdown menu with 'United Kingdom' selected, an 'Address lookup *' search bar with the placeholder 'Search for an address', and a 'Continue' button. The background of the second panel is a colorful illustration of a city street with buildings, trees, and a river.

English language certificates

English language certificates are often needed for international students as an entry requirement for the course.

Not everyone will need an English language certificate. If you're unsure whether you need one, check the entry requirements for the course on the search tool.

If you have a language certificate that is not listed here, ie Pearson, Cambridge you can add these as a qualification in the section above.

Test of English as a Foreign Language (TOEFL) Number

International English Language Testing System (IELTS) TRF Number

Leave the section on English language certificates blank unless you have recent TOEFL or IELTS scores. Please note that these tests are **not required** during the application phase.

☒ Mark this section as complete*

You must complete all mandatory fields in this section before you can mark it as complete. All sections must be marked as complete before you can send your application.

Complete your Experience

- **Education**

- You've completed the most tedious part of the application!
- Take a break!

- **Employment**

- Only paid employment is considered in this section. There's no need to add unpaid internships, attachments or short-term / part-time employment.
- For most of you, this section will be blank. Simply mark it as complete and save.
- National Service: You do not need to include this. However, you may wish to include if there are skillsets which are directly relevant to the course you are applying for, that you elaborated about in your statement.

The image shows a dark blue header with the word 'Experience' in white. Below it are two white rounded rectangular boxes. The left box is titled 'Education' and contains the text 'Qualifications and periods of study'. The right box is titled 'Employment' and contains the text 'Paid employment'. Both boxes have a green bar at the bottom with a white checkmark and the text 'Section complete'.

Course Choices

- Before you begin this section, you should already have a list of up to 5 choices. You will need:
 - Name of the university
 - Exact name of the course (including the course code)
 - Location (for Oxbridge applications, you should also have decided on your College. It's fine to have OPEN for Oxford if you have no college preference.)

The screenshot shows a dark-themed user interface for managing course choices. At the top left, the text "Your **choices**" is displayed. Below this is a large blue button with a white plus sign icon and the text "Add choice". To the right of this button is a white search bar with the placeholder text "Search for courses" and a magnifying glass icon, with a link "Find courses and providers" below it. Further right is a small blue circular icon with a white question mark. Below the "Add choice" button is a dark grey box containing the text: "You can add up to 5 choices to your application. You can change your choices until you send your application to us. All sections must be marked as complete before you can send your application to us." At the bottom left of this box is a blue button labeled "Mark complete".

Adding a choice

- **Location:**

- Oxford / Cambridge – you may select a college or select “Open Application”.
- Other universities – select whichever is applicable.

- **Start date:**

- For **1 year** deferral, select 2027.
- Do check the uni websites on deferment policy if you intend to start school in 2027.

For current Y6s who will serve NS: refer to slide #56 for more details.

- Select 2027. Leave room in your personal statement (**Tip: Q3 is a good place**) to explicitly state that you have a 2-year NS commitment and will only enrol in Fall 2028. AND/OR: leave a similar comment in **Further Details**.
- The majors of Medicine and Mathematics in most universities, and LSE, do **not** defer for 2 years, so if you wish to apply to these, you should **not** be applying this cycle.

Important reminder for those serving NS

1. In *which year do you want to start your studies*—select **2026** (see slide #17)
2. For *date of first entry to the UK*—simply put the furthest date you can (see slide #26).
3. When you *Add Choice*, under *Course start date*—select dd/mm/**2027** (see slide #53). This is for a one-year deferral.
4. For current Y6s who will be going to NS: leave room for a footnote in your personal statement, that due to mandatory military service, you will require a 2-year deferral, entering university from Fall 2028. A good place to do this is in Q3 of the UCAS statement. You can opt to do the same in *Further Details* under the *Add Choice* bit. Essentially, **be explicit about this**.

#HEOprotip:

- **Read university policies closely – not all schools defer places for 2 years.** If in doubt, email the university admission office. Note that the majors of Mathematics & Medicine, and LSE, do not defer for two years.
- You should **not** be applying this year if your dream UK school/course does not defer for 2 years.
- As you still have time over the next 2 years, you should **only** apply to schools that, if offered, you would **definitely** accept. This is as UCAS will require you to turn down all offers in order to reapply.
- If after consideration, you decide to focus on the A Levels and apply next year instead, that's fine. There is absolutely no rush.

Personal Statement

- Before you begin, refer to HEO resources for writing the UK statement.
 - Year 6 students: all resources are on Ivy
 - Alumni: refer to <http://www.ri.edu.sg/school-life/higher-education-office>

After submission

If you log in after you've submitted your application, you'll see a read-only version of it.

You may check the status of your application again after 15 Oct (for Oct deadlines) or 14 Jan (for Jan deadlines).

Important: While you may be anxious in the interim, please avoid rushing CTs/HEO during this period! Be patient. :)

University admission tests

- Check the **entry requirements** for the courses you are applying to on university websites. Some require that you sit additional aptitude or admission tests **prior** to submitting your application.
- Most Law and Medicine courses require applicants to sit for the LNAT and UCAT respectively.
- Many Oxford, Cambridge, and Imperial College courses require admission tests. Many Economics courses in other unis require TMUA (except Oxford which requires TSA).
- **Be aware of the test dates and plan ahead accordingly. Note that test dates may clash with the A Level Science Practical Exams. Inform HEO early via our form (slide #11) if this applies to you: while we are unable to guarantee, we will see if it is possible to help.**
- **Additional tests, post-application:** E.g., English Language qualifications, STEP, etc. You may have to sit for added test(s) in 2026 depending on conditions set by the different universities in your offer letters next year. But there's no need to worry this year, at the point of application.
- All such tests, inclusive of English Language proficiency tests, will be clearly stipulated in the terms & conditions in the offer letters sent by the universities. You are obligated to take the stated test(s) only if accepting that one university place.
