

The Personalised Digital Learning Programme (PDLP)

Briefing for Parents

Ms Jasmine Lian (HOD ICT)

A PRESENTATION BY
MINISTRY OF EDUCATION, SINGAPORE

OFFICIAL(OPEN)\NON-SENSITIVE

The National Digital Literacy Programme (NDLP) and the PDLP

An Overview

The National Digital Literacy Programme (NDLP)

1. The NDLP was launched in March 2020 to help students **strengthen their digital literacy and acquire digital skills** needed to navigate an increasingly digitalised world.
2. Under the NDLP, every secondary school student will **own a school-prescribed Personal Learning Device (PLD)**. Students may use funds from their Edusave Account to pay for the PLD.

Intended Outcomes of the PDLP

The use of the PLD for teaching and learning aims to:

Support the Development of Digital Literacy

Support Self-Directed and Collaborative Learning

Enhance Teaching and Learning

Learning with a PLD

Bedok View Secondary School

Note: The information contained in this deck of slides is customised according to our school's context and the device selected.

How will your child/ward use the PLD?

At Bedok View Secondary School, your child/ward will be using the PLD for lessons, digital research and collaborative learning tasks, CCA, project work, HBL Day, assessments etc.

**Supporting Students in the Safe
and Effective Use of the Devices**

Cyber Wellness Concerns Identified by Local Studies/Surveys

**Harmful Online
Content**

**Gaming and
associated risks**

Cyberbullying

**Excessive social
media use**

** Refer to Slide 53 for the references of the research papers cited in this slide.*

Supporting Students in the Safe and Effective Use of the Devices

To enable a safer digital environment for learning with the use of PLDs, schools have implemented the following measures:

- School rules on digital device use
- Classroom management and routines
- Cyber Wellness Education in CCE
- Partnering parents/guardians to support students in their use of technology for learning
- MOE Device Management Application (DMA) to support a safer digital environment for learning

School Rules on Digital Device Use

In order to build a conducive learning environment, students are expected to:

- Use only their PLDs during curriculum hours and after curriculum hours for academic support programme and CCAs
- Mobile phones must be kept in their assigned lockers before the start of formal lessons and may only be use at the school foyer for the purpose of arranging for their transportation out of school

More information can be found in the Student Handbook

Classroom Management and Routines

Cyber Wellness Education in CCE

Educating students on Cyber Wellness

Cyber Wellness lessons will feature significantly in the Character and Citizenship Education (CCE). The broad topics covered in Cyber Wellness are:

- Cyber Use
- Cyber Identity
- Cyber Relationships
- Cyber Citizenship
- Cyber Ethics

Cyber Wellness Education in CCE

Throughout their Secondary School education, students will learn about:

- Balanced use and self control
- Cyber bullying and Upstanding
- How to be a positive influence online
- How to handle online falsehoods
- How to manage social media (peer influence, emotions, echo chambers)
- Online relationship and Online safety (grooming, self disclosure)
- To respect intellectual property rights

Cyber Wellness Programmes

In addition to these lessons, through various programmes in school, students will continue to learn to be **respectful, safe, and responsible users of technology**.

Parents'/Guardians' Role

- Parents/guardians play a crucial role in guiding your child/ward to use devices responsibly and safely. We would like to partner parents/guardians so that students are well supported in their use of technology for learning.
- As parents/guardians, you can help in the following ways:
 - Model good digital habits for your child/ward e.g., parents/guardians not using devices during family meals.
 - Know your child/ward well and have conversations with your child/ward about safe and responsible use of technology.
 - Discuss and come up with ground rules for internet/device usage that both your child/ward and you can agree with.
 - Encourage your child/ward to use productivity tools on his/her PLD, to organise information and simplify tasks for efficiency.

Supporting Resources

Here are some resources that you can refer to:

A. Parent Kit

B. Bite-sized tips and advice via Parentingwith.MOEsg Instagram page

C. Resources from MOE and other agencies (available on resources repository in Parents Gateway)

Supporting Resources

D. Parenting for Wellness Toolbox for Parents and Parenting for Wellness Website on Parent Hub

The Parenting for Wellness initiative provides bite-sized resources (practical tips and strategies) on building strong parent-child relationships, supporting your child's mental well-being and parenting in the digital age.

