# ECHOES OF REGENT

2026 Semester 2 Edition

## Marketing in Action: Beyond the Balance Sheet

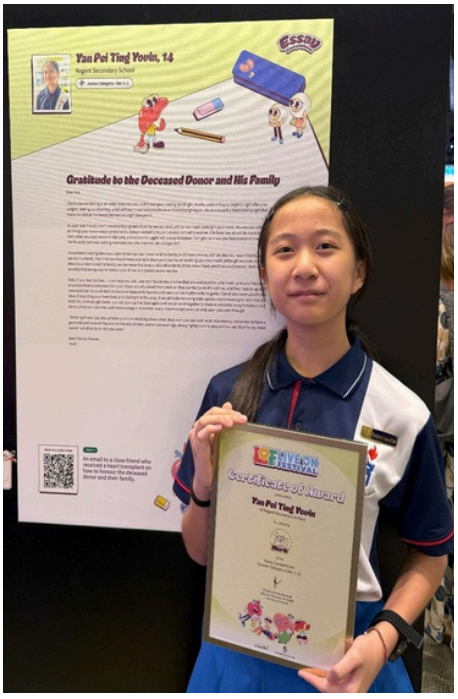

During the March holidays, our Secondary Three Principles of Accounts students stepped beyond the classroom for a three-day Marketing in Action course at Ngee Ann Polytechnic. They explored the 4 Ps of Marketing: Product, Place, Promotion and Price through case studies and real-world fieldwork. Their learning continued at JEM and Westgate, where students investigated how businesses attract and engage customers. Working in groups, they then designed their own marketing plans, applying marketing concepts alongside Accounting principles. By connecting classroom knowledge with real-world business decisions, students gained a broader perspective of how businesses turn ideas into action.

## Live On Festival Essay Competition

Through the Live On Festival 2026 Essay Writing Competition that was organised by the National Organ Transplant Unit under the Ministry of Health, Yan Pei Ting Yovin from Class 2-Pride explored themes of organ donation, empathy and hope through creative writing. Supported by teachers from the English Language Department, her thoughtful essay earned a Certificate of Award in the Junior Category, among entries submitted by schools across Singapore. Yovin reflected on how the writing process encouraged her to think deeply about life-saving choices and compassion within the community. At Regent, we provide students with opportunities to apply their writing skills in authentic contexts, using their voices to engage with issues that matter and to help them develop empathy.

## Ray of Regent

Celebrating the heart and character of our Regenites, we recognised our Ray of Regent nominees who had wonderfully exemplified our school's core values - Passion, Respect, Integrity, Determination and Empathy. These students were nominated by their teachers and fellow peers for making a positive difference in the lives of others. At the ceremony, the hall buzzed with excitement as awardees were presented their certificates and keychains. May the recipients inspire Regenites to Serve, Lead and Transform with purpose and heart.

## Woven Together: Celebrating Racial Harmony

Racial Harmony Day came alive as Regenites explored this year's theme, 'Our People, Our Tapestry', aimed at increasing their appreciation of Singapore's multicultural heritage and the values that unite our diverse communities. During their Character and Citizenship Education (CCE) lessons, students visited and explored a Virtual Heritage Gallery curated on Padlet where they learnt about the festive celebrations, traditional attire, local cuisines and cultural practices from different communities. Their learning continued through interactive cultural booths organised by the Parent Support Group where students played traditional games, made handicrafts and sampled delicious local delicacies. Through these experiences, students gained a deeper understanding of cultural diversity and reflected on how they can build stronger friendships across different races and cultures in our multicultural society.

## Let's be G.R.E.E.N!

This year's 'Let's Be G.R.E.E.N.!' initiative focused on environmental wellness and sustainable living, and was incorporated into the Secondary One Values In Action project. Our students were enthralled to explore various booths set up by the different CCAs which included an environmental word search challenge, upcycling workshops and a carnival-style recycling game. Additionally, the Secondary One students learnt about the negative impact of vaping through an interactive booth and gained a deeper appreciation of nature through a nature photography showcase. Through such fun and engaging experiences, our students were inspired to adopt sustainable habits and become advocates for a greener future!

## Awards Day

Regenites gathered for Awards Day, themed 'In Pursuit of Excellence', to celebrate their achievements, character and growth. The ceremony began with vibrant performances by our Performing Arts CCAs, setting a celebratory tone for the occasion. The celebration recognised not only academic achievements but also students who demonstrated strong values through awards such as the Edusave Awards for Achievement, Good Leadership and Service (EAGLES) and the Edusave Character Awards (ECHA). The school's partners were also acknowledged for their continued support in nurturing students holistically. The Guest of Honour, Mr Low Chin Kok, encouraged students to persevere through challenges, while valedictorian Aidan Goh, who graduated from class 4-Honour in 2025, shared how he overcame obstacles along his journey at Regent. As Regent celebrates our students' growth, may they continue to lead with character and strive towards their aspirations.

# National Day Commemoration

The spirit of patriotism came alive as Regenites gathered to commemorate Singapore's 61st National Day, celebrating this year's theme, 'Majulah Singapura! Go Beyond!'. The vibrant celebration featured inspiring performances, engaging games and activities that showcased Singapore's rich multicultural heritage. Our celebration kicked off with the annual National Day Parade, featuring our Uniformed Groups and our Show Choir leading a mass sing-along of NDP classic songs to celebrate the joyous occasion. Beyond the festivities, students reflected on Singapore's journey and our resilience, determination and unity that have shaped our nation's success. Through classroom discussions, they were encouraged to consider how everyday acts of responsibility, kindness and service contribute to Singapore's future. As we celebrated our nation's journey together, Regenites were reminded that everyone has a part in shaping the Singapore we hope to see.

