NFEC FIRE SAFETY SEMINAR 2026

13 August 2026 • Singapore Expo
Garnet Room • Level 2

ABOUT SEMINAR

The NFEC Fire Safety Seminar 2026 brings together fire safety professionals, regulators, industry practitioners, and workplace safety stakeholders to discuss the latest developments in fire safety management, regulatory compliance, and emergency preparedness.

This annual seminar provides a platform for participants to gain insights from fire safety authorities, investigators, safety professionals, and industry experts, while learning from real case studies and emerging risks affecting workplaces and buildings.

Participants will benefit from expert presentations, discussions on regulatory developments, and practical knowledge that can be applied to improve fire safety standards and emergency response capabilities within their organisations.

The seminar also provides valuable opportunities for professional networking and knowledge exchange among members of the fire safety and emergency preparedness community.

SEMINAR OBJECTIVES

- To prepare and equip all participants with the knowledge to prevent fires and handle emergencies and crises at the workplace.
- To highlight the importance of making the workplace fire safe for all and the role of the fire safety managers in making this a reality.

NFEC FIRE SAFETY SEMINAR 2026

13 August 2026 • Singapore Expo
Garnet Room • Level 2

KEY TOPICS & HIGHLIGHTS

Participants will gain insights from leading authorities and industry professionals on topics such as:

- Fire Statistics and Case Studies from the SCDF Fire Investigation Unit
- Fire Safety Non-Compliance Trends and Enforcement Updates
- Workplace Safety Perspectives from the Ministry of Manpower
- Industry Best Practices in Fire Safety Management
- Panel Discussion and Expert Sharing Session

These sessions provide both strategic insights and practical learning to help organisations strengthen their fire safety framework.

WHO SHOULD ATTEND

- Fire Safety Managers, Fire Safety Practitioners.
- Qualified Persons (Registered Architects & Professional Engineers);
- Registered Workplace Safety & Health Officers.
- Fire Safety Products Suppliers; and
- All those who have a role or interest in enhancing emergency response at the Workplace.
