Trek Bicycle Corporation recalls Trek Kickster Balance Bicycles

Trek Bicycle Corporation has announced a voluntary recall of the Trek Kickster balance bicycles. The clamp that holds the steer tube in place may break if over-tightened. If the clamp breaks, the handlebars can come off and the rider can fall.

2013 Trek Kickster

2014, 2015, 2016, 2017 Trek Kickster

2018, 2019 Trek Kickster

Affected units belong to models sold between 2013 – 2019.

Consumers are advised to stop using the affected product and return it to Treknology Bikes 3 for a complimentary replacement clamp. For more information, please visit www.treknology3.com/product-news/item/386-safety-recall-notice-2019.
