

Public PAT Terms and Conditions

Please take note of the following terms and conditions applicable to public planting sessions under the Plant-A-Tree (PAT) Programme.

Booking and Donation

- Participants who wish to take part in a public tree planting session must register and make their donation through the NParks booking website using the booking link provided in the planting schedule.
- Each registration on the NParks booking system is limited to a maximum of **6 trees** due to system limitations.
- If you wish to plant more than 6 trees, please make multiple bookings, subject to the availability of planting slots.

We encourage participants to book early as planting slots may fill up quickly.

Attendance and Wet Weather

- Once a booking and donation have been confirmed, the planting session cannot be postponed or rescheduled.
- In the event of wet weather or you are unable to attend, NParks will plant the trees on your behalf.
- This ensures that trees delivered to the planting site can be planted promptly and helps minimise disruption to planting operations and resources.

Planting Arrangements

- Planting sites are determined by NParks based on operational and site requirements.
- Participation is limited to **one participant per tree** for safety and to minimise impact on surrounding vegetation.
- Garden City Fund and NParks reserve the right to change the planting site where necessary.

We appreciate your understanding and cooperation in helping us ensure the safe and effective implementation of the Plant-A-Tree Programme.
