

(d) Where the boundary abuts a drainage reserve:
 If the development beyond the drainage reserve is an industrial development or a business park, guidelines on earthworks, retaining, and boundary walls will not apply

(a) Where the boundary is shared with an industrial development or a business park:
 Guidelines on earthworks, retaining, and boundary walls will not apply

(c) Where the boundary abuts a public road:
 if the development beyond the public road is an industrial development or a business park, guidelines on earthworks will not apply but guidelines on retaining and boundary walls will apply.

Note:
 "Industrial building" here refers to B1, B2 developments or Business Parks.
