JURONGVILLE

Where we learn how good we can be...

... and what good we can do

Principal's Foreword

Dear graduating students,

Your journey in Jurongville for the past four or five years has been much more eventful than that of your seniors. In the year 2019, you experienced the changes brought about by the merger

with Hong Kah Secondary School. This resulted in changes to your school uniform, PE attire, and for some of you, you even got to experience a new CCA, or had new CCA 'seniors' when students from Hong Kah joined us. An even larger impact on your school experience was the COVID-19 pandemic, which affected many different aspects of your school life from March 2020 onward. The impact of the pandemic on youths everywhere is so large that many have taken to calling people of your age group the 'COVID Generation'.

As a result of what happened during your Jurongville journey, I believe you have learned a few important things that will prepare you well for the journey ahead. First, you have learned to be adaptable in the face of change. Very often, we cannot control what happens around us, and we are at our best when we respond to these changes positively or adaptively. The more flexible and the more positive we are, the better we can deal with the many twists and turns on the road of life. Complaining or persisting in being stuck with negative emotions is counterproductive, and does not help in dealing with unwelcome changes.

Second, you have also learned that health is the foundation of everything we want to do in life. During this pandemic, it was important for us to take personal responsibility for our health, and most of you have had two injections to immunise yourselves against COVID-19, just like many other JVnites and teachers. Beyond that, you complied with the various Safe Management Measures in school as responsible students, and helped to keep your friends, teachers and yourselves safe.

Last, but not least, you have learned that you are resilient. You have faced many unexpected and unforeseen challenges in the last four or five years and remain unbowed and undefeated. You are more confident now as you know yourselves better; you are clearer about what is right or wrong, and what works or does not work in real life. You also know that you are not alone. There are others who will help you. Asking for help and support is a sign of strength, never a sign of weakness.

All the teachers and staff of Jurongville are very happy to have been your partners during your secondary school journey. We believe that you are ready to realise your potential and journey towards a happy, fulfilling life in the years ahead. We very much appreciate the countless ways in which you have contributed to the school. You have made a difference in our lives, and we have also learned from you in more ways than you imagine.

Everyone can learn. Everyone can achieve.
Everyone can contribute.

All the best to everyone in our Class of 2021!

Sincerely,
Mr Chan Yew Wooi
Principal
Jurongville Secondary School

Year Head's Foreword

Dear graduating students,

It has been a humbling experience journeying the past few years with you. Throughout these four years, I have learnt from the perspectives and ideas that you have generously shared with me through our

conversations. The many shared experiences we had allowed me to observe your growth as JVnites. I am proud that so many of you matured during this journey, and this gives me the confidence and belief that you have discovered your strength, and are now ready to go forth to learn, lead and serve in the next phase of your lives.

You have been a resilient cohort of students and have demonstrated a positive outlook with the fortitude to overcome challenges and adapt to changes. For example, in 2020, we were looking forward to the Outward Bound experience in Secondary 3, where we would get to learn more

about our new classmates by spending a few days together in an unfamiliar environment. Due to unforeseen circumstances, we were unable to proceed with the camp. In spite of that, we observed how each of you navigated the situation and played your part to forge strong friendships with your new classmates. When faced with the COVID-19 pandemic, many of you were appointed to key leadership roles in your CCAs and you were not afraid to explore and reconceptualise a new CCA experience for your juniors during the pandemic. These were just some examples of the unique experiences that you have gained as a JVnite.

This is now the time that you will do both us and yourselves proud by going forth to learn and contribute beyond the doors of Jurongville. We hope that you will always be anchored in our school values of P.R.I.D.E. (Perseverance, Respect, Integrity, Discipline and Empathy) while you soar into your next phase of education and life. All the best to the class of 2021!

Sincerely,
Mrs Adeline Pang

Our Memories

Our Voices

1. What has been your most memorable experience in JVS?

I would say the Sec 2 camp as it was really the time where I bonded with my Sec 2 class as we went through all the difficult activities together!

Lucas Tee

Physical Education lessons are the best memories I have as I had many chances to have fun with my classmates.

Syabil Israfil

The Sec 2 camp was memorable for me since I got to fight my fear of heights and I had a great time with my friends. My teachers also supported me when I was fighting my fears.

Jaiaiswarya

The most memorable experience I had was the various school projects as I learnt how to better communicate with my group mates and work together to complete the tasks assigned.

Elijah

2: What has been your most memorable experience during your time in your CCA?

It was the match with Nanyang Girls' High School during the Netball Zonal Competition. Even though we lost, it was a game well-played and we learnt a lot from that experience.

Cherlisa

I remember practising for the Fancy Drills competition! It was so memorable for me because I learnt how to lead and also master my foot drills!

Keerthana

I really missed having the overnight Band Camp when we had late movie nights and everyone would be in their sleeping bags. We watched movies related to music in the Music Room together.

Ee Fun

3: What is one life lesson you've learnt during your time in JVS?

Every moment you are not doing your best, someone out there will be another step ahead of you.

Ryan Effendy

Wei Xiang

4: What is your favourite place in JVS, and why?

My classroom: it's where our memories were created, and it's where we had good times together.

Wei Xiang

My favourite places in JVS are the parade square and the ISH as it always reminds me of the CCA training sessions we used to have, and how much fun we had training with both juniors and seniors.

Sarah Qistina

My favourite place is the library as it's a comfortable environment to study in with my friends.

Jamie

Thank you Mr Heng for being my CM throughout my secondary school life. I will never forget the kindness you showed me.

Guan Xian

Thank you for all the effort all of you have put in and for never giving up on us.

