

DEDICATION

We have shared our morning days
And gone through all rainy nights
Even in the darkest of nights
Stars still light up our way

Tomorrow is a beautiful dream
A dream that will be fulfilled
Cross the bridge of the rainbow
In search of the gold

For here we stand
(For here we stand)
Our dearest friend
(Our dearest friend)

Sincerely from our hearts we wish
(From our hearts we wish)

May streams of sunlight,
Shine like rays of hope
(Shine like rays of hope)
Hand in hand

We'll work and strive
For the best things in life
(For the best things in life)
