INFORMATION AND PROGRAMMES FOR TERM 4 - SECONDARY 3

Dear Parents / Guardians,

Welcome back to Semester 2 Term 4. We hope that your child has taken time to relax and rejuvenate during the term break. Please see some updates on school programmes for Term 4 below.

1. Home-Based Learning (HBL) Days for Term 4

We will be having HBL day on 18 September 2026. Students will not be required to report to school on that day and are expected to do their work independently at home. Should students be required to meet their teachers online via MS Teams during the HBL day, they will be informed earlier by their teachers.

2. End-of-Year (EOY) Examinations

The students will be having their EOY examinations from 21 September to 5 October 2026. The Sec 3 EOY examination timetable can be downloaded from the school's website at: <https://www.navalbasesec.moe.edu.sg/for-navalites/timetable-and-exam-schedule/>

3. Admin Days (6 and 15 October 2026) and Last Day of School (23 October 2026)

Please note that the school has set aside 6 and 15 October as admin days following the completion of the EOY exams - students need not report to school on these dates.

On 23 October, we wrap up the school year with Achievement Day, our celebration of student accomplishments and a closure to the year. This will be the last day of school for Sec 1 to 3 students.

4. Sports Carnival on 16 October 2026 (Friday)

As part of the school's post exam activities, the school is organising our annual Sports Carnival on 16 October 2026, Friday, for all Sec 1 to 3 students. The details are as follows:

Time: 7.20am - 12.00pm

Venue: Physical, Sports & Outdoor Education Branch (PSOEB),
21 Evans Road, Singapore 259366

Students can look forward to an active and enjoyable morning as they bond with their classmates through engagement in sports activities. Further details will be shared nearer to the date via Parents' Gateway and through your child.

5. [Navalites Learning and Exploration Days \(19 to 21 October 2026\) and Explorers' Fest \(22 October 2026\)](#)

As part of our holistic whole-school experience, Sec 1 to 3 students will be going through various out-of-classroom activities and learning journeys in the last week of the semester. Activities will include opportunities for authentic and experiential learning. Further details will be given closer to the end of the term.

The annual Explorers' Fest will celebrate creativity, skills, and collaboration. Selected students will showcase their projects and lead hands-on workshops ranging from sports and music to art, culinary arts and creative expressions. Explorers' Fest promotes lifelong learning, encouraging students to learn from and with one another. More than a showcase of talents, it is a day "for students, by students," inspiring curiosity, innovation, and peer learning.

6. [Aesthetics Programme](#)

Over the course of the year, our Secondary 1 to 3 students will participate in a structured Arts Enrichment Programme designed to broaden their exposure to and appreciation of the arts through music and dance workshops. During the Navalites Learning and Exploration (NLE) Days, Secondary 3 students will choose one art form to explore more deeply as part of their creative learning and arts appreciation journey this year. Further details of the programme will be shared with parents via Parents Gateway nearer to the date.

7. [Learning Support Programme \(LSP\)](#)

The Sec 3 Learning Support Programme (LSP) will be conducted for identified students with the aim of closing learning gaps based on their performance at the End-of-Year Examinations. The LSP sessions will help students to strengthen their foundation for the identified subjects. After which, they will be assessed in the respective subjects to check on their learning progress. The duration of LSP will be from 2 to 5 November. More details will be shared via parents' gateway closer to the date.

8. [Schoolbag Article Spotlight: AI yah! Is AI Replacing Me as a Parent?](#)

Ever been out hyped by a chatbot? Local mum Linda Lee has, and she's written a funny, honest piece about what it's like to compete for your child's attention with an AI that never gets tired, never gets distracted, and apparently speaks fluent Gen Alpha. It's a quick, relatable read – and might just make you feel a little better about your own parenting game. Read it [here](#).

9. Overview of Programmes and Dates

Programme	Date/ Period/ Time
Home-Based Learning (HBL) Day	18 September
