SCHOOL SONG

VERSE 1

Lives are in the making here,
Hearts are in the waking here,
Mighty undertaking here,
Up and On!
We are arming for the fight,
Pressing on with all our might,
Pluming wings for higher flight,
Up and On!

(CHORUS)

VERSE 2

Fair before us lies the way,
Time for work and time for play;
Fill the measure while we may,
Up and On!
Life and time will not delay,
Time is running fast away,
Life is now today; today;
Up and On!

(CHORUS)

VERSE 3

Foes in plenty we shall meet,
Hearts courageous scorn defeat;
So we press with eager feet,
Up and On!
Ever onward to the fight,
Ever upward to the Light,
Ever true to GOD and RIGHT,
Up and On!

(CHORUS)

CHORUS

Up Boys! Truest fame
Lies in high endeavour;
Play the game! Keep the flame
Burning brightly ever!

SCHOOL HYMN

VERSE 1

Our Father, by whose servants,
Our School was built of old,
Whose Hand has crowned Thy children,
With blessings manifold;
For Thy unfailing mercies,
Far strewn along our way,
With all who passed before us,
We praise Thy name today.

VERSE 2

They reaped not where they laboured,
We reap what they have sown;
Our harvest may be garnered,
By ages yet unknown.
The days of old have dowered us
With gifts beyond all praise,
Our Father make us faithful
To serve the coming days.

VERSE 3

Before us and beside us,
Still holden by Thy hand,
A cloud of unseen witness,
Our elder comrades stand;
One family unbroken,
We join with one acclaim;
One heart, one voice uplifting,
To glorify Thy Name.

CHAPLAIN'S MESSAGE

2022 is a very special and significant year for St Andrew's Secondary School. We are truly blessed to be able to celebrate our 160th Anniversary in the spirit of "One Family Unbroken," together with St Andrew's Junior School and St Andrew's Junior College.

We give thanks and praise to our Almighty God for His sovereign hand and tender loving care upon St Andrew's School in the past 160 years. He has guided us, shaped us and raised us from our humble beginning to what we are today – the Saints' Family in St Andrew's Village, strong and steady, up and on.

We want to specially remember and pay tribute to the many people who have given of themselves to build the lives of the students all these years. Let's continue the godly and selfless attributes of our founders by "keeping the flame burning brightly ever," which is the theme of our St Andrew's School 160th Founder's Day.

What is this flame that we are to keep burning brightly ever?

Let me highlight three core attributes: Vision, Courage and Resolve.

First, Vision. What sustains St Andrew's School from its humble beginning to what we are today is the God-given vision of spreading the Gospel through education. Today, we are proud to embrace the vision to be the "Home of servant leaders who bring life to the Nations."

Second, Courage. Courage to do what is important and right in God's eyes is key to fulfilling the mission of St Andrew's School and upholding the Christian values and character of the school. Such courage comes from putting our trust and confidence in the Lord. As we always say, "no one is here by chance," whether we are students, teachers, staff or volunteers. May we continue to put our total trust and confidence in the Lord in all that we do in and through the school.

Third, Resolve. Resolve is the passion and drive to pursue goals, to make things happen, to rise above challenges, to do the right thing in the face of adversity. It is strength of will and determination, a 'can-do' and 'never-say-die' spirit that will surely produce good results and achievements, as well as attributes of perseverance, resilience and self-discipline.

Indeed, we are grateful to God for empowering all of us – our past and present generations of School Principals and Leaders, Teachers and Staff, Parent and Alumni Volunteers, the Board of Governors and the Chaplaincy Teams – with vision, courage and resolve in all our endeavours in building the lives of our students.

May we continue to look to God for His wisdom and guidance as we work together for academic excellence, character formation and leadership development.

May we grow stronger together in the Lord and in what we do. And may we together keep the flame burning brightly ever.

Let us fan into flame the gift of God in each one of us. I'd like to leave you with the words of the Apostle Paul to Timothy in 2 Timothy 1: 7, "For God did not give us a spirit of timidity, but a spirit of power, of love and of self-discipline."

