Changes to Safe Management Measures (SMM) for show galleries

1. As announced by the Multi-Ministry Taskforce on 7 October 2022, vaccination-differentiated safe management measures (VDS) will be lifted fully from 10 October 2022 as we resume normalcy in our daily activities.
2. This means that VDS is no longer required at show galleries, including when there are more than 500 persons and for serving food and beverages to visitors in show galleries.
3. Developers of existing and new show galleries are no longer required to submit any SMM checklist to the Controller.
4. Please continue to keep abreast of the latest announcements and take immediate steps to comply with the necessary measures should the situation worsen.
5. If you need to contact us please email to ura_coh_registry@ura.gov.sg

Thank you.
