

Cross-border Taxi Livery and Vehicle Plate

In addition to the taxi livery and taxi topper of individual taxi operators, the licensed cross-border taxi will also have a “Cross-Border Taxi” livery (image below) affixed at both sides¹ of the taxi.

The logo for "Cross-Border Taxi" features the words "Cross-Border" in a large, elegant, black cursive script. Below this, the word "Taxi" is written in a smaller, bold, black sans-serif font.

The pre-defined prefix for the vehicle plate of licensed cross-border taxis is “H” for Malaysian taxis and “SH” for Singaporean taxis.

¹ “Cross-Border Taxi” livery must be affixed on both sides of the taxi vehicle with size of minimally 400 mm horizontally and 115 mm vertically.
