# SGSecure note

Dear Resident,

We were conducting a SGSecure house visit on \_\_\_\_\_ and were unable to reach you. The objective of the visit was to share on the importance of SGSecure, key SGSecure advisories and how you could respond before, during and after a terrorist attack.

As it is important for every household to be aware of the steps to take in dealing with a terrorist attack, we will like to urge you to:

1. Read the SGSecure brochure provided along with this piece of SGSecure note.
2. Visit the SGSecure website at <https://www.sgsecure.gov.sg/what-can-i-do> to find out how you can play a part in the SGSecure national movement by becoming a Prepared Citizens.
3. Visit "What's Your Role" microsite at <https://www.sgsecure.gov.sg/whatsyourrole> to complete the personality quiz to find out which everyday persona resonates with you, as there is no act too small in our fight against terrorism.

You may contact \_\_\_\_\_ NPC / SCDF \_\_\_\_\_ Division at Tel: \_\_\_\_\_ if you have any clarifications.

Thank you for your support. We all have a role to play in keeping Singapore safe from terrorism.
