Integrated Shield Plans: Integrated Shield Plans (IPs) comprise two components: (i) A MediShield Life component run by the Central Provident Fund Board (CPFB) and (ii) additional private insurance coverage run by the private insurer. The MediShield Life component provides coverage targeted at B2/C-wards in public hospitals, while the additional private insurance coverage provides additional coverage beyond MediShield Life coverage. IPs therefore do not provide duplicate coverage with MediShield Life. A dash for IPs indicates that there is no private insurance coverage for the particular benefit and patient will only be covered by MediShield Life where applicable. If the IP claim limit is lower than the MediShield Life claim limit, the MediShield Life claim limit will apply. **This table provides a comparison between IPs for Class A wards in public hospitals.**