E. More resources are available via the MOE Cyber Wellness Webpage

Supporting Resources

F. Parent Handbooks (I) and (II) on Learning with a Personal Learning Device

These Handbooks provide tips on supporting your child in the use of PLDs for learning and are shared via the PG notification together with the letter to purchase PLDs.

Role of the MOE Device Management Application (DMA) in Providing a Safer Digital Environment for Learning

MOE DMA Installation

- The MOE DMA solution for iPad, Jamf, is an app that will be installed on all students' PLDs to support their safe and responsible use of devices.
- The DMA will be funded by MOE.
- The installation of the MOE DMA applies to both devices purchased through the school and any student-owned devices that parents/guardians opt for the student to use instead of the school-prescribed PLD.
- The MOE DMA will be installed after the collection of the device. Students will be guided on the installation.
- The MOE DMA will be uninstalled from the device when students graduate or leave the school.

In-School DMA Settings (Default)

Schools will determine DMA settings for **in-school use**. As a default, these settings will continue to be in place after school as well:

- MOE and the school will set the level of web content filtering, including filtering objectionable content or content that may not be conducive to teaching and learning (e.g., online messaging, social media, pornography, gambling, or websites containing extremist content).¹
- School hours are defined to be from 6 am to 4 pm and after school hours-from 4 pm to 10:30 pm. The device will shut down at 10:30 pm by default.²
- The school will determine the applications and programs to be installed to support teaching and learning.

¹ YouTube is not blocked by default as teachers use YouTube for teaching and learning. However, YouTube videos that are categorised as harmful by YouTube Restricted and Lightspeed Smart Play are blocked.

² Schools have the flexibility to customise the following:

- start of school hours, provided they are **no earlier than 6am**;
- end of school hours / start of after-school hours (no restriction);
- End of after-school hours / start of device sleep hours, provided it is **no later than 10:30pm**.

After-School DMA Parent Options

- 1. After-School DMA Parent Options provide parents with the flexibility in managing their child’s/ward’s use of PLD after school hours.
- 2. The following tables outline the different levels of restrictions, controls, and monitoring for each DMA option after school hours.

Default	Option A	Option B
Default Setting (Note: This will apply if no alternative options are chosen)	DMA settings can be modified by Parents/Guardians after school hours	DMA will be inactive after school hours¹
For parents/guardians who want their child’s/ward’s use of the PLD to be restricted only to teaching and learning, and prefer to leave it to the school to decide on DMA settings after school hours.	For parents/guardians who prefer to take charge of the level of restrictions for their child’s/ward’s use of the PLD after school hours regulated by the DMA.	For parents/guardians who do not want their child’s/ward’s use of the PLD after school hours to be regulated by the DMA at all.

¹ No data will be collected after school hours when the DMA is inactive.

- Having default school settings continue after school hours is the best option for parents/guardians who prefer not to, or do not feel ready to manage their child’s/ward’s device use on their own.
- Parents/guardians can request to change their choice of DMA settings, which is the existing practice.

After-School DMA Parent Options

	Default Setting (This will apply if no Alternative Options are chosen)	Alternative Setting: Option A (DMA settings can be modified)	Alternative Setting: Option B (DMA will be inactive only after school hours)
Protect students from objectionable content	Web content filtering will include, and not limited to, the following categories: • Violent/extremist content • Sexual/pornographic content • Gambling-related content • Suicide/self-harm content • Cyberbullying content • Content endangering public health	Parents/Guardians will be able to include additional web content filtering using the Jamf Parent app. However, parents/guardians cannot allow access to web content that is filtered out under the Default Setting.	No content filtering after school hours.

After-School DMA Parent Options

	Default Setting (This will apply if no Alternative Options are chosen)	Alternative Setting: Option A (DMA settings can be modified from the Default settings in place)	Alternative Setting: Option B (DMA will be inactive only after school hours)
Reduce distractions from learning through control of applications	Parents/Guardians will not be able to install additional applications.	Parents/Guardians will be able to install additional applications after school hours by signing in to the Apple App Store using their personal Apple Accounts. Applications installed by parents/guardians/students will not be accessible during school hours. Parents/Guardians can limit after school access to applications that they install on the PLD.	Parents/Guardians/Students will be able to install additional applications after school hours by signing in to the Apple App Store using their personal Apple Accounts. Applications installed by parents/guardians/students will not be accessible during school hours.

