CONTENTS

1. Overview and important information
2. Key application deadlines 2026-2027
3. Registering your UCAS account
4. Additional information on tests and requirements
5. Notes for alumni

Important foreword:

- Read this deck of slides closely and carefully all the way to the end **before** you start creating your UCAS account.
- Ensure that all information you provide is truthful to the best of your knowledge.
- It is your responsibility to ensure that **all self-reported results** are entered correctly. **Do not omit any subject. Please double-check all subjects and grades before you click 'submit'.**
- If a university admission test is required for your course, you are to register, pay for and sit for the test independently. Ensure you do not miss the registration and payment deadlines set by test providers. **Y6s: ensure you pick a test date that does not clash with your A-Level practical exams.**

Section 1

Overview and important information

Applying to UK Universities: Overview

1. Start your UCAS account online.
2. Approach your CT directly to request for a reference.
3. Check university websites for course outlines and admission requirements.
4. Register and sit for admission tests, where relevant.
5. Double-check your UCAS application (name, subjects listed, etc.) before you submit it.
6. Submit your UCAS application well before our **internal** deadline. Your application reaches your CT.
7. Your CT completes the teacher reference and submits the full completed application to UCAS by the official UCAS deadline.

Notes:

- *Certain universities & courses have additional requirements. Read the application instructions of your desired universities/courses closely.*
- *Adhere to all **internal RI deadlines** for applications. Refer to Slide #11 for this.*

What is UCAS?

- <https://www.ucas.com/>
- UCAS, the Universities and Colleges Admissions Service, is an independent charity, and the UK's shared admissions service for higher education.
- What is submitted to UCAS?
 - Your personal information
 - Your university course choices and personal statement
 - Your academic grades from Year 4/O Levels and A Levels
 - Your CT's teacher reference

Important information before you begin

- You submit 1 personal statement for all your course choices. Hence all your course choices must have commonality, so that your statement makes sense.
- You send off your UCAS statement once. I.e., if one of your choices has an October deadline, you will submit your entire UCAS application to all other courses/unis in your list by Oct.
- You can make a max. of 5 course choices with the *following exception*:
 - Up to 4 course choices for Med/VetMed/VetSci/Dentistry.
 - You can include a 5th choice in another related course, e.g. you may apply for 4 Med courses and 1 Biomedical Sciences course, or leave the 5th choice blank.
- You can only make 1 course choice in **either** Cambridge or Oxford, not both.
- Universities consider all applications submitted by the UCAS deadline. They cannot see where else you have applied to.
- Payment is made directly to UCAS online (by credit card), not through RI.

THE BUZZWORD FOR THIS CYCLE IS
Raffles2027

Important information before you begin

- All RI applicants apply through RI as your school, in order for us to verify, process and submit your application. Your CT will not be able to furnish a reference nor authenticate your app if you apply as an individual.
- You can start your UCAS accounts from 13 July 2026. Completed applications can only be submitted to UCAS from 1 Sep 2026 .
- Fill in the sections carefully. Save your progress over several sittings to give yourself time to complete your form carefully.
- You need to have 1 reference submitted in support of your app. This is by your Civics Tutor, who thus has the authority to carry out the other critical step of authentication for you.
- As such, you need to complete your UCAS statement and make payment before your CT can complete his/her portion and send your application off. So please complete your application well ahead of our internal deadlines.
- Plan ahead. It is your responsibility to adhere to RI internal deadlines.

THE BUZZWORD FOR THIS CYCLE IS
Raffles2027

Requesting for References

- Approach your CT personally for a reference based on our internal timeline (available on our IVY HEO course or our open website for alumni).
- Do not wait until you are done with your statement or make last minute decisions to apply. Your teachers need time to help you properly too.
- Should it be necessary, you may furnish your CT with a 1-page write-up with information on:
 - The courses you are applying to
 - Your related academic interests, e.g. the topic you most enjoyed and why
 - Academic enrichment activities, where available
 - Non-academic activities
 - Any other information requested by your CT

Section 2

Key application deadlines

(for entry in 2027 or deferred entry in 2028)

Key deadlines to submit UCAS Application

Type of application	Actions required*	RI Internal Deadline**	Official UCAS Deadline
- Oxford applicants - Cambridge applicants[#]	Inform your CT 13 Jul – 25 Sep	4 Oct 2026 Sun 2359h	15 Oct 2026 Wed
- Medicine - Dentistry - VetMed/VetSci	Inform your CT 13 Jul – 25 Sep	4 Oct 2026 Sun 2359h	15 Oct 2026 Wed
Majority undergraduate courses	Inform your CT 13 Jul – 20 Nov	6 Jan 2027 Sun 2359h	13 Jan 2027 Wed

A separate guide to completing the “My Cambridge Application” form will be made available in September. The deadline to submit this will be 22 Oct 2026, for most applicants. Refer to the Cambridge website as well for this.

