Broad-Based Holistic Education & Experiences

3 areas we can work together on to foster School-Home Partnership

1 Respectful Communication

2 Role Models

3 Real Connections

Respectful Communication

Foster kind words and actions with school staff

Listen to and understand each other's perspectives and concerns regarding the child

Communicate kindly using official channels. **Teachers are not required to share their mobile numbers** and can be contacted via their work email or through the Class Dojo app

Respect each other's time by communicating during working hours

Role Models

Show our children the skills and values they need for life

- Find joy in everyday experiences with our children
- Instill confidence by encouraging responsibility and believing in our children's abilities
- Model good values in words and actions

Check out this video on MOE YouTube for tips on how parents can support the social-emotional learning of their children.

Real Connections

Cultivate strong relationships and healthy habits in this digital age

7 to 12 years old:

- ✓ Less than 2 hours of screen use a day, unless related to schoolwork.
  - ✓ Agree on a screen use plan or timetable.
  - ! Do not use screens during meals and one hour before bedtime.

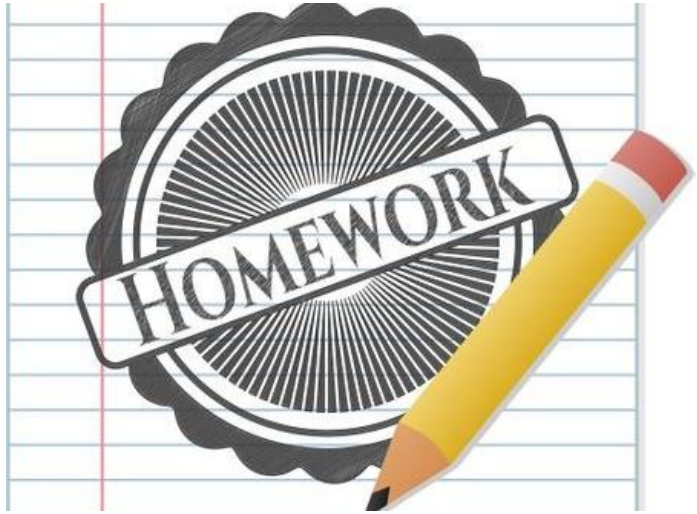

- ✓ When using screens:
  - ✓ Use parental control settings and check content ratings to ensure content is age appropriate.
  - ✓ Talk to your child often on what they are viewing online. Offer advice regularly.
  - ! You should not give your child access to social media services.
  - ! Do not give your child mobile devices with unrestricted access to internet and applications.

Homework Policy at PCPS

- **Homework** helps teachers to assess students' understanding of their learning so that timely feedback can be given to support their learning.
- **Homework Policy** is in place to help parents understand the amount of homework that is given to students.
- **No online homework will be assigned to P1 and P2 students.**
- **P1 and P2 students do not need a personal digital device (such as a handphone or tablet) for homework. A shared device at home, such as a family computer or tablet, will suffice.**

SINGAPORE

Student Learning Space

What is SLS?

Our national online learning portal with curriculum-aligned resources for students to learn at their own pace and collaboratively.

In school, students' use of digital tools will be age and developmentally appropriate.

Digital tools are only introduced if they benefit students' learning. For e.g., the discussion feature in Singapore Student Learning Space (SLS) might be used to support collaboration.

SLS onboarding information will be shared with parents via PG announcement by school.

How and when will P1 students use SLS?

Schools will prioritise a **print-first approach** to learning.

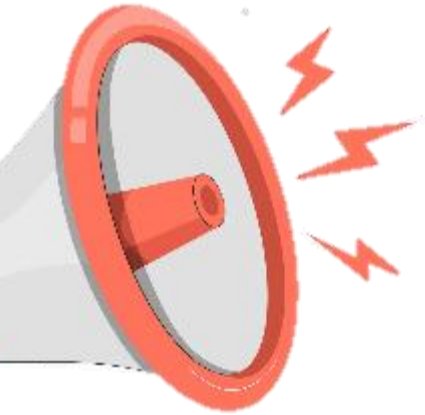

Students may use AI tools in SLS that provide customised feedback. These tools have in-built guardrails.

