

**2027 Subject Combinations for Sec 3 (taking predominantly G3 subjects)****Subject Abbreviations:**

D&amp;T – Design and Technology

POA – Principles of Accounts

NFS – Nutrition and Food Science

SS – Social Studies

**Eligibility criteria:**

1. For Full Sciences with G3 Additional Mathematics:

Students must obtain at least 65% in the overall in Sec 2 G3 Science and in Sec 2 G3 Maths

2. For G3 Additional Mathematics only (only for 6 subject-combi with Combined Sciences):

Students must obtain at least 60% in the overall in Sec 2 G3 Maths.

**Note:**

- i. Allocation of subject combination is based on merit, student's choice and number of students choosing the subject.
- ii. An elective subject may not be offered if the number of applicants is less than 10.

**7-subject combination**

1. English Language
2. Mother Tongue Language
3. Elementary Mathematics
4. Chemistry
5. Physics
6. Additional Mathematics
7. Choice of ONE Humanities

SS/ Geography

Code: **D7- GE**

SS/ History

Code: **D7- HIS**

| 6-subject combination                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
