Amusement Rides Safety Act

Key Considerations

Installation Permit Application

- ❖ How early?
- ❖ Major and non-major rides differ₃

Key Considerations

Installation Permit Application

<https://www1.bca.gov.sg/regulatory-info/amusement-rides/permit-application>

Permit	Details	Submission deadline
Installation and Modification permits	Ensures that design plans, safety assessments and tests for the installation or major modification of a ride are reviewed and certified by a Qualified Person (QP)	At least 5 weeks before the start of installation or modification works There will be delays if documentation is incomplete or inadequate, or if the concerns raised during ride design review are not satisfactorily resolved