After-School DMA Parent Options

	Default Setting (This will apply if no Alternative Options are chosen)	Alternative Setting: Option A (DMA settings can be modified from the Default settings in place)	Alternative Setting: Option B (DMA will be inactive only after school hours)
Limit screen time	The school will define the specific hours during which the student can use the PLD.	Parents/Guardians can modify the amount of screen time for their child/ward by setting the PLD sleep hours to any time between 4pm and 10:30pm or earlier. This can be done on the Jamf Parent Application. ² Parents/Guardians can determine the duration of use of specified applications.	No limitation on duration of screen time. after school hours. Sleep hours are not enforced.³

² During school hours, the screen time limits set by the school will override parents/guardians' settings.

³ It is not recommended to install other parental controls (e.g. Apple's Family Sharing/Screen Time) as this could result in conflicting settings between school and parent controls. It may result in unexpected issues where some controls such as screen time restrictions may not work as intended.

After-School DMA Parent Options

	Default Setting (This will apply if no Alternative Options are chosen)	Alternative Setting: Option A (DMA settings can be modified from the Default settings in place)	Alternative Setting: Option B (DMA will be inactive only after school hours)
Monitor students' cyber activities	Parents/Guardians will not be able to track their child's/ward's web browsing history due to Apple's Privacy Policy.		
Provision of Jamf Parent account	X	✓	X

Support for Parents/Guardians

Parents/guardians may wish to consider the following questions to decide the After-School DMA Parent Option that best suits your child/ward.

A. Child's/ward's current device usage habits

- How much time does my child/ward spend on their device?
- How well is my child/ward able to regulate their device usage on their own?
- Does my child/ward get easily distracted while doing online learning?

B. Parents'/Guardians' involvement

- How confident and familiar am I with managing my child's/ward's cyber wellness?
- Are there existing routines and open conversations on the use of the Internet at home?
- Am I aware of how to prevent different types of cyber threats that my child/ward might face?

Note:

Parents can request to change their choice of DMA settings and the updated settings will take effect in 2 weeks.

Data Security

- All user data collected through the MOE DMA will be stored in secure servers managed by appointed DMA Vendors with stringent access controls and audit trails implemented.
- Data such as device information, email address of students and parents, device information will be deleted when the student graduates or leaves school. Website URLs accessed by students will be deleted at the end of each term.
- The MOE DMA solutions used are cloud-based Software-as-a-Service (SaaS) solutions and are trusted solutions that have been operating for many years. They have also been subject to regular security reviews and assessments by independent reviewers.

Data Security

- MOE DMA solutions have sufficient security robustness to ensure that the data collected is properly stored and protected. MOE will also subject the DMA Vendors to regular security system audits based on tender requirements.
- To prevent unauthorised access, DMA Administrators and DMA Vendors will be required to access their accounts using 2-factor authentication or the equivalent to ensure proper accountability for information access and other activities performed. There will be regular account reviews and audits for DMA Administrators' and DMA Vendors' accounts.

Data Collected by the MOE DMA

1. The MOE DMA does **NOT** collect any of the following data:
 - Login IDs and passwords entered into websites or into any applications
 - Actions performed (e.g., posts, online comments, items added to a shopping cart, etc.) when visiting websites and using apps
 - Documents and photos stored in the PLDs
 - PLD location
 - Webcam videos and microphone recordings
2. Parents may update their personal data (e.g., email addresses, names) by contacting the school, in accordance with the Personal Data and Protection Act (PDPA).

Device and Funding Information

Bedok View Secondary School's PLD

- **Model: iPad 11-inch (A16)**
- **Processor: A16 Bionic chip**
- **Memory (size, type, speed): 6GB**
- **Storage (type and size): 128GB**
- **Enhanced Bundle Warranty: 3-Year Carry-in Warranty**
- **Enhanced Bundle Insurance: 3-Year Insurance**

The school will be using the **Apple iPad 11-inch (A16)** for teaching and learning.