Our Student Leaders

Student Council

Initially, I was uncertain about my abilities to represent the Student Council as a member of the Executive Committee (EXCO). However, I took up the challenge under the guidance of my teachers and grew in my leadership capabilities. Being a student councillor has taught me valuable time management and leadership skills that have shaped me to become a better person.

Louis (4PA), Level Co-ordinator

Joining the Student Council EXCO at the start of Secondary 3 has been a thrilling journey. Being a member of the EXCO was honestly the best part of it all. We were as close as a family, sharing inside jokes, complaining about homework, and taking silly pictures of each other. I will be forever grateful for the countless opportunities and learning experiences I got to have as a student councillor.

Firuzza (4PE), Level Co-ordinator

As President of the Student Council, I grew and was nurtured to become a better leader. All the late night planning and early morning meetings for school events with my fellow councillors are memories that I will forever cherish. Thank you to everyone for giving me this opportunity to lead and to serve the school.

Audrey (4DP), President of the Student Council

4 Discipline

It has been a hectic and crazy two years in this school with you guys. We are glad that you still maintained the class spirit and remained strong. This experience would not have been the same without you. Since this is our last year, we just wanted to say that every memory we had in this class was unforgettable. Despite coming from different classes and backgrounds, we all managed to bond and be close to each other. We can see that all of you have grown for the better. We hope that every one of you will achieve your goals, so put in your last bit of effort for Os! It has been a pleasure to serve this class and we are very proud of you. Let's cherish every last moment together!!!

The Class Committee of 4DP 2021

4 Empathy

I would like to start off by saying that these two years have been extremely memorable. It also made me extremely happy to see the class become more bonded through the years. I sincerely hope that all of my fellow peers will excel in whatever they choose to do in life. It was truly an honour to be your chairperson and I wish you all success.

Yang Zhong Han, 4 Empathy Chairperson, 2021

These past 2 years have been bliss and we were able to help each other grow and mature. I am glad that as a class, we are able to work together harmoniously and make wonderful memories that will stay with us for life. I hope that everyone will do their best in life and be able to overcome any obstacles they face.

Christine Lee, 4 Empathy Vice Chairperson, 2021

Put in lots of determination, dedication, self-discipline and effort to achieve your dreams, 4EM! All the best, you can definitely do it!

CLASS OF 2021

Aziq Hibri, Class-Chairperson

I couldn't have asked for a better secondary school experience than what I have gone through with this class. From hardships and struggles to laughter and joy, I definitely wouldn't have been able to go through this journey without the support of my class. I can graduate from this school with no regrets as I know that I am loved by all my friends and teachers. Thank you, 4 Integrity!!

Kayshini, Vice-Chairperson

Being the Vice-Chairperson of 4 Integrity has been challenging but fun. My classmates are all supportive of each other and work together to motivate each other to do well for our exams. During the Covid-19 Circuit Breaker period, our learning was disrupted, but we all persevered and worked towards our goals nevertheless. It has been an interesting journey as a part of this class, to see how much we have all grown and learnt!

Ms Ee:

It's been a great 2 years with each of you. Wishing you the very best in your future endeavours and stay positive always!

Mr Chia:

Success is no accident. It is hard work, perseverance, learning, studying and sacrifice and most of all, love of what you are doing or learning to do. All the best for your upcoming O'Levels! You can do it!

4 Passion

Dear Passion

This is it. The day you all have been looking forward to. But is it really the end? Definitely not. Graduation is not the end of a tough journey. It is the beginning of a beautiful one. Always remember that you are braver than you believe, stronger than you seem, smarter than you think, and loved more than you will ever know. Congratulations on graduating and here's to your next adventure! Cheers!

Mr John Teo Wei Ren and Mr Shahul Hameed, CMs of 4PA, 2021

This year, I was given an opportunity to be the chairperson for class 4 Passion. I am thankful that I was given this big opportunity and grateful to have a great, fun, energetic and chaotic class. Throughout 2021, I have faced a lot of challenges. I can see that my class has been trying their best to keep up with various subjects and I see a lot of improvement in their studies, both physically and mentally. I just wish them all the best for N-Levels and to always stay safe from Covid-19.

Nursyafika Binte Sanusi, 4 Passion Class Chairperson

Although, I was reluctant at first to be the Vice-Chairperson, it was quite enjoyable. My classmates made lots of jokes, which makes the class very lively. Throughout this year, I can see that many of us have grown up and become more matured. It's good to see that the class is working hard for our upcoming 'N' Levels Examinations and I hope all of us will excel with flying colours and get into the courses we desire.

Fong Zhi Qin, 4 Passion Class Vice-Chairperson

Mr Zailani, Mdm Sri Masayu & Ms Shafiqah

Thank you friends and teachers for making the school experience so much brighter. To our teachers, thank you for being role models to us. To our friends, the time has come for us to say goodbye to each other. Let us promise that we will keep in touch and maintain our beautiful relationship for the rest of our lives. Wishing everyone all the best!

Ryan R & Ryan E, Class Chairperson and Vice-Chairperson of 4PE

A Resilience

Dear students of 4RS, Mr Wong's reminders and nagging are coming to an end. Some of you have been with me for 4 years and for others, 2. We have been through some crazy and memorable times haven't we? Most importantly, do keep in touch with me and Mdm Aditi after your exams and we wish all of you the very best for your future endeavours!

Mr Ronald Wong

These 4 years have been a great learning journey for me and I just want to thank my friends who have been by my side during my ups and downs, and also my teachers for giving useful advice that has helped me to become a better person.
