

# CLINICAL TRIALS BASICS FOR INVESTIGATORS

## DURATION

*E-learning + 2 days Classroom-based*

## PROGRAMME FEES

|                                                                                          |                                            |
|------------------------------------------------------------------------------------------|--------------------------------------------|
| Full Price                                                                               | <b>\$1900</b><br><i>(inclusive of GST)</i> |
| Employed by Singapore's Public Healthcare Clusters under MOH Holdings<br>(After subsidy) | <b>\$1100</b><br><i>(inclusive of GST)</i> |

Step into the world of clinical trials with confidence. The Clinical Trials Basics for Investigators programme empowers clinicians to lead impactful trials, navigate ethics and regulations and contribute to evidence-based medical practice.

Whether you're just curious or ready to take the lead,  
this programme is your launchpad.

**REGISTER NOW!**

# KEY PROGRAMME MODULES

## INTRODUCTION TO CLINICAL TRIALS

Master key investigator responsibilities and gain proficiency in IRB application. Gain insights on patient involvement in clinical trials.

## DEFINE RESEARCH QUESTIONS

Discover research opportunities through systematic review and develop clear, effective research protocols.

## STUDY DESIGN

Learn key clinical trial designs and their statistical methods, from standard RCTs to adaptive approaches.

## CLINICAL TRIAL OPERATIONS

Develop GCP compliant trial management across operational domains throughout the study lifecycle.

## LEGAL ASPECTS OF CLINICAL TRIALS

Understand clinical trial insurance and agreements. Learn how to apply and manage research grants.

## EFFECTIVE PHARMA PARTNERSHIPS

Gain insights on effective pharma partnership strategies and different partnership frameworks.

## What You'll Gain:

- ✓ Confidence in trial Initiation
- ✓ Hands-on understanding of clinical trials investigator roles
- ✓ Insights into regulatory, ethical and operational frameworks
- ✓ Sharing of real-world experiences
- ✓ CME points will be awarded  
(Pending approval from the Singapore Medical Council)

## Who Should Attend

Residents  
Junior Doctors  
Clinicians  
Aspiring Clinical Trials  
Investigators

**REGISTRATION PERIOD:**

**1 Nov to 30 Nov**

<https://for.sg/bctreg>

*Registration is on a first-come-first-serve basis*