** Inform your CT personally if you’re applying as UCAS does not alert tutors. Do so early so that your CT has time to prepare your reference.*

*** Applicants **adhere to all internal deadlines please**. HEO is unable to guarantee that any app submitted beyond our deadlines will reach your universities in time. Help us help you!*

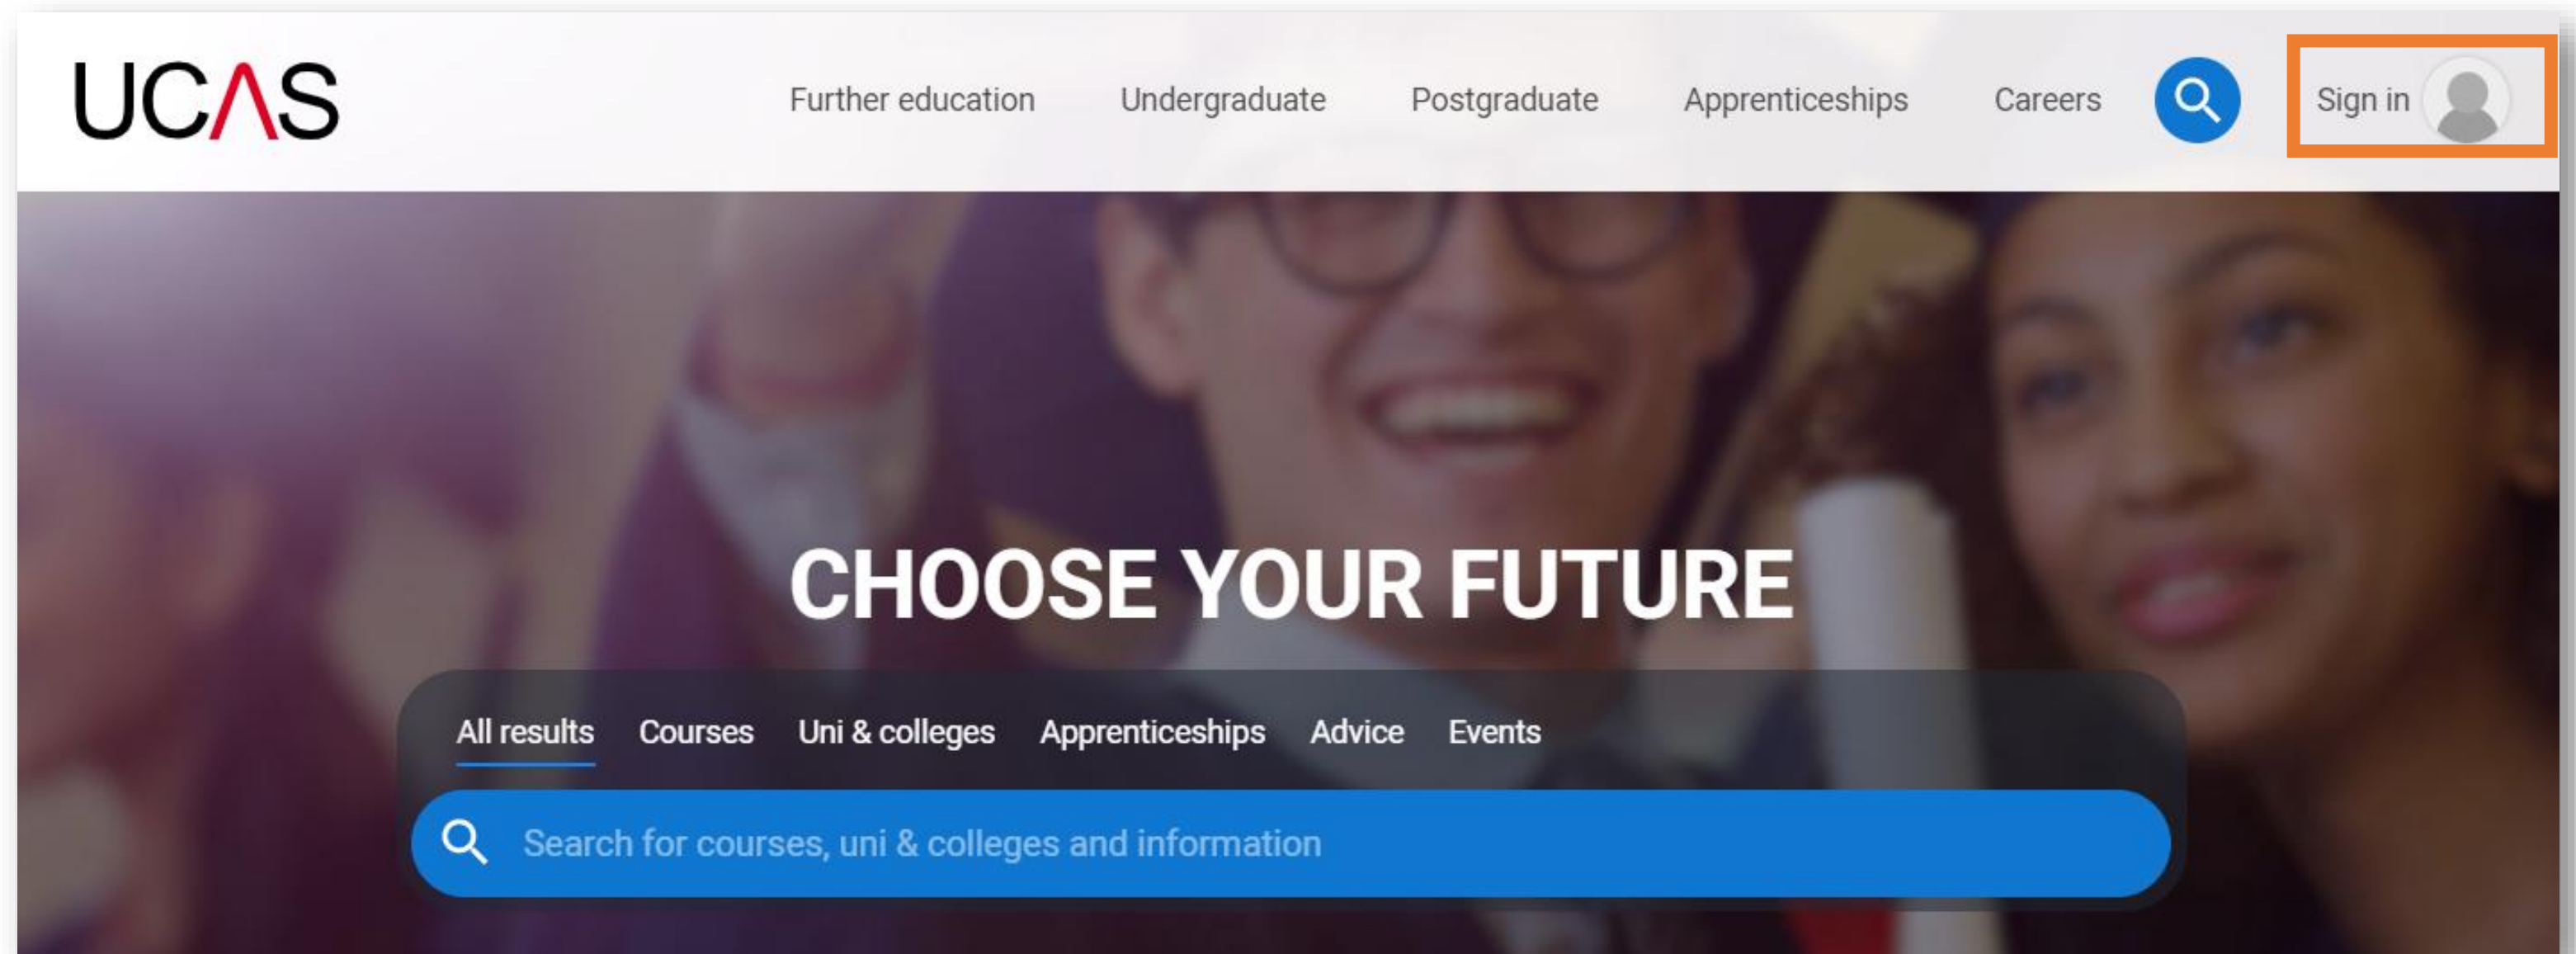

Section 3

Registering your UCAS account

(for entry in 2027 or deferred entry in 2028)

Registering for an account

Head to ucas.com and select **Sign in**.

Before you begin

- Use your [personal email account](#), not your ri.edu.sg account.
 - You must have access to your email throughout the application phase.
 - Unis will be contacting you via this account after your graduation next year, where you will lose access to your RI email.
- Use your [formal](#) first and last names (exactly as they are printed on your passport).
 - Last name refers to your surname or family name.
 - In the UK, names appear as “FirstName LastName”, e.g. “Ho Wee Tan” means Tan is the surname.
 - Be consistent in all your UK applications and test registrations.
- Keep your password securely so that you can retrieve it when necessary.

A secondary navigation bar contains a 'Hub' icon, a grid icon for 'For you', a heart icon for 'Favourites', a magnifying glass for 'What to do', a location pin for 'Where to go', and a search bar. The main content area starts with a 'Welcome Sam' message, indicating the user is applying for undergraduate courses in 2027. A prominent pink-bordered box titled 'Start an application' contains a description of applying to universities and a 'Start an application' button. Below this is a green banner for virtual tours. The 'Your feed' section follows, displaying a grid of eight cards: 'Discover what to do', 'What subject should I take?', 'Discover careers', 'Key application dates', 'How to apply', 'How to nail that personal statement', and 'Discover where to go'. Each card includes a brief description and a 'Find out more' link. The interface is clean and modern, with a white background and colorful accents.

Your '**Application status**' helps track your progress.

The **percentage complete** updates each time you mark a section as complete.

All sections on this page must be completed before you can submit your application. We suggest you start with the Profile and Experience sections.

