

CLEAN POD | JURONG CENTRAL PARK

Updated as Jan 2022

Instruction to Access CleanPod

1) Push the button [REDACTED] on the key pad to unlock.

2) Items in the shed:

- 2 heavy duty carts, two plastic containers with 50 metal tongs each
- 50 pails as replacement for trash bags (or prepare own trash bags if necessary)
- 30 small plastic tongs for young children
- Plastic and metal sieves for collection of meso and micro plastic
- 3 weighing scales (please remove battery after every use)

3) Collect the necessary tools and place them on the heavy duty cart. You may bring the cart to the meeting point for distribution

4) Upon completion of clean-up, consolidate all the collected litter in trash bags and dispose at the designated point marked in the map.

5) Wash and dry all items. Please ensure no collection of water on the items to prevent rusting or mosquitoes breeding

6) Return all items to the CleanPod and KEEP IT TIDY for the next user.

7) Lock it by pressing down all numbers on the key pad .