Revd Peter Chen
Chaplain (1 Sep 2021 – 31 Aug 2022)
For the Chaplaincy Team

PRINCIPAL'S MESSAGE

Dear Saints and Staff,

We celebrate our 160th Founder's Day this year.

Giving Thanks

We give thanks to our Lord for guiding us through 160 years through His love and wisdom. Our heartfelt gratitude also goes out to our Board of Governors, St Andrew's Alumni, SAPTA for their support in good and bad times. Indeed we are One Family Unbroken, in one heart one voice. As we celebrate this significant moment, we continue to build brotherhood like many other generations of Saints.

Our Promise

As we grow from strength to strength, we continue to hold strong to our promise of raising good men. Every boy is precious in St Andrew's and we want to raise them to be gentlemen. Our teachers and staff have always been the pillars of helping us fulfil this promise; they care for every boy, strive towards every endeavour and rise up to challenges time and again. We want to build a "Fearless School", one that is psychologically safe and inviting for all to thrive. Boys, help us make the St Andrew's experience a unique one; take good care of each other and of your teachers as well. This will truly be a time of fond memories for us in the many years to come.

Raising Gentlemen

A gentleman is one who possesses strength and courage. Start by cultivating an even temperament, so that you will always have the clarity of mind. If you recall my sharing, always be slow to anger and quick to listen. This year, we have also embarked on the CliftonStrengths exercise for all Secondary 3 boys and staff. Knowing our strengths helps us to appreciate ourselves, understand others and develop our collective potential better.

Lastly, I would like to share a verse from scripture: 'Pride brings a person low, but the lowly in spirit gain honour' (Proverbs 29:23). A man's pride will bring him low, but humility will be honoured. Always remember to be kind to yourself and others.

Fair before us lies the way
Time for work and time for play
Fill the measure while we may

Let us keep the flame burning brightly ever. Up and On!

SAV 160TH

SPECIAL EDITION

UP & ON

SAV160 YEARS

OUR HERITAGE, OUR PRIDE

With close to 160 years of rich history and a legacy of nurturing Saints who bring life to the nations, St Andrew's Junior School has established itself as an iconic institution and is a well-recognised name in the education landscape of Singapore. Needless to say, the story of our humble beginnings - from a small little room in Hokkien Street in 1862 to the sprawling village in Potong Pasir today - is one worth telling.

When the opportunity arose to collaborate with the National Heritage Board to create a Heritage Gallery for the school to celebrate our place in the community, our Principal, Ms Patsy Neo, enthusiastically formed a team to conceptualise a design that would both commemorate our past Saints and their labour and inspire our future Saints to serve the coming days. What came next was the laborious process of combing through our extensive history to select the most impactful moments to feature on the walls of the gallery. Assistance was sought from agencies like the Singapore Press Holdings and the National Library Board to gain access to their archives for authentic photos, news clippings and quotes from dignitaries to adorn the walls.

The gallery showcased some very distinguished Saints who had served the public service as servant leaders, just to name a few, the former President of Singapore, the late Dr Benjamin Henry Sheares, the Minister S Iswaran and war heroine, the late Mrs Elizabeth Choy. Their stories serve to remind our Saints to always remember what they had sown and be inspired to serve and soar.

One of the most difficult parts of curating material for the Heritage Gallery was the sourcing of authentic memorabilia to display and provide visitors with a picture of what St Andrew's School was like in its early years. Owing to the generous contribution of some past Saints and their families, the gallery now houses interesting and unique artifacts for visitors to pore over and enjoy.