The screenshot shows the UCAS Application 2027 Undergraduate application page. At the top right, a red box highlights the 'Your Personal ID number' 2130786900. Below this, a progress bar shows the application status. The progress bar consists of four circular indicators: 'CHOICES' (0/5), 'PROFILE' (0%), 'PERSONAL STATEMENT' (NOT STARTED), and a final indicator (0%). A red arrow points from the 'Your Personal ID number' box to the final indicator. The 'Review and submit' button is visible at the end of the progress bar.

Profile: Nationality details

- You may choose to upload a **photo of your passport**. This is for universities to verify your nationality and fee status. This step is strictly **optional**.
- As it is optional now, it is fine not to upload. However, you must be ready to upload/send any documents to the universities upon their request.
- Once your application is submitted, you will not be able to add or amend the documents attached. Please **double-check all details are right** before submitting hence.

Optional

Would you like to upload a photo of your passport?

Documents with security markings such as passports must be uploaded as photos and not scanned.

Adding these documents may assist universities and colleges in evaluating your fee status. If you can't upload your documents now, or you don't have them yet, don't worry. Your chosen universities or colleges may ask you to send them later directly.

Education: upload your certificates (all students)

Have you finished adding all the qualifications you have achieved or are currently studying? *

You must enter all your qualifications from secondary education onwards, such as GCSEs, National 5s, A Levels, BTECs, Scottish Highers, IB, or the equivalent in your own country you have studied.

☒ Yes

☐ No

Optional Would you like to upload certificates and transcripts?

UK applicants still in formal education are not required to upload supporting documents.

You have the option to add supporting documents if you are:

- An international applicant
- A mature applicant

- You will now see an option to **upload your certificates and transcripts. Do so.**
- To do: Scan a **clear and coloured copy** of your Year 4 Overall results (for IP students) or O Level certificate (for non-IP students) in **one PDF file**, both **front and back** unless the back page is blank.
- **Alumni:** Include your A Level certificates in the same PDF file, both front and back. This includes PW and any GCE language cert you may have.
- Ensure that all official crests (school and MOE) are visible on your documents. Your name must also be shown clearly and consistent with your name in your UCAS application (don't worry about the first name/last name order).
- It is your responsibility to ensure that all subjects and grades are reported accurately as printed on your certificates and transcripts. According to UCAS, any discrepancies may be treated as fraud, and any offers may be rescinded.
- You will be able to amend your uploads until you pay and submit your UCAS application. Once your application is submitted, you will not be able to add or amend the documents attached.
- **If you have misplaced your certs:** contact your respective secondary school's General Office to order a reprint, and upload this. If you've misplaced your A-Level cert: [go to SEAB](#). Please give your secondary schools time for this.

Education: complete the section (all students)

English language certificates

English language certificates are often needed for international students as an entry requirement for the course.

Not everyone will need an English language certificate. If you're unsure whether you need one, check the entry requirements for the course on the search tool.

If you have a language certificate that is not listed here, ie Pearson, Cambridge you can add these as a qualification in the section above.

Test of English as a Foreign Language (TOEFL) Number

International English Language Testing System (IELTS) TRF Number

Leave the section on English language certificates blank unless you have recent TOEFL or IELTS scores. Please note that these tests are mostly **not required** during the application phase.

- You've completed the most tedious part of the application!
- Take a break!

