

Vaccination-differentiated SMMs (groups of up to 5 persons)

1. From 10 August 2021, F&B establishments¹ are permitted to seat dine-in groups of up to 5 persons, only if all the diners i) are vaccinated, or ii) are a recovered patient, or iii) have a valid negative COVID-19 test result covering the duration of dine-in.
2. F&B establishments may choose to introduce the vaccination-differentiated SMMs depending on their operating model and clientele, and ability to check the status of individuals who dine-in. Otherwise, F&B establishments will only be allowed to operate take-away services. Those who implement vaccination-differentiated dine-in are to comply with the relevant requirements below.
3. Allowing customers to dine in groups of up to 5 persons where any member of the group is not eligible would be an offence.

(I) REQUIREMENTS FOR VACCINATION-DIFFERENTIATED SMMS

- The following individuals are eligible to dine in a group of up to 5 persons in an F&B establishment:
 - a. A fully vaccinated individual
 - i. This refers to two weeks after he/she has received the vaccines currently administered under the National Vaccination Programme²; or
 - ii. He/she has completed the full regimen for World Health Organisation's Emergency Use Listing (WHO EUL) vaccines inclusive of the appropriate duration post-vaccination for the vaccine to be fully effective, and had their vaccination records captured in MOH's IT systems³.
 - b. A person who has recovered from COVID-19 and has a valid PET exemption notice for the duration of his/her dine-in⁴ from an MOH-approved COVID-19 test provider;
 - c. An unvaccinated person who has a valid negative Pre-Event Test (PET) result for the duration of his/her dine-in⁵ from an MOH-approved COVID-19 test provider within the last 24 hours. (See Diagram 1 below)

¹ As hawker centres and coffeeshops are open-air and naturally ventilated spaces, a special concession would be given to allow vaccinated and unvaccinated individuals to dine in these settings, but subject to group sizes of up to 2 persons only. Food courts are only allowed to open for dine-in for fully vaccinated/recovered/tested customers, or for takeaway services.

² For avoidance of doubt, D1 is the day of second dose of the vaccination and D15 refers to when the vaccine is effective.

³ In addition to Pfizer-BioNTech/Comirnaty and Moderna, WHO EUL vaccines include Sinovac-CoronaVac, Sinopharm, and AstraZeneca. Individuals who are vaccinated with WHO-EUL vaccines will be considered as fully vaccinated and therefore eligible for vaccination-differentiated SMMs only if their vaccination records have been captured in MOH's national IT systems. Hard copy overseas vaccination certificates are not recognised for vaccination-differentiated SMMs. Please refer to [MOH's Post Vaccination Matters website](#) for more information.

⁴ Recovered individuals can obtain a PET Exemption Notice from any clinic offering ART or PCR testing services. Refer to [go.gov.sg/swabproviders](#) for the list of [MOH-approved COVID-19 Test Provider](#).

⁵ Unvaccinated individuals aged 13 or above must have a valid negative ART or PCR result from an [MOH-approved COVID-19 Test Provider](#) within the last 24 hours. Self-administered ART supervised by employer and self-administered ART results are not recognised for vaccination-differentiated SMMs.

Diagram 1: Validity period of negative PET result

- The eligibility for vaccination-differentiated SMMs, illustrated using the SafeEntry (Business) App icons, can be found in Diagram 2 below.

Diagram 2: Eligibility for Vaccination-differentiated SMMs

Vaccination Status	Test Status	Eligibility for Vaccination-Differentiated SMMs
 Vaccination status Vaccinated	 COVID test result No test status	
 Vaccination status Vaccinated	 COVID test result Cleared Till 24 Jun 2022, 1:26PM	
 Vaccination status Not vaccinated	 COVID test result Cleared Till 24 Jun 2022, 1:26PM	
 Vaccination status Not vaccinated	 COVID test result No test status	 Unless PET Exemption Notice presented
 Vaccination status Vaccinated	 COVID test result Not cleared	 Unless PET Exemption Notice presented
 Vaccination status Not vaccinated		

- Dine-in is not allowed if any individual within a group of up to 5 persons does not meet the above eligibility criteria.
- Children aged 12 years and below who do not meet the eligibility criteria may be included in the group of up to 5 persons. If there is more than one such child in the group, all children must be from the same household.