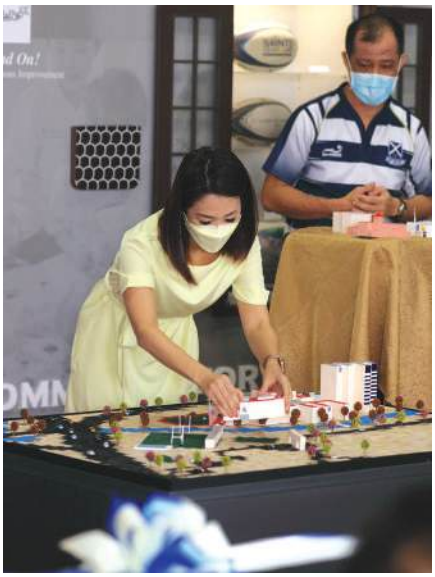

OUR HERITAGE, OUR PRIDE

It would have been fairly straightforward to commission a design firm to create a 3D model of the school, which is presently the centerpiece of the heritage gallery. However, in the true spirit of being one family unbroken, Ms Neo sought the collaboration of the St Andrew's Alumni (SAA) in putting together a 3D model of the school. Mr Alvin Oon (Class of '79) suggested a wonderful idea of having past and present Saints to construct the 3D model of the school. The model was then conceptualised and designed by Mr Oon where the staff and Saints of 2022 came together to handcraft and paint each wooden cube. The final product was put together by the key stakeholders of the village who included the Bishop, members of the Board of Governors and the Principals of the village.

Putting together the immensely meaningful heritage gallery was not without its challenges. The safe management measures and restrictions of COVID-19 and the need to be thorough in verifying accounts and materials for such an important creation caused the completion to be delayed.

However, with perseverance and a desire to bring to life an impressive and inspiring installation, the Heritage Gallery was officially launched on 14 April 2022 by Guest of Honour, Mrs Pryke Wai Yin, who was a former principal of St Andrew's Junior School and is now the Director of Education and Community Outreach at the National Heritage Board. A team of student leaders, together with our Principals, received guests fervently and impressed many by leading everyone on a tour of the gallery. They also paid homage to Servant Leaders whom St Andrew's had nurtured in days past. With its enthralling display, the gallery presented an excellent platform for our Saints to exercise their capability as skilled communicators, when they shared the rich history of the school with the public. On this memorable day, we celebrated the birth of our very first batch of school docents and look forward to many more to come.

The next time you visit the heritage gallery and interact with the exhibits on display or simply view the thought-provoking photos and write-ups, take a moment to envision what kind of a Saint you want to become and what stories you can contribute to the community to add to the history of St Andrew's Village. Up and on!

SHOE DONATION DRIVE

As St Andrew's Village celebrated its 160th anniversary, our student leaders decided to celebrate the school tradition of charity by organising a shoe donation drive. At the same time, our student leaders showed support to our nation's Green Plan by contributing to a sustainable community.

In collaboration with Sport Singapore, prefects collected old but clean rubberised sports shoes originally intended for disposal. The collected shoes will be recycled into materials that can be used for jogging tracks, fitness corners and playgrounds. Specialised bins were provided near the SASS bookshop for all students and staff to place their old sports shoes.

By the end of July 2022, SAJS, SASS and SAJC collected well over 160 pairs of sports shoes in each school. Up and On to the Saints spirit of charity!

And the sorting begins!

Shoes, shoes and more shoes!

This looks like something I would wear!

TO THE CLASS OF 1998

Principal's Message

When you first came in, we told you your joining SAJC was no accident. I trust your two years here have been filled with purpose. I hope your time with us has been a time of discovery, finding out who you are and finding out where you want to go. It would be gratifying to know that in SAJC, you learnt to widen your horizons, while strengthening your wings to ride the wind.

Let me share with you another picture : it is from Star Wars, and it is the scene of Luke Skywalker in his craft desperately evading the enemy while looking for the right shaft to detonate the Death Star. He hears the voice of his mentor telling him to let go and let the force take over. He lets go of the evidence of his eyes, and takes cue from the voice within that has been helping to shape his choices and his moves. And instinctively as it were, he finds the vital spot.

As you leave the college to go out into a suddenly uncertain world, you may be tempted to see only what the physical evidence of your senses shows you. I hope however you will give ear to the voice that is within you, a voice that you heard while at SAJC or even earlier, the voice of sanity and temperance when the world goes mad, the voice of peace when men war among themselves, the voice of justice when society becomes corrupt and greedy.