Total cost of the bundle includes 4-year warranty and 4-year insurance with GST: **S\$829.30**

Upgrade Item(s):

- WARRANTY & INSURANCE: UPGRADE TO IPAD 11 WI-FI 128GB (4 YEARS COVERAGE)

Add-on/Accessories Item(s):

- APPLE PENCIL (USB-C) WARRANTY VALID WITH 4Y APPLE CARE+ FOR SCHOOL
- LOGITECH RUGGED COMBO 4 IPAD 11-INCH A16/10.9-INCH 10 GEN [4 YEAR WARRANTY]

Bedok View Secondary School's PLD

- **Model:** iPad 11-inch (A16)
- **Processor:** A16 Bionic chip
- **Memory (size, type, speed):** 6GB
- **Storage (type and size):** 128GB
- **Enhanced Bundle Warranty:** 3-Year Carry-in Warranty
- **Enhanced Bundle Insurance:** 3-Year Insurance

The school chose the device because of:

- **Portability**
 - Compact and lightweight
- **Durability**
 - Logitech rugged combo keyboard provides the necessary protection
- **T&L Affordances**
 - Compatibility with Google suite and SLS
 - Use of Apple pencil for inking, annotation etc.

PLD Bundle

Device Bundle includes
• Model: iPad 11-inch (A16) • Processor: A16 Bionic chip • Memory: 6GB • Storage: 128GB • APPLE PENCIL (USB-C) WARRANTY VALID WITH 4Y APPLECARE+ FOR SCHOOL • LOGITECH RUGGED COMBO 4 IPAD 11-INCH A16/10.9-INCH 10 GEN [4 YEAR WARRANTY]

Your child’s/ward’s PLD will come with the **Enhanced Device Bundle** which includes:

- 4-year warranty
- 4-year insurance (which includes 2 repairs or 1 replacement claim)

Please note that the price of the PLD Bundle may appear to be higher than similar models on the retail market as the price of those devices usually does not include extended warranty and insurance coverage.

Insurance Coverage

The package includes:

Insurance Coverage	Claimable
• Fire • Lightning • Power Surges • Accidental e.g water spillage, drop etc • Theft due to forcible entry • Robbery * Accidental loss will not be covered by insurance.	*2 repairs or 1 replacement claim (4-year insurance)

Technical Support for Students' Devices

Technical support will be provided to students through:

- Service Desk set up in school during breaks and after school on a weekly basis
 - Troubleshooting of device issues
 - Solve connectivity issues
 - Collection of devices to be sent for repairs due to hardware issues (Service center at A.LAB @ Changi City Point #01-55 Changi City Point 5 Changi Business Park Central 1 Singapore 486038)
- Student can loan/use a school-owned device in the meantime

Funding Support for Singapore Citizen (SC) Students

- **The cost of the device bundle can be paid using your child's/ward's Edusave account**, after setting aside provision for payment of miscellaneous fees.
- To ensure the affordability of devices, MOE has provided Edusave top-ups from 2020 to 2023 to all eligible Singaporean students in primary and secondary schools. In 2025, MOE has provided a \$500 Edusave top-up for students aged 13-16 years old.
- These top-ups are on top of the annual \$290 credited into the Edusave account for Secondary School students and \$230 for Primary School students.

Funding Support for Singapore Citizen (SC) Students

- For SC students who are on MOE Financial Assistance Scheme or whose family's monthly income meets the following criteria:

Gross Household Income (GHI) $\leq$ \$4,000, or

Per Capita Income (PCI) $\leq$ \$1,000

MOE will subsidise 50% of device bundle cost or \$350, whichever is lower.

- The remaining amount will be payable from the students' Edusave account. If there is insufficient balance in the students' Edusave account for the remaining amount, MOE will provide additional subsidy so that the cash out-of-pocket (OOP) is \$0.

Funding Scenario: Student A (SC)

Apple iPad 11-inch
(A16)

S\$829.30

Student A (SC on MOE FAS) GHI ≤ \$4,000 or PCI ≤ \$1,000	
Device Bundle Cost	S\$829.30
Student Subsidy (50%)	S\$414.70
Available Edusave Balance <i>(After setting aside for misc fees)</i>	\$200.00 before deduction \$200.00 will be deducted
Additional Subsidy	S\$214.60
Cash Out-of-pocket	S\$0.00

For more details on financial assistance, please approach the school.
Each student will subsequently receive a personalised bill

Funding Support for Singapore Citizen (SC) Students

- For SC students whose family's monthly income is:

$\$4,000 < \text{Gross Household Income (GHI)} \leq \$5,500$, or

$\$1,000 < \text{Per Capita Income (PCI)} \leq \$1,375$

MOE will subsidise 30% of device bundle cost or \$200, whichever is lower.

