

**THEME AND PROGRAMME**  
**THE SINGAPORE AIRSHOW AVIATION LEADERSHIP SUMMIT 2020**

**THEME: *Enhancing Aviation's Value for Tomorrow***

Commercial air travel has been a major catalyst for social, cultural, and economic development. All around the world, aviation has connected peoples, enabled economic growth, and increased cultural exchanges for the betterment of societies and communities.

Air transport demand is projected to grow strongly over the next two decades. However, future growth will be confronted with several challenges. These include expanding airspace, airports, regulatory and workforce capacity to meet the growth in air travel demand; pursuing the upsides of adopting new technology while managing the downsides; and mitigating the impact of air transport on the environment. The aviation community needs to address these challenges and enhance the value of aviation so as to create the conditions for sustainable growth for future generations.

**PROGRAMME**

<b>Sunday, 9 February 2020</b>	
<b>Opening Dinner</b>	<u>Keynote Address and Dialogue</u> Mr Teo Chee Hean, Senior Minister and Coordinating Minister for National Security  <u>Moderator</u> Mr Warren Fernandez, Editor-in-Chief, The Straits Times
<b>Monday, 10 February 2020</b>	
<b>Opening Speeches</b>	Mr Khaw Boon Wan, Coordinating Minister for Infrastructure and Minister for Transport, Singapore Mr Salvatore Sciacchitano, President of the Council, International Civil Aviation Organisation (ICAO) Mr Alexandre de Juniac, Director General and Chief Executive Officer, International Air Transport Association

	<p>Presentation of Special Recognition to Dr Olumuyiwa Benard Aliu, Lifetime Goodwill Ambassador of the ICAO and former President of the ICAO Council</p>
<b>Panel Discussion 1</b>	<p><b>Topic: <i>Building Capacity for Tomorrow's Aviation</i></b></p> <p>Airport infrastructure, manpower capability and air traffic management will need to keep pace with the growth in demand. How can airlines and airports maximise growth opportunities? How can air navigation services providers, regulators and airlines collaborate to facilitate more aircraft movements through crowded skies safely and efficiently? How can the air transport industry transform its processes to realise greater efficiencies and provide passengers with a seamless and secure travel experience?</p> <p><u>Speakers</u></p> <p>Mr Anutin Charnvirakul, Deputy Prime Minister and Minister of Public Health, Thailand</p> <p>Mr Eamonn Brennan, Director General, European Organisation for the Safety of Air Navigation</p> <p>Mr Stephen Dickson, Administrator, U.S. Federal Aviation Administration</p> <p>Mr Duong Tri Thanh, Chief Executive Officer, Vietnam Airlines</p> <p>Mr Kadri Samsunlu, Chief Executive Officer, Istanbul Airport</p> <p>Mr Ajay Singh, Chief Executive Officer, SpiceJet</p> <p><u>Moderator</u></p> <p>Mr Sri Jegarajah, Senior Correspondent, CNBC</p>
<b>Panel Discussin 2</b>	<p><b>Topic: <i>Aviation in the Digital Age</i></b></p> <p>The rise of aviation was built on digital and technological advancements. The transformative impact of technology on aviation can be game-changing, and enable the industry to overcome environmental, capacity, safety, and security challenges. How can the industry continue to harness its potential to catalyse growth? How can regulatory frameworks support the deployment of new technologies, while ensuring a safe and secure operating environment?</p>

Speakers

Mr Goh Choon Phong, Chief Executive Officer, Singapore Airlines

Ms Nancy Graham, Consultant to Google Loon

Mr Patrick Ky, Executive Director, European Union Aviation Safety Agency

Mr Li Jian, Deputy Administrator, Civil Aviation Administration of China

Captain Jack Netskar, President, International Federation of Air Line  
Pilots' Associations

Mr Martin Rolfe, Chief Executive Officer, National Air Traffic Services

Moderator

Mr Max Kingsley-Jones, Executive Director Content, FlightGlobal