'Your ears shall hear a word behind you, saying, "This is the way, walk in it", whenever you turn to the right hand or whenever you turn to the left.'
(Isaiah 30:21)

Saints, God has plans for you. Listen to His voice, even after you leave SAJC.

Total	**292 (289)**	**176 (184)**	**49 (33)**	**70.9% (68.1%)**	**16.8% (12.2%)**

Note: 2021 data has been indicated in brackets

5.2 The cut-off aggregate for the 2022 Secondary 1 enrolment for non-affiliated students for the three courses were as follows:

EXPRESS	NORMAL ACADEMIC	NORMAL TECHNICAL
AL 10 (10)	AL 22 (22)	AL 27 (27)

Note: 2021 data has been indicated in bracket

5.3 This is our fifth year implementing the Subject Based Banding (SBB), an MOE initiative to allow students with strengths in English Language, Mother Tongue Language, Mathematics, Science and History to take these subjects at a higher academic level.

5.4 In 2022, the number of Secondary 1 students in the Normal (Academic) (NA) and Normal (Technical) (NT) courses who have taken up the offer to study subjects at Express and NA levels respectively, through SBB, are as shown below:

SUBJECT OFFERED AND TAKE UP	NA		NA	
	TOTAL	SBB	TOTAL	SBB
English Language	77	25	36	20
Math	77	23	36	13
Science	77	30	36	17
*Chinese Language	52	10	18	1
*Malay Language	9	4	6	4
*Tamil Language	9	3	6	2

PRINCIPAL'S REPORT (AUGUST 2021 - JULY 2022)

5.5 Alongside 27 Secondary Schools in Singapore, we are in the third year of our FSBB journey with our 2022 Secondary 1 intake of students. FSBB students can take subjects at different academic levels (G1, G2, and G3), which are mapped from the Normal (Technical), Normal (Academic) and Express standards respectively, based on their strengths. This empowers students to further develop their strengths in subjects in which they have performed well at the Primary School Leaving Examination (PSLE). Mixed class groupings encourage students to forge wider friendship circles and a stronger culture of peer support. The number of SBB students in the NA and NT courses are as shown below:

COURSE	STRENGTH	NUMBER OF STUDENTS TAKING				TOTAL	%
		1 SBB SUBJECT	2 SBB SUBJECT	3 SBB SUBJECT	4 SBB SUBJECT		
NA	77	22	17	15	0	54	70.1
NT	36	8	18	5	0	31	86.1

5.6 In addition, 7 Secondary 2 NA students and 1 Secondary 2 NA student are taking History and Geography at a more demanding level respectively.

6. Achievements by Alumni

8. Strategic Thrusts (ST)

ST1: Empowering Learning

8.1 Our students performed well in the 2021 GCE 'N' Level examination: 16.7% qualified for the Polytechnic Foundation Programme; 72.7% qualified for the Direct Entry to Polytechnic Programme; and 74.2% qualified for Secondary 5N(A).

8.2 Our students performed well in the 2021 GCE 'O' Level examination. For the Secondary 4 Express cohort, a total of 99.4% were eligible for Junior College or Polytechnic. A total of 33 students obtained an L1R5 aggregate of 10 and better. Two students achieved 7A1s and two other students achieved at least 6A1s. 16.7% of the students qualified for the Polytechnic Foundation Programme. For the 5N(A) cohort, the percentage eligible for Polytechnic was 72%.

8.3 The following efforts were made by the staff to improve teaching and learning in the school:

a. Lesson Design and Teaching Packages

i. To better integrate ICT in 2021, teachers continued to work in teams to develop detailed Blended Learning lesson packages across all subjects and implemented them during Home-Based Learning/Tech Goodness It's Friday. In 2022, teachers explored various approaches to teaching and learning in Professional Learning Circle (PLC) teams and developed teaching packages based on each PLC's area of research.

b. Integration of ICT – Student Learning Space (SLS)

i. To support Assessment for Learning, Home-Based Learning and Blended Learning, the school continues its efforts at integrating the use of SLS and other useful online applications in teaching and learning.