(II) PROCESSES TO BE IMPLEMENTED BY F&B ESTABLISHMENTS

- F&B establishments that implement vaccination-differentiated SMMs should put up clear signages to inform customers on this and verify each customer's eligibility status, in addition to implementing TraceTogether-only SafeEntry (TT-only SE) for customers and visitors.

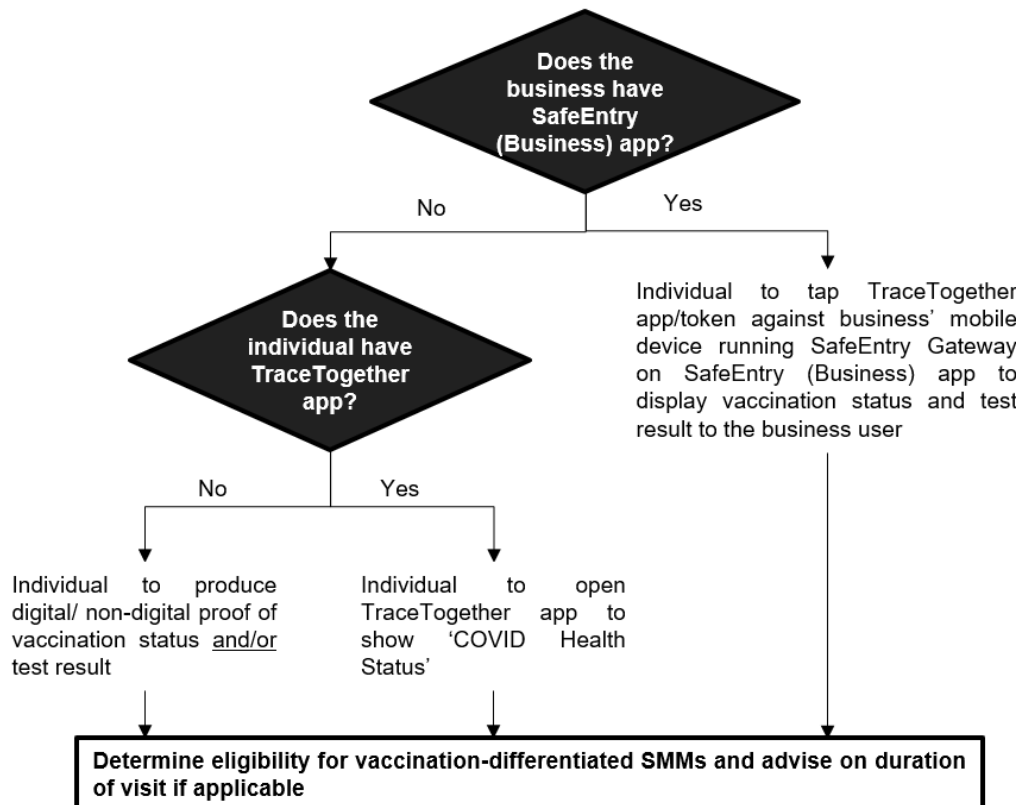

A. Appoint designated employee(s) to conduct relevant checks on customers

- F&B establishments must appoint at least one employee (e.g. supervisor or front-of-house staff) who can conduct the verification checks on the eligibility status of each individual.

- F&B establishments must reject dining groups if
 - Any member of the group (of up to 5 persons) does not provide the documents needed to show his or her eligibility; or
 - Any member of the group does not meet the eligibility criteria.

B. Conduct checks on required documentation

- The F&B establishment must verify that each customer fulfils the eligibility requirements before SafeEntry check-in and allowing the group to dine in their establishments.

