Notice of Temporary Fuel Surcharge for July and August 2026

Dear Parents and Guardians,

We hope this letter finds you and your family well.

Due to the ongoing conflict in the Middle East, global fuel prices have increased significantly in recent weeks, resulting in a substantial rise in diesel costs. As diesel is one of the major operating expenses in providing safe and reliable school bus transportation, these increased costs have had a direct impact on our daily operations.

In response to this situation, the Ministry of Education (MOE) has informed school bus operators that a temporary fuel surcharge may be imposed for the months of July and August 2026. Under the guidelines issued by MOE on 22 June 2026, operators may apply a temporary fuel surcharge of up to 20% of the monthly transport fee. This measure is intended to help operators manage the sharp increase in fuel costs while ensuring the continuity of school bus services. Parents who wish to learn more about MOE's temporary fuel surcharge framework and the recent rise in fuel costs may refer to the news articles listed below.

References

- [CNA article on the temporary fuel surcharge for school bus services.](#)

After carefully reviewing our operating costs and assessing the impact of the recent fuel price increase, Million Bus Transport Services has decided to apply a fuel surcharge of only 15% for July and August 2026. Although MOE has permitted operators to impose a surcharge of up to 20%, we believe that a 15% surcharge is sufficient to cover the additional fuel costs while remaining mindful of the financial impact on families.

We would also like to assure parents that the underlying school bus transport fees remain unchanged. The 15% fuel surcharge is calculated based on the existing school bus transport fees that have been in effect since the 2025 and 2026 fee revision. This temporary surcharge should not be regarded as an increase in the approved school bus fees.

Friday, 26 June 2026

Please refer to the table below for the revised transport fees applicable for July and August 2026. The revised fees reflect an approximate 15% temporary fuel surcharge based on the existing transport fees. For ease of billing and payment, all revised amounts have been rounded to the nearest whole dollar. As a result, the effective increase for each fee tier may vary slightly from exactly 15%.

Distance	Up to 15 Seaters		>15-30 Seaters		>30 Seaters	
	1 Way	2 Way	1 Way	2 Way	1 Way	2 Way
Up to 2km	\$306.00	\$318.00	\$210.00	\$222.00	N/A	N/A
>2-4km	\$334.00	\$345.00	\$224.00	\$236.00	\$198.00	\$209.00
>4-6km	\$334.00	\$345.00	N/A	N/A	N/A	N/A
>6-8km	\$345.00	\$357.00	N/A	N/A	N/A	N/A
>8-10km	\$362.00	\$375.00	N/A	N/A	N/A	N/A
>10-12km	\$388.00	\$400.00	N/A	N/A	N/A	N/A

We are sincerely grateful for the continued trust and support that parents and students have shown towards our services. Your continued support enables us to provide safe, reliable, and punctual transportation for our students every day.

Please note that MOE will review the temporary fuel surcharge framework again in August 2026. Should there be any revisions to the allowable surcharge thereafter, we will assess the situation accordingly and provide parents with a further update.

We seek your understanding regarding this temporary adjustment and thank you for your continued support and cooperation.

Yours Sincerely,

Goh Yew Chye
Director
Million Bus Transport Services