- The remaining amount will be payable from the students' Edusave account. If there is insufficient balance in the students' Edusave account for the remaining amount, MOE will provide additional subsidy so that the cash out-of-pocket (OOP) is not more than \$50.

Funding Scenario: Student B (SC)

Apple iPad 11-inch
(A16)

S\$829.30

Student B (Non MOE-FAS SC from lower income family) \$4,000 < GHI ≤ \$5,500 or \$1,000 < PCI ≤ \$1,375	
Device Bundle Cost	S\$829.30
Student Subsidy (30%)	S\$248.80
Available Edusave Balance <i>(After setting aside for misc fees)</i>	\$200.00 before deduction \$200.00 will be deducted
Additional Subsidy	S\$330.50
Cash Out-of-pocket	S\$50.00

For more details on financial assistance, please approach the school.
Each student will subsequently receive a personalised bill.

Funding Support for Singapore Citizen (SC) Students

- Subsidies will not be provided for SC students whose family's monthly:
 - Gross Household Income (GHI) is above \$5,500 or
 - Per Capita Income (PCI)[#] is above \$1,375.
- Parents/Guardians can use their child's/ward's Edusave or cash to defray the device bundle cost.

[#]PCI is Gross Household Income divided by the number of household members.

Funding Scenario: Student C (SC)

Apple iPad 11-inch
(A16)

S\$829.30

Student C (Not Eligible for Subsidy) GHI > \$5,500 or PCI > \$1,375	
Device Bundle Cost	S\$829.30
Available Edusave Balance <i>(After setting aside for misc fees)</i>	\$200.00 before deduction \$200.00 will be deducted
Cash Out-of-pocket	S\$629.30

For more details on financial assistance, please approach the school.
Each student will subsequently receive a personalised bill.

Frequently Asked Question

What if I prefer for my child/ward to use his/her own personal computing device in school?

- Device must be a currently-owned iPad as the Device Management Application (DMA) needs to be installed for the PLD to be used in school.
- Do note a factory reset of your device may be required for installation of the DMA, which is compulsory for all students' learning devices.
- You will need to bring your device for assessment on some areas such as the following (not exhaustive):
 - device should not be older than 4 years from manufacturing date;
 - battery should hold charge for at least 4 hours;
 - comparable features to school's bulk tender devices (e.g. keyboard, stylus, etc.)
 - comparable performance to school's bulk tender devices etc.

What's Next?

Parental Consent for Procurement

1. Parents/Guardians can access the **Parental Consent for the Purchase of Personal Learning Device (PLD)** via a Parents Gateway (PG) notification* that will be sent to you on 7 January 2026.
2. Parents/Guardians who want to use Edusave funds for the PLD (for Singapore Citizens students only), please access: <https://go.gov.sg/edusaveformsgso> by 9 January 2026 to set up a **PDLP Standing Order** as this was not applicable during primary school.

* Parents/Guardians without access to PG can request for the hardcopy letter via your child's/ward's form teacher.

For Singapore Citizens (SC) Students

Time Frame	Activity
Friday, 23 January 2026	1. Submit: a. consent to PLD purchase via the PG notification which includes the following: • Intent to Purchase Personal Learning Device (PLD); • Authorisation Form for the Collection of PLD b. the Standing Order (SO) for the use of Edusave Account via https://go.gov.sg/edusaveformsgso (for Singapore Citizen students only) to set up a PDLP SO Parents without access to PG can submit their consent via hardcopy.
Term 2 Week 1	Collection of devices by students

For Permanent Residents / International Students

Time Frame	Activity
Friday, 23 January 2026	1. Submit hard copy consent to PLD purchase to the General Office, which includes the following: • Intent to Purchase Personal Learning Device (PLD); • Authorisation Form for the Collection of PLD
February 2026 onwards (after billing)	Parent/Guardian to make payment via Giro/PayNow
Term 2 Week 1	Collection of devices by students

Collection of Devices

Your child/ward will be collecting his/her device in school **in Term 2 Week 1**.

As the PLD needs to be onboarded with DMA, your child will be collecting the PLD in school.

Should you be concerned that your child will not be able to properly verify the condition of the computing device, please approach the school for further advice or clarification.

*Parents/Guardians (or adult proxy) will **not** be able to collect the PLD from the school.