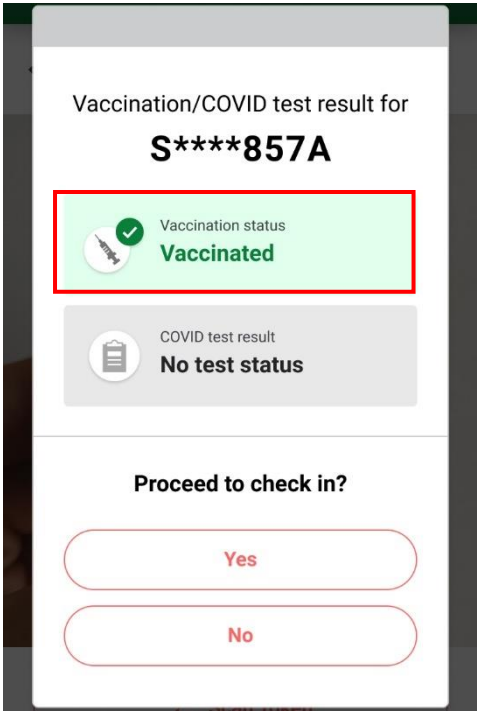

- **F&B establishments that have not downloaded the SafeEntry (Business) App to facilitate SafeEntry check-ins are strongly encouraged to do so to facilitate dine-in eligibility checks⁶ for TraceTogether Token and App users. Note that the SafeEntry Gateway Box cannot be used to facilitate these checks.**
- F&B establishments that have deployed the SafeEntry (Business) App and SafeEntry Gateway (SEGW) function to facilitate check-ins should ensure that the app has been updated to the latest version.
- The vaccination-differentiated SMMs check-ins should be enabled for the venue via the SafeEntry (Business) dashboard, before they are able to verify vaccination status and test result⁷.

⁶ F&B establishments offering dine-in services must implement SafeEntry via TraceTogether-only SafeEntry (TT-only SE) for customers and visitors. F&B establishments required to deploy SafeEntry for customers and visitors need to provide the SEGW as an additional option for SafeEntry check-in.

⁷ Please see the user guide at <https://go.gov.sg/status-check> for step-by-step instructions.

- F&B establishments can check customers' vaccination and test statuses by requesting them to tap their TraceTogether (TT) Token or App (open in the foreground) against the establishment's mobile device running SEGW on SafeEntry (Business) App. The customer's last 4 alphanumeric characters of their government-issued identification number, vaccination and test status will be displayed. If the customer meets criteria for vaccination-differentiated SMMs, tap on "Yes" to complete the SafeEntry check-in. If the customer does not meet criteria for vaccination-differentiated SMMs, tap on "No" to deny entry.
- If the above method is not available, the F&B establishment may use a camera/2D scanner linked to the SafeEntry (Business) app to scan the TraceTogether Token QR code. In extenuating circumstances, NRIC/FIN can also be scanned at the discretion of the F&B establishment. Customers should be reminded to replace Tokens that are faulty or out of battery.
- Note that from now until end August 2021, only the HealthHub App is able to show all WHO EUL vaccines.
- Checks by F&B establishments should be limited to the verification of each customer's eligibility status for vaccination-differentiated SMMs, and data should not be used for other purposes or stored.

A. For fully vaccinated individuals ⁸	
Acceptable Documents ⁹	Images
<p>Vaccination Status on SafeEntry (Business) App</p> <p>Ensure that the 'Vaccinated' icon appears as shown in the picture before proceeding with check in.</p> <p>The COVID test result should not be red ('not cleared').</p>	 <p>The image shows a mobile app interface for vaccination status. At the top, it says 'Vaccination/COVID test result for S****857A'. Below this, there are two status boxes: a green box with a checkmark and a syringe icon labeled 'Vaccination status Vaccinated', and a grey box with a clipboard icon labeled 'COVID test result No test status'. At the bottom, there is a question 'Proceed to check in?' with two buttons: 'Yes' and 'No'.</p>

⁸ Individuals who are vaccinated with WHO-EUL vaccines will be considered as fully vaccinated and therefore eligible for vaccination-differentiated SMMs only if their vaccination records have been captured in MOH's national IT systems. Hard copy overseas vaccination certificates are not recognised for vaccination-differentiated SMMs. Please refer to [MOH's Post Vaccination Matters website](#) for more information.

⁹ For the full list of acceptable documents, please refer Section 6: Resources at <https://www.moh.gov.sg/covid-19/pet>.

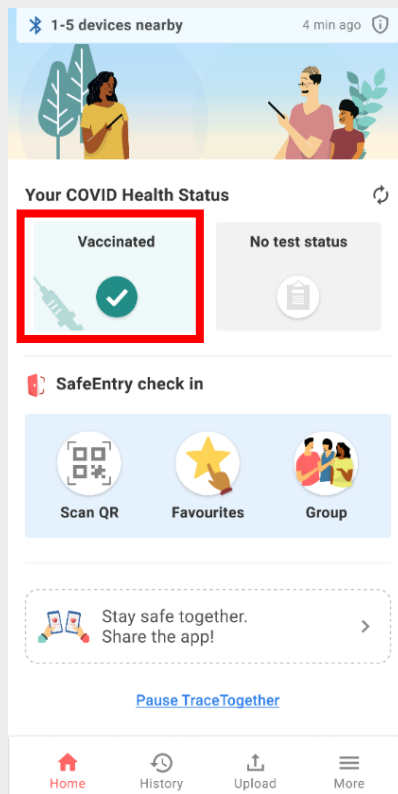

Vaccination Status on TraceTogether or HealthHub application

Ensure it is not a screenshot by asking the individual to click on other icons within the app.