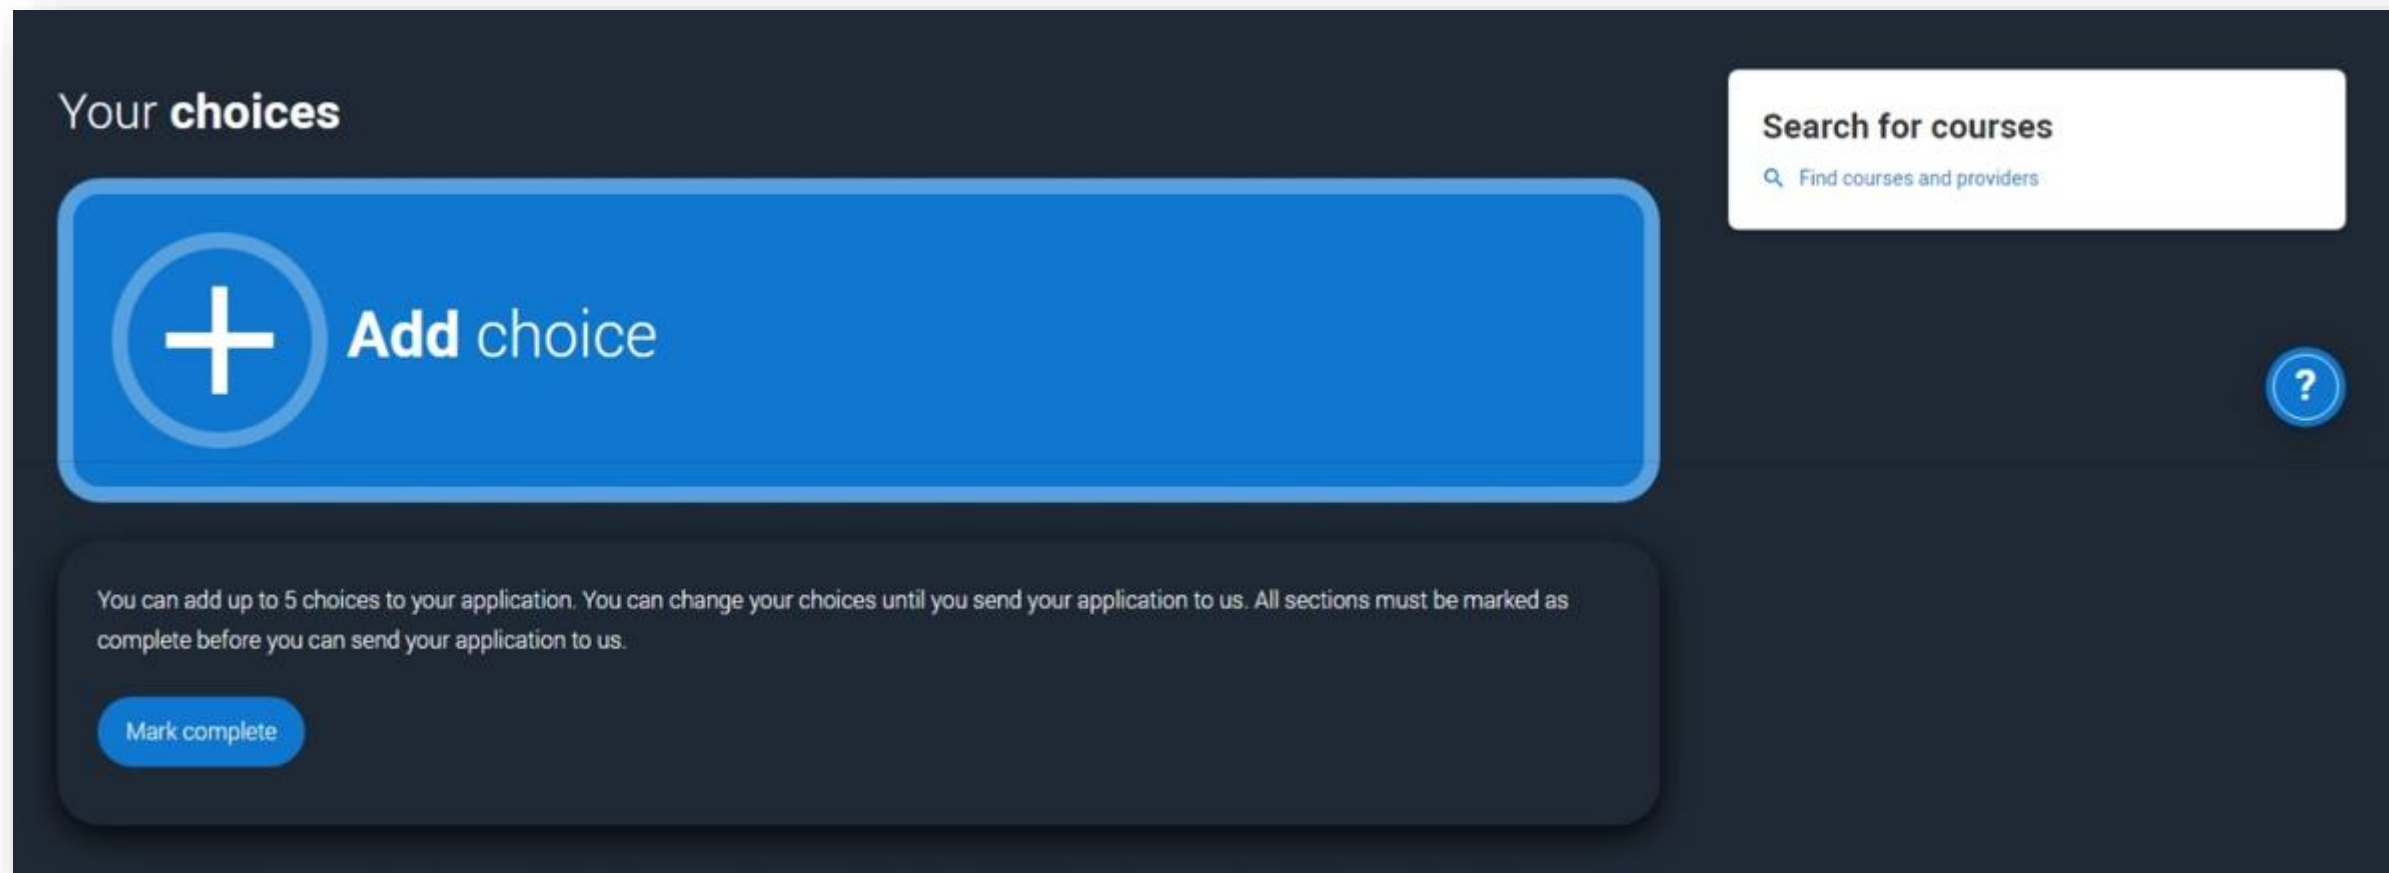

- **Employment**

- Only paid employment is considered in this section. You should not add unpaid internships, attachments, short-term / part-time employment or voluntary work. If relevant, you may mention them in your personal statement.
- For most of you, this section will be blank. Simply mark it as complete and save.
- National Service: You do not need to include this. However, you may wish to include if there are skillsets which are directly relevant to the course you are applying for, that you elaborated about in your statement.

