| No. | Name | Details |
|---|---|---|
| 1 | Agency for Integrated Care (AIC) | Healthier SG is a national initiative by AIC that promotes preventive healthcare and healthier lifestyles. It empowers Singaporeans to proactively manage their health, prevent chronic diseases, and stay active and socially connected through trusted primary care and community programmes. |
| 2 | Infocomm Media Development Authority (IMDA) | IMDA promotes digital inclusion by providing access to connectivity, devices, and digital learning opportunities. During this engagement, IMDA will introduce the Mobile Access Scheme and Digital Access @ Home Scheme, alongside interactive activities, to help volunteers understand available support schemes and better assist the communities they serve. They will be having a booth at the event to promote their schemes. |
| 3 | Club HEAL<br><br>Caregiver Support Network Community Outreach Team (CREST-CSN) | The Caregiver Support Network Community Outreach Team (CREST-CSN) focuses on caregivers who are caring for persons with mental health issues and/ or dementia, who have or are at risk of developing depression, anxiety and burnout themselves due to their caregiving role.<br><br>The team increases public awareness of caregiving concerns and promotes early identification of caregiver needs.<br><br>CREST-CSN provides psychosocial intervention such as emotional support and coping techniques, as well as supports the caregivers' mental well-being through organising health and wellness activities, e.g., stress management and self-care. Caregivers are linked up to support services in the community where needed.<br><br>CREST-CSN is one of the programmes under the Community Mental Health Masterplan developed by the Agency for Integrated Care (AIC), together with the Ministry of Health (MOH), which enables persons living with mental health issues and dementia to seek early treatment nearer to their homes and ensure that they are well-supported in the community.<br><br>For this event, they will focus on dementia. |

|---|---|---|
| 4 | Santunan Emas by Masjid Al-Muttaqin | Santunan Emas is a community initiative that supports older adults' spiritual, physical, cognitive and social well-being through religious learning, active ageing activities, social gatherings and volunteer opportunities. It empowers seniors to age actively with dignity, confidence and faith. |
| 5 | Ustazah Fazillawati Arshad<br><br>Freelance Quranic Teacher<br><br>Active Volunteer at NTUC Health Nursing Home | Ustazah Fazillawati and Ustaz Imran are dedicated volunteers at NTUC Health Nursing Home, providing companionship and spiritual support to elderly Muslim residents. Through regular engagement, remembrance of Allah, and a compassionate presence, they journey alongside residents in their later years, helping to uphold their dignity, comfort, and spiritual well-being.<br><br>Their sharing is inspired by the NODA (No One Dies Alone) movement, which seeks to ensure that no patient faces their final hours alone, and that each person is accompanied with dignity, peace, and companionship on their end-of-life journey.<br><br>The speakers aim to inspire our Befrienders to go an extra mile. |
| 6 | Ustaz Imran Othman<br><br>Senior Head, Community Outreach, Masjid Al-Ansar<br><br>Active Volunteer NTUC Health Nursing Home (Chai Chee) | |
| 7 | Program Keluarga Syifa' (PKS) by Masjid An-Nur | Keluarga Syifa is a mosque-based community initiative supporting older adults at risk of or living with dementia and their caregivers. It provides cognitive stimulation, light physical activities, social engagement, caregiver education and emotional support in a familiar, faith-centred environment. The programme promotes early intervention, reduces social isolation and supports dignified ageing. It is currently implemented at Masjid An-Nur, Masjid Assyafaah and Masjid Kassim. |
| 8 | PEDULI by Masjid Ar-Raudhah | PEDULI is a caregiver support initiative by Masjid Ar-Raudhah that equips families and caregivers with the knowledge, skills and emotional resilience to care for older adults, particularly those living with dementia and other age-related conditions. It also supports caregivers in providing compassionate, holistic care throughout their caregiving journey, including at the end of life. |
| 9 | District East Mosque - Enabling Mosque Workgroup | The Enabling Mosque Workgroup seeks to create more inclusive and accessible mosques for all, including seniors, persons with mobility difficulties, visual or hearing impairments, and other accessibility needs. This is achieved by building the capabilities of mosque officers, promoting accessibility and inclusion, strengthening partnerships, and developing initiatives that support the social, spiritual and well-being needs of the community. They will be having a booth at the event to promote their initiatives. |