P1 to P3 students will not be tasked to use chatbots.

For self-directed learning purposes, students can choose to access MOE Library modules within SLS.

Building Strong Foundations at Primary 1

Play is an essential feature that taps students' inquisitiveness and ignites a self-sustaining passion for learning.

Differentiated support for children with differing learning needs

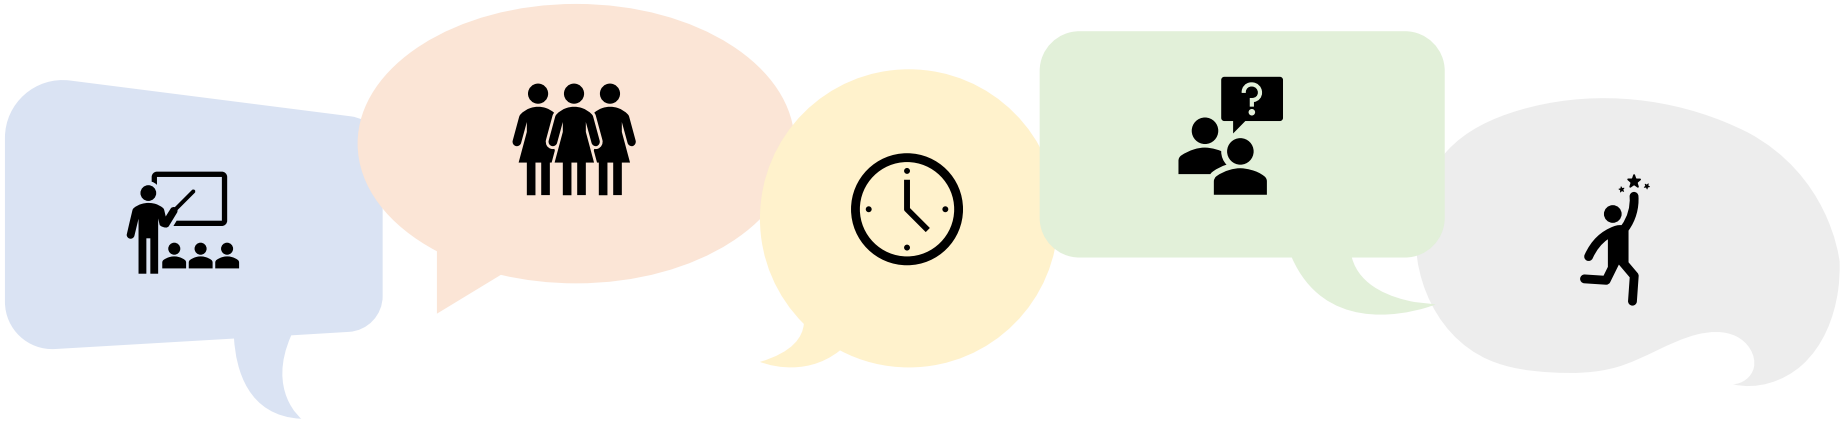

Teachers **pace** teaching and adopt **developmentally appropriate, engaging pedagogies** to deepen learning.

No examinations and weighted assessments at P1 and P2 to provide more time and space to settle into a formal school setting, build relationships and develop the necessary skills and attitudes towards learning.

Preparing your child for Primary 1

You can start talking to your child about the following:

Adjusting to a larger learning environment

Interacting with more peers and teachers

Adapting to longer school hours and new routines

Taking the initiative to ask for help

Becoming more independent and responsible

Try these conversation starters:

I had a good day at work today. *[Parent to share what they enjoyed]* How was your day? Which part did you enjoy the most?

Let's both remember someone that we met today who did a kind deed for us?

I learnt something new at work today. I am sure you did too. Can we teach each other what we learnt?