The image shows a dark blue header with the word 'Experience' in white. Below it are two white rounded rectangular boxes. The left box is titled 'Education' and contains the text 'Qualifications and periods of study'. The right box is titled 'Employment' and contains the text 'Paid employment'. At the bottom of each box is a green bar with a white checkmark and the text 'Section complete'.

Course Choices

- Before you begin this section, you should already have a list of up to 5 choices. You will need:
 - Name of the university
 - Exact name of the course (including the course code)
 - Location (for Oxbridge applications, you should also have decided on your College. It's fine to have OPEN for Oxford if you have no college preference.)

The screenshot shows a dark-themed user interface for managing course choices. At the top left, the text "Your choices" is displayed. Below it is a large blue button with a white plus sign icon and the text "Add choice". To the right of this button is a white search bar with the placeholder text "Search for courses" and a magnifying glass icon, with a link "Find courses and providers" below it. Further right is a small blue circular help icon with a white question mark. At the bottom left, there is a light blue button labeled "Mark complete". A paragraph of text explains the choice limit and completion requirements.

Adding a choice

- **Location:**

- Oxford / Cambridge – you may select a college or select “Open Application”.
- Other universities – select whichever is applicable.

- **Start date:**

- For **1 year** deferral, select 2028.
- Do check the uni websites on deferment policy if you intend to start school in 2028.

For **current Y6s** who will serve NS: refer to slide #59 for more details.

- Select 2028. Leave room in your personal statement (**Tip: Q3 is a good place**) to explicitly state that you have a 2-year NS commitment and will only enrol in Fall 2029. AND/OR: leave a similar comment in **Further Details**.
- The majors of Medicine and Mathematics in most universities, and LSE, do **not** defer for 2 years, so if you wish to apply to these, you should **not** be applying this cycle.

The screenshot shows the 'Add choice' form with the following fields and values:

- University/college name ***: University of Oxford
- Course ***: Archaeology and Anthropology
- Course code**: LV64
- Location ***: Open Application (selected from a dropdown menu)
- Start date ***: 04 October 2027 (selected from a dropdown menu)
- Further details**: (Empty text box)
- Point of entry**: 1st year (selected from a dropdown menu)
- Live at home while studying? ***: No (selected with a radio button)

Red arrows from the text on the left point to the 'Open Application' dropdown, the '04 October 2027' dropdown, and the '1st year' dropdown. A red box highlights the 'Live at home while studying?' section.