c. ALP – Design Engineering

i. Students built a programmable Arduino Car in the Applied Learning Programme (ALP). The school has infused Design Thinking skills and critical thinking into the ALP curriculum.
ii. ALP for Secondary 2 classes commenced in Term 1, Week 2 and ran for 1 hour weekly, for over one semester. Classes for the Secondary 1 cohort began in Term 3, Week 1.
iii. Students were taught how to create virtual circuits, block programming and how to use sensors like Bluetooth, InfraRed and ultrasound.

d. LLP – Sports for Life

i. Our LLP, 'Sports for Life', inculcates life skills and values of servant leadership in our boys, while encouraging them to lead an active lifestyle. The programme helps to develop WISE & TRUE values within the boys to serve family, society and eternity.
ii. Through LLP, boys learn the Play3 values (i.e. Play Hard, Play Safe, Play Fair). Values in Action projects are carried out to promote active living.
iii. Alongside other sports, rugby is taught at all levels, and serves as a vehicle to develop life skills. The boys are also taught to serve as ambassadors for rugby and of healthy living. In addition, a leadership programme is put in place to develop our Sports Leaders.
iv. The PE curriculum develops a range of sports competencies, including injury management, sports nutrition, and sports safety.

PRINCIPAL'S REPORT (AUGUST 2021 - JULY 2022)

e. English Language and Literature

i. The SAINTS Read programme, which aims to nurture students' media literacy and honing their critical thinking (CT) skills, is being implemented for the fourth year. Teachers curate a set of articles on a weekly basis, covering a broad range of topics to expand students' worldview. Each set of articles is supplemented with CT questions to teach students the skills of considering the target audience, detecting bias and questioning the purpose of each article.

ii. To expand their worldview and literary appreciation, our Literature curriculum exposes our boys to a mix of local and international works, as well as classics and contemporary texts. We have developed and annually updated our poetry anthology to include texts from a range of themes, countries and time periods.

iii. A range of strategies, such as the 'denotation-connotation' critical questioning framework, gamification, free-writing and creative writing, enable our boys to develop their personal voice on issues in the literary texts they study.

iv. The EL programme centres around themes that help our students make sense of the world and issues around them. Through the themes and related activities, we hope to get our students to find their voice and express their thoughts. For example, the recurrent theme of "Food" in the Secondary One, Two and Three levels enables the boys to explore food and its immediate impact on their lives, on the lives of our community and our culture. In Sec 1, the students create food vlogs turning into amateur Master Chefs who whip up their favourite dish. In Sec 2, they review the food around the Potong Pasir neighbourhood and think about quality, quantity and the nutritional value. In Sec 3, our students visit the wet markets in Singapore to understand its cultural significance to us. They interview patrons and hawkers to gain a deeper understanding of its importance to our culture and society.

f. Mother Tongue Languages (MTL)

i. Secondary 2 Chinese Language students participated in a workshop where they learnt Chinese Martial Arts as part of the Mother Tongue Fortnight Programme. They learnt a combination of movements employing their fists and a fan.

ii. Secondary 1, 2 and 3 Malay Language students participated in a workshop where they learnt Silat as part of the Mother Tongue Fortnight program. Silat traces its origin to the early days of Malay civilisation and has since developed into a tradition of physical and spiritual training that embodies aspects of traditional Malay attire, performing arts and culture.

iii. Secondary 1, 2 and 3 Tamil Language students participated in a workshop where they were introduced to one of the oldest traditional Indian Martial Arts, Silambaattam, as part of the Mother Tongue Fortnight program. Silambaattam is an ancient weapon-based martial art, with the word "Silam" meaning "hills" and "Kambu" meaning sticks.

iv. Secondary 2 Tamil Language students participated in the Tamil Language Festival organised by Umar Pulavar Tamil Language Centre.

v. Secondary 2 and 3 Tamil Language students participated in the Naanum Oru Padaipaali writing competition by the Ministry of Education.

vi. Secondary 3 Malay Language students won gold medals at the National Malay Essay Writing Contest organised by Edn Media.

