

Annex C: List of programmes at i Light Singapore 2026

GastroBeats – Festival Village of i Light Singapore

GastroBeats returns to Bayfront Event Space as the festival village of i Light Singapore 2026. In its fifth year, the event celebrates Singapore's cultural tapestry across food, music, and sports.

Up to 40 vendors serve up classic and modern dishes, alongside a new Elevated Dining Zone offering artisanal and bespoke F&B options.

Coinciding with the June school holidays, this edition brings new dynamic spaces featuring pickleball – developed in partnership with EPIC World Championship - and arcade games for the entire family to enjoy. Live band performances take centre stage daily throughout the Festival, showcasing a mix of established and emerging artists.

Food

This year's vendor line-up brings together returning favourites and exciting new additions, spanning classic and contemporary flavours. Jett BBQ makes its mark with authentic Texas barbecue, slow-smoked over 8 to 12 hours using equipment brought directly from Texas. Joining them is *rice.*, a festival-exclusive debut from The Meatmen Channel's content-to-table concept, offering a menu built around bold Asian flavours and communal plates. Rounding out the line-up, Sea High serves up seafood boils, satay, sambal stingray and *lala* on banana leaf.

Music

GastroBeats partners Sony Music for the GastroBeats x Sony Music GIGs Mentorship Programme, offering aspiring musicians hands-on guidance in songwriting, production, artist identity, and the practicalities of the music industry. Mentors include singer-songwriter Jason Yu, indie band Oakë (whose original track *Where the Heart Will Stay* has surpassed 600,000 streams on Spotify) and producer Evan Chan. Participants and their mentors will perform live on the GastroBeats stage across the festival period.

Returning to the stage are three of Singapore's beloved live acts: 53A, whose infectious blend of

pop, rock, soul and funk has made them a staple of the local music scene; SuperSonic, a versatile cover band with a wide-ranging repertoire spanning genres; and Jive Talking, a veteran outfit that has shared the stage with music legends such as B.B. King, Kenny G and Gloria Estefan.

Location

Bayfront Event Space

Date

5 to 28 June 2026

Time

4.00pm to 11.00pm daily

Pricing

General admission is free, while charges apply for selected activities

Live Art Showcase Sessions by DPLMT at *Infinite Graffiti*

DPLMT, a multidisciplinary art collective, collaborates with Graffiti+ as part of i Light Singapore 2026. The collective specialises in turning spaces, brands, and ideas into bold visual experiences through murals, illustrations, live art, branding and creative activations. Inspired by the festival theme *Movement*, the collaboration explores the intersection of street art, technology, and live expression through a live art showcase at *Infinite Graffiti*, one of the standout works this year. In this showcase, DPLMT aims to reinterpret movement as energy, rhythm, and human connection – and Festival-goers are invited to witness this unique creative experience unfold live.

Location

Entrance of Marina Bay Link Mall

Date

6 and 19 June 2026

Time

7.15pm to 8.15pm

Silent Disco Parade: Groove in your own world together

As night falls over the glowing cityscape, take the chance to experience a one-of-a-kind open-air dance procession through Marina Bay with the Silent Disco Parade. With wireless headphones playing feel-good music, be part of a vibrant, kinetic celebration weaving through the Festival's stunning light art installations.

Visitors can look forward to:

- An immersive route: Journey through i Light Singapore's curated light art, pausing to dance and marvel at each breathtaking piece.
- Skyline magic: Dance through the night against Singapore's most iconic urban nightscape.
- Crystal-clear audio: Move to your own beat, in perfect sync with your fellow parade-goers.

With limited slots available, this is a rare and intimate way to experience the magic of light and music. More than just a party – it's a moving celebration of creativity, community and the vibrant spirit of i Light Singapore.

Location

Marina Bay (meeting point outside ArtScience Museum)

Date

20 June 2026

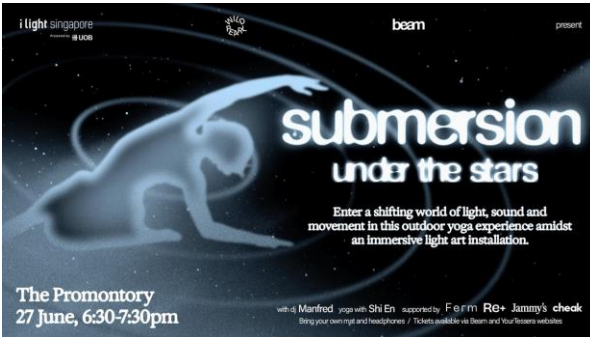

Time

7.30pm to 9.30pm (registration starts from 6.45pm)

Tickets

\$35

Submersion – Immersive Outdoor Vinyasa Yoga

Presented with CineWav, Submersion is an immersive outdoor Vinyasa yoga experience held within *WAVE*, one of i Light Singapore's captivating light art installations at The Promontory.

Set against the waterfront, participants move through a guided yoga practice while listening to a live DJ set streamed directly to their earbuds via the CineWav app. Mixed in real time, the music transforms the class into a shared experience where movement, sound and atmosphere continuously shape one another.

More than a yoga class, Submersion offers a rare opportunity to be a part of the artwork itself. As the installation comes alive, every participant becomes part of a unique gathering of movement, music and light – an experience that exists for just one night.

Waves of Unity

***Community Engagement Programme presented by UOB and i Light Singapore 2026
Facilitated by Drum Prodigy Singapore***

As the Presenting Sponsor of i Light Singapore 2026, UOB is proud to bring to life not only *WAVE*, one of the Festival's key light art installations, but also the community spirit that surrounds it. UOB invites its stakeholders and their families to experience *WAVE* up close through a unique drum-circle experience, titled *Waves of Unity*, held at The Promontory.

Facilitated by Drum Prodigy Singapore – an award-winning, inclusive music ensemble celebrating 10 years of bringing people together through rhythm – participants have the rare opportunity to learn drumming and activate *WAVE* through music and light. The experience is a powerful expression of UOB's commitment to creating ripples of positive impact in the community.

Festival-goers can watch the magic unfold from the sidelines, even though the sessions are designed for participants.

6 and 13 June 2026

Time

6.30pm to 7.30pm

Switch Off, Turn Up: Advancing sustainability at i Light Singapore

A cornerstone of the Festival's sustainability efforts since 2010, the *Switch Off, Turn Up* campaign promotes energy conservation by encouraging building owners, corporations and businesses to switch off non-essential lighting and set air conditioning to more optimal temperatures throughout the festival duration.

Participating organisations are also encouraged to continue with these energy-saving practices beyond the festival duration.