Important reminder for those serving NS

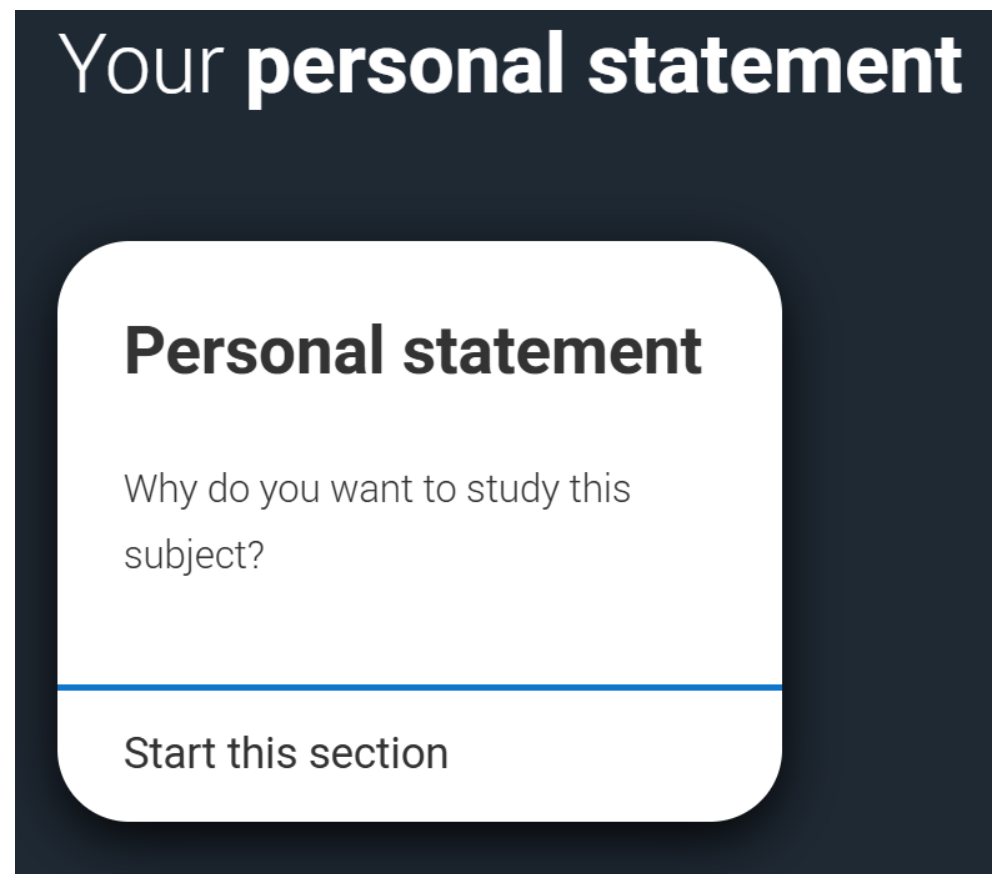

1. In *which year do you want to start your studies*—select **2027** (see slide #18)
2. For *date of first entry to the UK*—simply put the furthest date you can (see slide #27).
3. When you *Add Choice*, under *Course start date*—select dd/mm/**2028** (see slide #56). This is for a one-year deferral.
4. For current Y6s who will be going to NS: leave room for a footnote in your personal statement, that due to mandatory military service, you will require a 2-year deferral, entering university from Fall 2029. A good place to do this is in Q3 of the UCAS statement. You can opt to do the same in *Further Details* under the *Add Choice* bit. Essentially, **be explicit about this**.

#HEOprotip:

- **Read university policies closely – not all schools defer places for 2 years.** If in doubt, email the university admission office. Note that the majors of Mathematics & Medicine, and LSE, do not defer for two years.
- You should **not** be applying this year if your dream UK school/course does not defer for 2 years.
- As you still have time over the next 2 years, you should **only** apply to schools that, if offered, you would **definitely** accept. This is as UCAS will require you to turn down all offers in order to reapply.
- If after consideration, you decide to focus on the A Levels and apply next year instead, that's fine. There is absolutely no rush.

Personal Statement

- Before you begin, refer to HEO resources for writing the UK statement.
 - Year 6 students: all resources are on Ivy.
 - Alumni: refer to <https://www.ri.edu.sg/student-support-services/higher-education-office/>
 - UCAS also has a guide: <https://www.ucas.com/applying/applying-to-university/writing-your-personal-statement>

TIP - Demonstrate that:

- You understand the nature and demands of your selected course.
- You have relevant **background knowledge of selected discipline** gained from lessons, academic enrichment, work experiences, other co-curricular activities, etc.
- You have the **requisite academic skills** to pursue the selected course. These could be critical thinking, multidisciplinary understanding, precision skills, etc.

Demonstrate these by engaging with issues instead of merely *listing* the skills involved or the activities you had participated in.

Personal statement

You can save and edit this as many times as you need to.

If it's over the character count you can't '**Complete**' it until it meets the count.

If you try to navigate away without saving your work. We'll remind you with a pop-up warning.

You can expand each question box by dragging the bottom right-hand corner.

Why do you want to study this course or subject? *

This is your opportunity to showcase your passion and knowledge of your chosen subject area and to demonstrate to universities and colleges why they are a good fit for you and your future ambitions.

Please use a minimum of 350 characters in this section (350 needed)

How have your qualifications and studies helped you to prepare for this course or subject? *

This is your chance to shout about the relevant or transferable skills you've gained from your education and highlight your understanding of how they will help you succeed in this subject area.

Please use a minimum of 350 characters in this section (350 needed)

What else have you done to prepare outside of education, and why are these experiences useful? *

This is your chance to reflect on any other activities you have undertaken outside of your education or personal experiences which further demonstrate your suitability for the course. This section is likely to be deeply personal to you, so anything you include should be meaningful and relevant to you.

Personal statement

Remember UCAS will carry out checks to verify your personal statement is your own work.

If it looks like it's been copied from other sources, UCAS will inform the universities and colleges you applied to, and they'll decide what to do next.

UCAS will also contact you by email to tell you this has happened.

In addition to HEO's guides, check out ucas.com for all the support in writing your personal statement.

Submitting the application

By accepting the terms and conditions you are confirming you have read and understood the terms and conditions, and that the information you have provided is true, complete and accurate.

You can collapse these by clicking the ▼.

Either **Accept and proceed**, or you can 'Return to application'.

The screenshot displays the 'SUBMITTING YOUR APPLICATION' page for a 2027 Undergraduate application. At the top right, the user's 'Personal ID number' is 2070014907. A progress bar indicates three steps: 1. Check your application, 2. Terms and conditions (current step), and 3. Pay and submit. The 'Terms and conditions' section is expanded, showing a heading 'Terms and conditions' followed by a paragraph stating it's important to read the declaration carefully. Below this are links for 'EXPAND ALL' and 'COLLAPSE ALL'. The 'Your application' section is also expanded, containing a paragraph about the declaration, a note about agreeing to terms and conditions, and a section titled 'a. How we verify the information you provide'. This section explains that UCAS may take steps to check information and lists reasons for refusal: 'left out any relevant information' and 'given false or misleading information'. It also states that UCAS can cancel an application if it contains false information and that users must report any inaccuracies. A help icon (?) is visible in the bottom right corner.

