## People's Association Community Spirit Award

RP is honoured to be awarded the People's Association (PA) Community Spirit Awards (PACS) 2025 - Merit Award. The People's Association Community Spirit Awards honour outstanding partners who have generously contributed their time, resources, and passion towards building a more compassionate and caring Singapore.

This prestigious award is a testament to RP's strong commitment and active contributions to building a more inclusive and caring society. Through dynamic collaborations across impactful community projects and engagement activities such as service learnings initiatives, RP consistently empowers its students to serve, while strengthening our partnerships with North West Community Development Council.

## Friends of the Community Care Awards (2021)

The Friends of Community Care (FOCC) Awards was launched by the Agency for Integrated Care (AIC) in 2020 as a pinnacle award to recognise partners that have achieved excellence in supporting and growing the community care sector.

RP School of Sports, Health and Leisure, School of Hospitality, and School of Management and Communication have come together to advocate mental health and senior health support in many service-learning projects. These projects have been implemented alongside Community Care organisations, leading RP to be awarded this accolade in the Government and Public Institution Category.

## Commendations

*“The Volunteer Management team at Dementia Singapore always looks forward to the energy, creativity, and enthusiasm that the students and staff at Republic Polytechnic bring to each of the volunteer sessions with our clients at our New Horizon Centres. From engaging persons with dementia with fun-filled activities and games to raising dementia awareness among their peers, the various groups of volunteers have shown that the opportunities to support our dementia community are endless. The planning and facilitating of these sessions together with the dedicated volunteers are as meaningful as*

*the outcome and impact.*

*As a long-time partner of Republic Polytechnic, we hope to continue this meaningful journey of serving those impacted by dementia together.”*

*“I have work with RP DEAFining since 2019 to organise meaningful events for the deaf community in Singapore, age ranging from children all the way to working adults. My experience working with the students have always been heartening to see each of them having so much passion in wanting to pick up soft skills such as learning Singapore Sign Language and Event Management skill. Sincerely grateful to observe the club being excited to organise events; so together with the deafies and the members of the club can enjoy. Thank you!”*

*“Care Corner has a strong partnership with various faculties in RP. From One Heart and school tours to online engagements and community service learning under Youth Corps Leaders Programme (YCLP). RP students have shown a genuine passion for serving the community. They have also consistently produced good quality and creative programmes to engage our seniors. We look forward to partnering with more students in co-creating innovative programmes to support our seniors to age well in place.”*

*“It has been an absolute pleasure working with RP and the RP students through various engagements and activities for the beneficiaries under the care of CCSS. The student volunteers have put in their time, talent and treasures in making sure the activities are well planned and executed with excellence. This is an annual partnership that we always look forward to!”*

*“One of the programmes which Youth Corps is partnering with Republic Poly (RP) is the Youth Corps Leaders Programme. We have been collaborating on this programme since 2018 and RP has been the strong and dedicated partner especially through the support from the Office of Student and Graduate Affairs’ Service-Learning staff. We continuously work together to develop and grow batches of student leaders to serve the community in various causes. RP is a very supportive partner in rendering help and investing resources to ensure that the RP student leaders would have a positive and meaningful volunteering experience and a platform to hone their leadership skills. RP student leaders and their volunteers demonstrated commitment and passion to support the community partners while ensuring that their project initiatives catered to the needs of the clients.”*
