

Centre for Animal Rehabilitation

What we do for community animals, lost pets and rescues

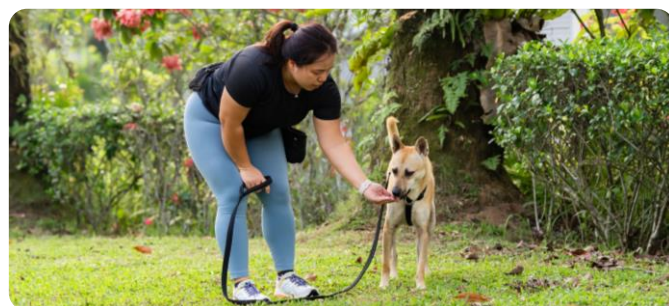

How We Improve Animal Welfare

1 Dog Behaviour Rehabilitation

- Opened in 2022 as national facility for canine behaviour rehabilitation
- Specially designed to mimic a typical Singaporean home
- Supports Trap-Neuter-Rehome/Release-Manage (TNRM) efforts
- Dedicated team of professionals develops bespoke behaviour modification plans
- Offers pre- and post-adoption support for rehabilitated dogs
- Conducts learning journeys on canine behaviour

2 Uplifting Dog Training Industry

- AVS-Accredited Certified Dog Trainer (ACDT) Scheme recognises trainers with reputable international certifications that prioritise humane methods
- Released the Advisory on the Use of Aversive Dog Training Devices
- Introduced the Guidelines for Dog Training and Behaviour Rehabilitation
- Driving best practices through industry seminars and workshops

3 Codes of Animal Welfare

- Reviewed Code for Pet Groomers
- Developed Code for Dog Trainers
- Currently reviewing the Code for Pet Owners

4 Public Education

- Promote responsible pet ownership and humane dog training approaches
- Conduct veterinarian and trainer talks on pet care, welfare and behaviour
- Provide guidelines on adoption and rehoming
- Organise adoption drives
- Host public seminars by international experts on animal welfare and behaviour