vii. Secondary 3 Malay Language students participated in the Fiesta Kesantunan competition organised by the Malay Language Learning Promotion Committee.

viii. Secondary 2 Malay Language students participated in the 3T Translation competition organised by National Junior College.

ix. Secondary 1, 2 and 3 Higher Chinese students participated in the National Secondary Schools Translation Competition.

x. Secondary 1 and 2 Malay Language boys participated in a Dikir Barat workshop as part of an Arts & Culture Day programme organised by the school.

xi. Secondary 1 and 2 Tamil Language students participated in a workshop where they learnt to play various traditional musical instruments, as part of an Arts & Culture Day programme organised by the school.

xii. 39 Secondary 1, 2 and 3 Chinese Language students participated in a music camp as part of the National Schools Xinyao Festival 2022. Students learnt about how to write lyrics for Chinese songs and attended a performance by a team of musicians from Xin Kong Xia, as part of the Arts & Culture Day. A group of 25 Secondary 1, 2 and 3 Chinese Language students participated in a music competition including criteria such as the writing of lyrics and song composition.

xiii. 80 Chinese Language students across all 4 levels participated in the National Chinese Challenge organised by Zaobao and Nanyang Girls' High School.

xiv. The MTL teachers use a thematic approach in lessons to enhance various skills such as writing, comprehension and communication. They apply various strategies such as the 6 Thinking Hats, Critical Thinking, Making Thinking Visible and Differentiated Instruction to cater to students' varied abilities in the learning of Mother Tongue Languages.

xv. To broaden their worldview, the students are introduced to various forms of reading materials such as short stories, novels, newspaper articles and poems.

xvi. The department uses a wide array of ICT platforms, such as Student Learning Space, Google Classroom, Kahoot, Padlet, Quizzlet, Nearpod, Quizze and Canva to support and enthuse students' learning of Mother Tongue Languages.

g. Mathematics

i. To enrich students' understanding and application of Mathematics, our boys participated in competitions, such as the Singapore Mathematics Olympiad.

ii. Students from the Upper Secondary Normal Academic (NA) and Normal Technical (NT) streams and the Lower Secondary Normal Technical (NT) stream participated in the 2021 All Singapore Secondary Mathematics Competition for Normal Course Students organised by Clementi Town Secondary School. The competition is a national-level online Mathematics competition to enrich students' knowledge and stimulate greater interest in Mathematics.

h. Science

i. To nurture a strong interest and cultivate enthusiasm in Science, students participate in a range of activities and competitions that provide an avenue for them to showcase their abilities and nurture their talent in the Sciences.

ii. Three Secondary 2 students formed a group and took part in the STEM SHELL Nxplorers 2022, where they constructed solutions to the challenges on Water and Energy from Jan 2022 to August 2022.

iii. A total of 13 students from 4SA and 4SB participated in the Singapore Junior Physics Olympiad (SJPO) general round on Jun 2022.

iv. Two teams consisting of a total of six boys participated in the Innovation Programme from Jan to Aug 2022.

v. Nine boys participated in the Singapore Junior Biology Olympiad in May 2022 and seven received either a silver, bronze or an honourable mention for their participation.

vi. 19 students represented our school at the International Biomedical Quiz organised by Anglo-Chinese Junior College and the Mathematics Council. It provided a platform for students to develop their aptitude and potential in the biomedical disciplines through independent work and the application of critical thinking skills to solve authentic medical challenges. 10 students placed among the top 40% of the competition.

vii. Four teams participated in the annual IgNITE Skills Challenge. The competition aims to introduce students to technical skills and foster a deeper understanding of courses offered by ITE. All four teams successfully placed among the top ten teams of each challenge.

viii. Two teams, comprising 3 members each, took part in the Singapore Science and Engineering Festival 2022. Both teams were also shortlisted for final judging.

i. Humanities

i. The Humanities Department facilitates experiential learning and infuses critical thinking skills to enable our boys to interpret various historical, environmental, and social phenomena.

