

Improving Commuting Experiences

Spreading Love and Care on Public Transport. Find out what's new!

WAYMAP EXPANDS TO 15 MORE PUBLIC TRANSPORT NODES

We're making journeys easier for commuters with visual impairments. Thanks to our partnership with Waymap, step-by-step audio navigation is now available at 15 new locations to guide commuters to station entrances, exits, platforms etc. It's a huge step forward for inclusivity!

CARING COMMUTER CHAMPION X MOTHER'S DAY

A huge shoutout to the 16 Caring Commuter Champions who brought joy to Bishan MRT on Mother's Day! Armed with flowers and caring messages, you truly embodied the spirit of love and care, and brightened the day for so many commuters. Thank you!

SPREADING THE MESSAGE TO SCHOOLS

We've been reaching out to inspire the next generation! In May, we visited Zhonghua Primary, Anchor Green Primary, and CHIJ Secondary to teach young heroes about safety and kindness on public transport. We even recruited some new potential volunteers!

WHAT'S NEXT?

We have more exciting activities in the pipeline, from First-Aid training sessions to community roadshows. We'd love your support!

How can you help?

- Stay tuned: We'll send out sign-up links for new events soon.
- Keep an eye out: Your daily acts of kindness are the heart of this movement.

Thank you for your passion, your time, and your care. We truly couldn't do this without you.

Want to make a difference too or share your own story of care from your commute? We'd love to hear from you and feature your experiences. Reach out to us at LTA-TransportForAll@lta.gov.sg.