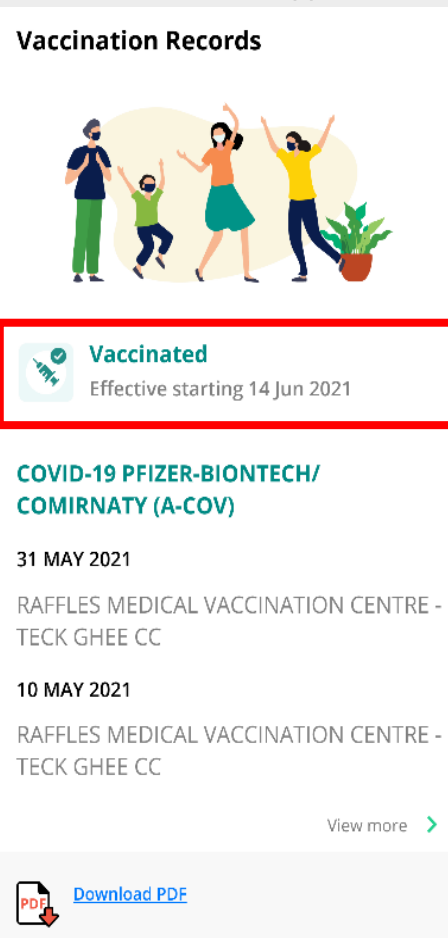

Ensure that the 'Vaccinated' icon on the TraceTogether and HealthHub app appears as shown in the pictures here.

The COVID test result should not be red ('not cleared').

TraceTogether App

HealthHub App

B. For individuals who have recovered from COVID-19

Acceptable Documents

PET Exemption Notice

This will be issued by any clinics offering ART or PCR testing services in printed, hard-copy form.

Verify if the notice belongs to the individual by checking against his/her Government-issued photo identification.

Ensure that the PET Exemption Notice is valid for the duration of the dine-in.

PRE-EVENT TESTING (PET) EXEMPTION NOTICE

Full Name: ABCDEF
(as per NRIC/FIN/Passport)

NRIC/FIN/Passport Number: XXXXX567A

Country of Passport Issue Country
(only for foreigners without FIN):

To whom it may concern,

This is to certify that the abovementioned first tested positive for SARS-CoV-2 (COVID-19) via a Polymerase Chain Reaction (PCR) test* on <date>. He/She is exempted from Pre-Event Testing (PET) till <date> (inclusive).

2. For further details, please contact [Name of Clinic (and Branch if applicable), email, phone number].

Thank you.

Stamp/ Signature/Date

Name:

Designation:

Clinic Name (and Branch if applicable):

* Recovered travellers/ returning SCs/PRs with overseas PCR+ results with local S+ result must provide GP with proof of overseas PCR+ result for the issuance of the PET Exemption Notice.

Alternatively, the individual can present his/her discharge memo only if it indicates the exemption period.

MINISTRY OF HEALTH
SINGAPORE

DISCHARGE MEMO

Name of Patient: _____

NRIC/FIN: _____

To whom it may concern,

The abovementioned patient first tested positive for SARS-CoV-2 (COVID-19) via a PCR test on _____ and was isolated under the Infectious Diseases Act. The abovementioned patient was discharged on _____.

The abovementioned patient has since completed the necessary period of isolation for the treatment of COVID-19 and is **no longer infectious**. He is exempted from Pre-Event Testing until <date>.

[Please indicate N.A if not applicable]

The abovementioned patient has also been given a leave of absence¹ to rest and recover at his/her place of residence until _____.

Thank you.

For any queries, please contact the MOH Emergency Line at 1800 333 9999 or email to moh_qsm@moh.gov.sg.