## Literature Learning Journey

This year, our lower secondary English Literature students stepped beyond the classroom to enjoy captivating performances of the plays 'Perfecting Pratas' and 'Don't Know Don't Care' for their Literature Learning Journey. The performances developed students' appreciation of the characters, plot developments and themes which they had explored in the same texts during class. Many students were fascinated by the energy of the performances and how live theatre made the stories feel more vivid and relatable. Watching the plays unfold on stage reinforced their classroom learning in a dynamic and meaningful way, allowing them to better understand the characters' motivations.

## Limbang National Day Performance

The Regent Revolution Show Choir and Regent Concert Band were honoured to perform at the Limbang National Day Dinner in celebration of Singapore's 61st birthday. Our students presented an energetic rendition of 'Reach Out for the Skies', showcasing choreography they had created and refined together. The preparation process strengthened their teamwork as they exchanged ideas, supported one another and worked towards a shared vision. Their unity and togetherness were evident both during rehearsals and on stage as the students enthusiastically performed for the audience that included Prime Minister Lawrence Wong. The event culminated in a community sing-along where our students and the Limbang residents came together to sing popular NDP songs from past years. It was a heartwarming SG61 celebration filled with music, pride and community spirit. Happy 61st Birthday, Singapore!

## Student Leaders' Investiture

Regenites gathered together for the Student Leaders' Investiture to commemorate the spirit of Service, Leadership and Community. The ceremony marked the appointment of our incoming student leaders who received their official Letters of Appointment from the School Leaders while also paying tribute to the graduating student leaders whose faithful service was acknowledged through their Certificates of Appreciation. The symbolic handover of leadership marked the passing of responsibility, trust and commitment to a new generation of student leaders. The recitation of the Student Leaders' Pledge by our new student leaders was a poignant conclusion to the ceremony as they committed themselves to serving the school community with empathy, tenacity and purpose.

## CCA Awards Presentation Ceremony

The CCA Awards Presentation Ceremony brought Regenites together to celebrate the achievements and contributions of the various CCAs. Rapturous applause filled the school hall as CCA Leaders from the Clubs and Societies, Sports and Games and Uniformed Groups presented medals, badges and honours to the school. Each award recognised the dedication and perseverance demonstrated by students through their CCA journeys. From developing their skills to contributing to their teams and communities, our Regenites continue to embody the spirit of excellence and service. May they continue to make us proud and blaze forth to even greater heights.

## Running As One at the Cross Country Run

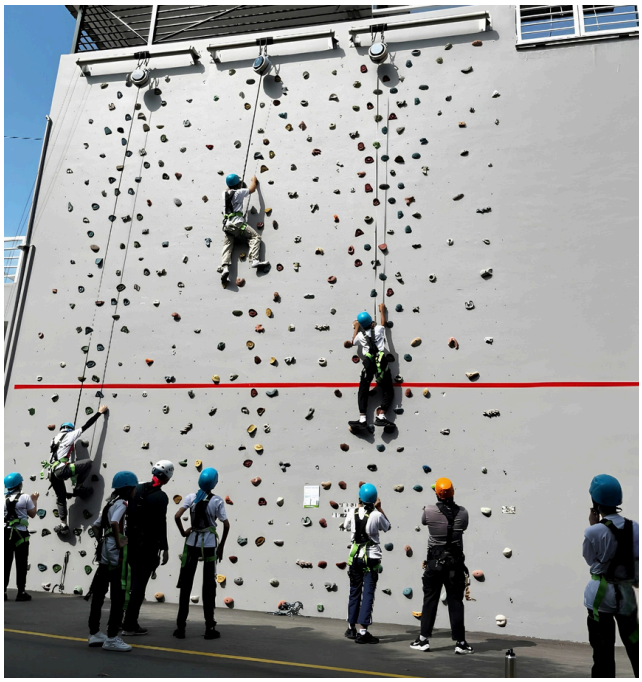

Excitement filled the air as students and staff gathered for the Annual Cross Country Run, ready to take on the 3.6 km route around the scenic Pang Sua Park Connector. The Competitive Race saw runners push themselves towards personal bests, with podium finishes and Top 20 placements at stake. Meanwhile, participants in the Fun Run jogged and brisk walked alongside friends and teachers, encouraging one another along the way. Whether racing competitively or participating for fun, everyone demonstrated resilience and perseverance in completing the run. The event united the Regent community in a display of camaraderie and school spirit.

## Secondary One Cohort Camp: Building Resilience Through Adventure

Our Secondary One students began Term Three with an unforgettable four-day, three-night Outdoor Adventure Learning Cohort Camp at the MOE Changi Coast Outdoor Adventure Learning Centre. Building on the various outdoor skills they had learnt during their Physical Education lessons, students capably put their map reading, navigation, tent pitching as well as their outdoor cooking skills into real-life practice. From kayaking and artificial caving to working together to prepare meals, each activity challenged students to communicate, persevere and support one another. The highlight of the camp was a land expedition through East Coast Park and Siglap, where students navigated their given routes and worked together to complete the journey successfully. Through these experiences, our Secondary One students built resilience and confidence while forging lasting friendships that will support them as they navigate through their secondary school journey.

# Sports Fiesta

The Sports Fiesta brought Regenites together for a lively celebration of sport, teamwork and camaraderie. Secondary One to Three students took part in modified sporting challenges, including foosball, netball and volleyball, while Secondary Four students competed in an inter-class Ultimate Frisbee tournament, putting their Physical Education skills into practice. Throughout the activities, students showcased their abilities, encouraged one another and demonstrated resilience and sportsmanship. Beyond the friendly competition, the event provided opportunities to strengthen friendships and create lasting memories with classmates, offering a meaningful way for students to enjoy sports together.
