

Community Eye Clinic (CEC)

Dr Vivien Yip Cherng Hui, Dr Rosalynn Grace Siantar, Dr Koh Yan Tong, Dr Tam Wai Yu, Mr Tay Hsiung Jren Ryan, Ms Quek Zuoling, Ms Aw Ling Li, Mr Lim Yun Chong, Ms Khatijah Rahman, Ms Noor Rizianah Ibrahim

Department NHG Eye Institute @ Tan Tock Seng Hospital

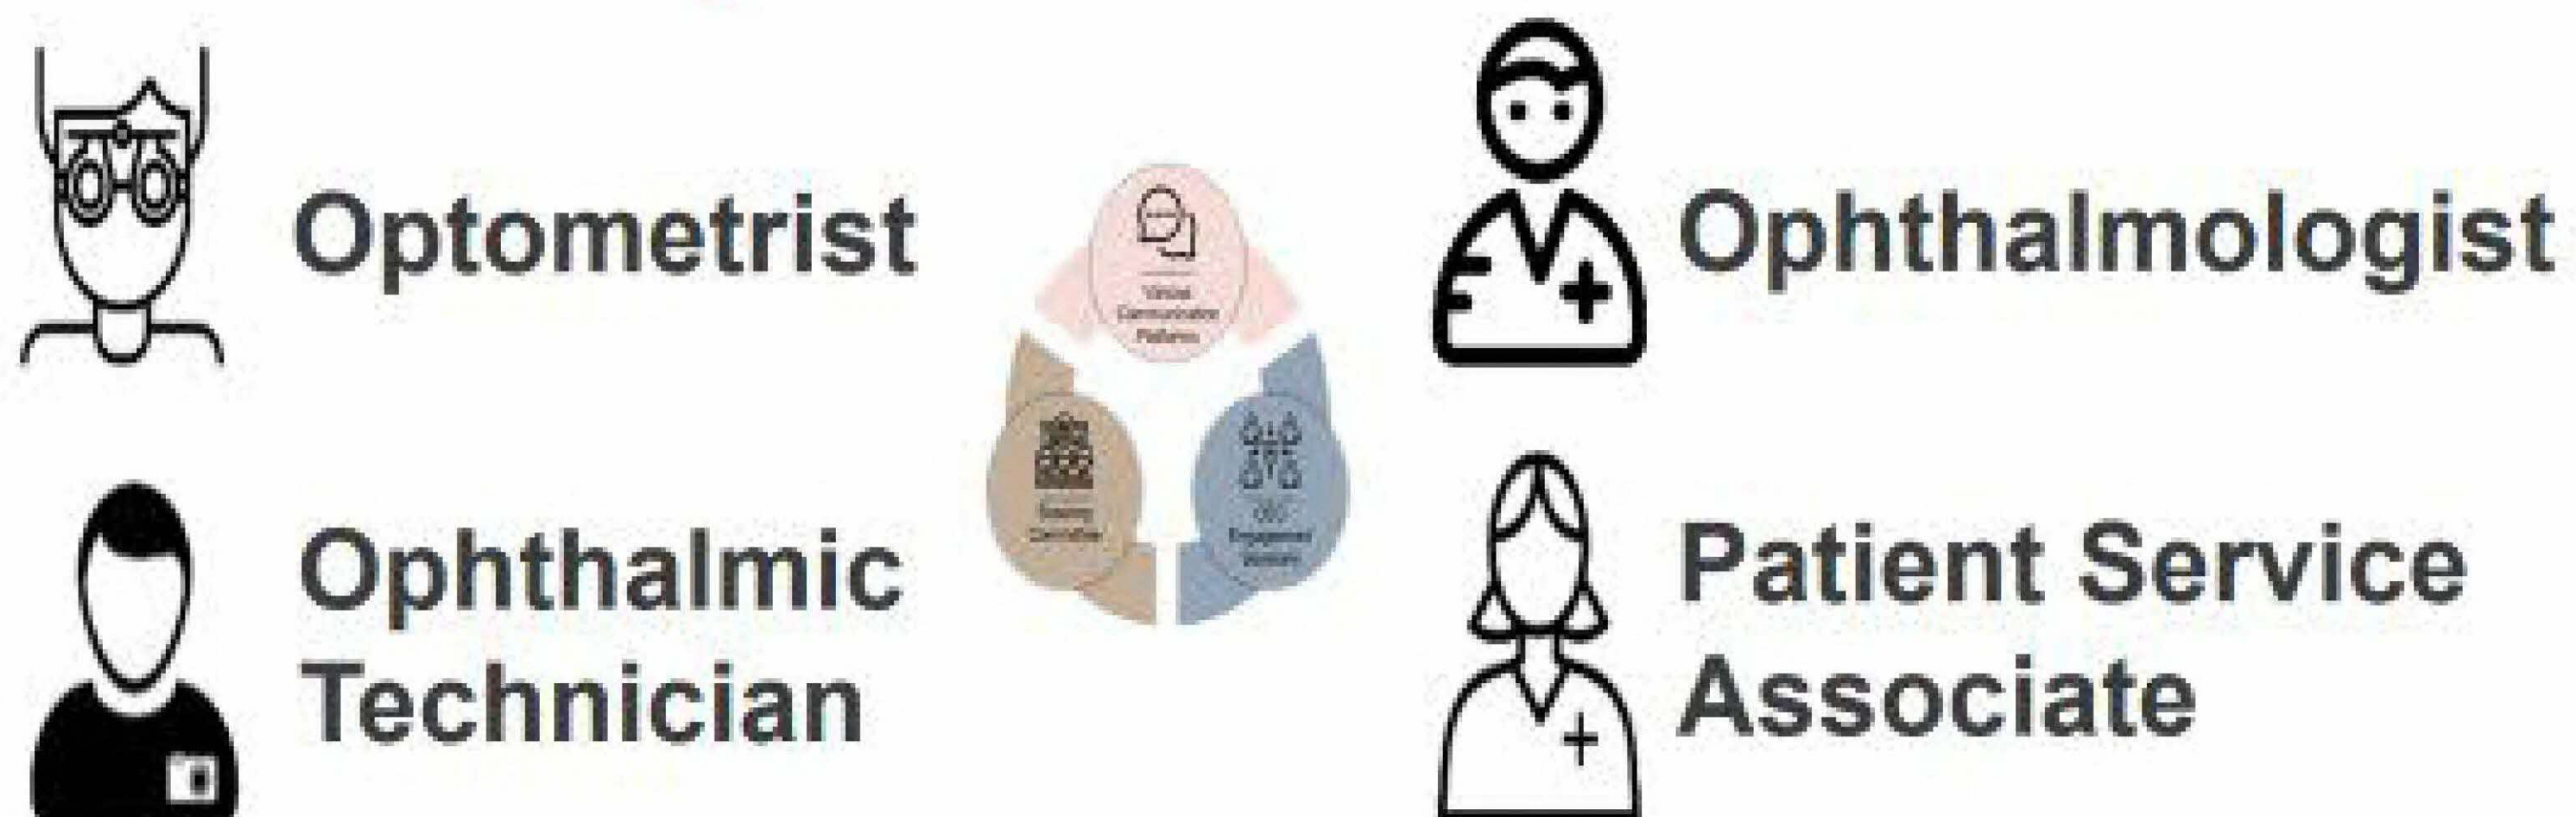

BACKGROUND

- An ageing population is a major contributing factor to the rising prevalence of chronic eye diseases
- CECs, located in the heartlands and run by up-skilled Optometrists, ensures **accessible eye care, right-siting** and **management of chronic eye conditions**

ABOUT THE CECs

Team Composition & Communication

Target Outcomes

↓ 25% reduction in Polyclinic referrals to any Eye SOC

95% concordance in clinical assessment

30 days waiting time for new consult at CEC

Objectives

Nationwide HSDP Initiative	Timely & Accessible Care	Right Siting of Referrals
Cluster Improvement	Patient Convenience	Upskilling of Optometrists

Regular engagements with polyclinics encourage collaboration in co-managing our patients together, so as to ensure the sustainability and accessibility of the care models

Key Events

2018 Opening of Hougang CEC

2019 Opening of Geylang CEC

2020 Opening of TTSH self-funded CEC at Ang Mo Kio Specialist Centre (AMKSC)