Pay and submit

- Before you proceed with this final step, **carefully check your application again to ensure all sections are accurately filled in.**
- When you're ready, select "Pay by card".
- Your application now goes to your CT for verification & their reference.
- As your CTs verify your app, they may return the application to you if there are errors. You will then make the necessary changes and re-submit. You do not have to pay again. **Please be alert thus to comms from UCAS/your CT on this.** You can prevent this by double-checking everything prior to submission!

The image displays two screenshots of the UCAS application payment and submission process. Both screenshots feature a progress bar at the top with three steps: 1. Check your application, 2. Terms and conditions, and 3. Pay and submit. The current step, 'Pay and submit', is highlighted.

The top screenshot shows the 'Pay and submit' page with the heading 'Pay and submit' and the question 'Which payment option should I choose?'. Below this, it states 'You cannot amend this choice later so please select the right option for you.' The 'Pay by card' option is selected and highlighted in a light blue box. It includes logos for VISA, Mastercard, and JCB. Below the logos, it says 'The next screen you see may be from your card issuer for payments.' There is a 'Pay by card' button and a 'Back to Terms and conditions' button. A 'Return to application' link is also visible.

The bottom screenshot shows the 'Pay and submit' page with the heading 'Pay and submit' and the question 'Which payment option should I choose?'. Below this, it states 'You cannot amend this choice later so please select the right option for you.' The 'Paying for your application' option is selected and highlighted in a light blue box. It includes an 'Invoice' button and a description: 'UCAS will send an invoice to your school, college or centre for payment of the application fee. Select this option if the centre has agreed to pay your application fee on your behalf.'

Payment & submission is to be completed by 4 Oct 2026 2359h (Oct deadline) or 6 Jan 2027 2359h (Jan deadline). HEO is unable to guarantee that any app submitted after these dates will reach your universities by UCAS' deadlines.

After submission

If you log in after you've submitted your application, you'll see a read-only version of it.

You may check the status of your application again after 15 Oct (for Oct deadlines) or 13 Jan (for Jan deadlines).

Important: While you may be anxious in the interim, please avoid rushing CTs/HEO during this period! Be patient. :)

The screenshot shows a web interface for a UCAS application. At the top, a teal banner contains a link to 'Return to your Hub', a message stating 'This is a read only version of your application which is with an adviser at UCAS Test and training centre.', and links for 'Contact' and 'Download as PDF'. Below the banner is a sidebar with a list of application sections: Personal details, Contact and residency details, Employment, Education, Nationality details, Supporting information, English language skills, Finance and funding, Diversity and inclusion, and Personal statement. The main content area displays two sections: 'Personal details' and 'Contact and residency details'. The 'Personal details' section includes fields for Title (Ms), First name (Rose), Last name (Hill), Previous name(s) (Not provided), Preferred name (Not provided), Date of birth (06/02/1996), and Gender (Female). The 'Contact and residency details' section includes Mobile telephone number (01234567890) and Other telephone number (Not provided).

University admission tests

- Check the **entry requirements** for the courses you are applying to on university websites. Some require that you sit additional aptitude or admission tests **prior** to submitting your application.
- Most Law and Medicine courses require applicants to sit for the LNAT and UCAT respectively.
- Many Oxford, Cambridge, and Imperial College courses require admission tests. Many Economics courses in other unis require TMUA (except Oxford which requires TARA).
- **Be aware of the test dates and plan ahead accordingly. Note that test dates may clash with the A Level Science Practical Exams. Book your test dates early to avoid clashing.**
- **Additional tests, post-application:** E.g., English Language qualifications, STEP, etc. You may have to sit for added test(s) in 2027 depending on conditions set by the different universities in your offer letters next year. But there's no need to worry this year, at the point of application.
- All such tests, inclusive of English Language proficiency tests, will be clearly stipulated in the terms & conditions in the offer letters sent by the universities. You are obligated to take the stated test(s) only if accepting that one university place.

University admission tests

Register independently for admission tests through the test providers, not RI.

Do not miss the registration and payment deadlines.

A screenshot of the UCAT website's sign-in page. The page has a white background with a blue header bar. The header bar contains the UCAT logo (a red rounded rectangle with "UCAT" in white) and the text "UNIVERSITY CLINICAL APTITUDE TEST" in white. Below the header bar, there is a blue navigation bar with a double right arrow icon and the word "UCAT" in white. The main content area is white and contains the following text: "Sign in", "Our secure website encrypts your personal information so that it cannot be read by unauthorized Internet users. For your security, please remember to sign out of your account and close your browser when you finish your session.", "Please do not use the back button to navigate the site.", "Required information is marked with an asterisk (*)". Below this text, there are two white boxes. The left box is titled "Returning users, please sign in:" and contains a label "* Username:" followed by a text input field. The right box is titled "New users, please sign up:" and contains a blue link "Create a web account.".