DR DERRICK HENG
DEPUTY DIRECTOR OF MEDICAL SERVICES
PUBLIC HEALTH GROUP

¹ During the period of the Leave of Absence, you should remain in your place of accommodation/ residence as much as possible, and only leave your place of accommodation/residence for essentials (e.g. food and groceries, urgent medical treatment). If you have a prior non-pressing medical appointment, you should call your healthcare provider and inform them that you are on Leave of Absence, so that they can assist to reschedule your appointment.

After your Leave of Absence is over, you may report back to work, subject to prevailing safe distancing measures imposed by the Government.

C. For unvaccinated individuals with a valid negative COVID-19 Test Result

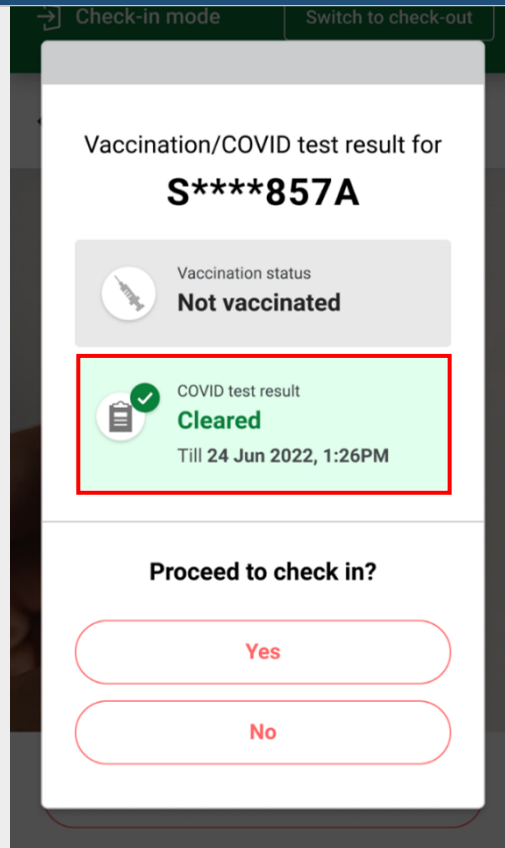

Acceptable Documents

Test Status on SafeEntry (Business) App

Ensure the test result is "Cleared" and valid for the duration of the dine-in before proceeding with check in.

Note: Self-administered ART supervised by employer and self-administered ART results are not recognised for vaccination-differentiated SMMs, and will not be reflected in the SafeEntry (Business) App.

Images

COVID Health Status on TraceTogether App (detailed display upon tapping test status card)

Ensure the test result is “Cleared” and valid for the duration of the dine-in.

Ensure it is not a screenshot by asking the individual to click on other icons within the app.

Note: Self-administered ART supervised by employer and self-administered ART results are not recognised for vaccination-differentiated SMMS, and will not be reflected in the TraceTogether App.

The screenshot shows the 'COVID Health Status' screen in the TraceTogether app. At the top, there is a back arrow and the title 'COVID Health Status' next to a QR code icon. Below the title is the logo of the Ministry of Health Singapore. The main content is divided into two sections: 'Vaccination status' and 'Overall test status (Based on last 24 hours)'. The 'Vaccination status' section shows 'Not vaccinated' with a syringe icon, explaining that all doses must be taken and waiting 14 days is required. A link for 'More info about COVID-19 vaccines' is provided. The 'Overall test status' section shows 'Cleared' with a document icon, indicating the test is valid until Saturday, June 26, 2021, at 2:26pm. It includes a link to 'MOH's website' for more information and a link to 'Login to HealthHub to view your test records'. At the bottom, there is a navigation bar with icons for Home, History, Upload, and More.

COVID-19 ART/ PCR Test Result on HealthHub app

Ensure result is Negative and valid for the duration of the dine-in.

Ensure it is not a screenshot by asking the individual to click on other icons within the app.

Note: Self-administered ART supervised by employer and self-administered ART results are not recognised for vaccination-differentiated SMMs.

Child aged 12 and below (i.e. born in or after the year 2009)

- Verify age for children 12 years and below old¹⁰ (e.g. student concession card).
- If there is more than one child in the group of up to 5 persons, verify that the children belong to the same household.
- Ensure there is no mixing or mingling between different groups.

¹⁰ F&B establishments may exercise discretion on checks for children who are clearly below the age limit.