ii. Inquiry-based learning via Historical and Geographical Investigation programmes is implemented as a key pedagogical approach, to encourage the development of critical thinking and problem-solving skills. Visible thinking strategies (e.g. mind maps and graphic organisers) are employed to help students make connections between ideas and aid information recall and consolidation.

iii. In support of the 2022 St Andrew's Junior College's MUN Conference, 'Peace for the People',' 15 of our students signed up as delegates. By role-playing as ambassadors of different countries, they were immersed in experiential learning that aimed to deepen their understanding of global issues and hone their skills in diplomacy. Ho Kok Hou, Michael, received an award for Outstanding Delegate, Shridhar Raj received an award for Best Position Paper and T Shridhar and Mark Tan Jia Ren were given Honourable Mention.

iv. A group of four Secondary 4 students were selected for the annual NUS Geography Challenge. The Challenge aims to ignite students' passion and interest for the dynamic discipline of Geography through intellectually stimulating, creative and fun platforms. Through the competition, students apply geographical knowledge that they have learnt in school and gain exposure to other sub-fields of the discipline. Two of our boys Lim Jun Yu, 4SA and Chua Shao Wen, Josh 4S1 received the Bronze award for commendable individual performance.

PRINCIPAL'S REPORT (AUGUST 2021 - JULY 2022)

v. On 22 April, a group of 10 Secondary 3 Geography students attended the ASEAN Symposium for Secondary School Students. The Symposium is a platform for secondary school students, policy makers and academic representatives to discuss modern issues concerning ASEAN. It provides our students with the opportunity to research and gain insights into the complexities and intricacies of pertinent ASEAN-related issues in the societal, economic, cultural, environmental and political domains, beyond what is covered in the secondary school Humanities curriculum. At the second session on 15 Jul, our students had the opportunity to present their views on the challenge of climate change and discuss solutions for how to address it.

vi. The Geography Unit hosted a dialogue session with the Geography Unit of the Curriculum Planning and Development Division on 28 Apr, Thurs. The session involved a dialogue with the Head of Department (Humanities), the Geography Team and a focus group discussion with six upper secondary Geography students offering elective and full Geography.

vii. The MOE Educational Technology Division collaborated with our Social Studies Unit to develop a video showcasing the application of e-Pedagogy in the classroom.

j. Aesthetics & Design

i. The Aesthetics & Design Department aims to develop students' creativity, cultural awareness, critical thinking and empathy by exposing them to a range of Music, Art and Design from across history and the world.

ii. Parents are engaged in the department's efforts to instil a deep appreciation for the subject. The Art and D&T teachers held a ZOOM conference with the parents of Secondary 4 & 5 Art and D&T students, to communicate expectations and the timeline for coursework. During the session, they also shared various strategies to motivate and instil resilience in our students.

iii. Performance opportunities, workshops and participation in competitions enable our students to demonstrate their skills and talents, and allow them to develop confidence and passion for the subjects. The D&T and FCE units organised internal competitions for Lower Secondary students to recognise students' efforts and potential in projects that they embarked on. The Music unit organised a concert, Vivace, showcasing performances from the Upper Secondary Music students as well as other musical talents in school. The concert saw a full turnout comprising staff, family and friends in the Auditorium.

iv. In November 2021, the Enhanced Art Programme (EAP) students participated in a 3-day iLeap programme, which saw them learning, designing and creating 2D and 3D works with artist-mentors from the creative industry.

v. In Jan, the current Sec Three EAP students embarked on a Milestone Learning Journey via Zoom where they learnt from industry professionals from various fields, such as motion graphics and industrial design.

vi. In March, the Music students engaged in learning experiences that deepened their appreciation for cultural music. The Music Unit organised a Zapin workshop where instructors of traditional Malay music taught the O and N(T)- level music students the cultural music form. In addition, the Music unit partnered a Parent Volunteer to organise a mini concert put up by one of the pop bands from LASALLE College of the Arts, held in our music room. Besides learning more about pop music and music in the local scene, the students got to interact with an SASS alumnus, Mr Puvnaram, who was also the electric guitarist of the band.

vii. In April, the Sec Four EAP students visited the National Gallery and viewed traditional and contemporary art by prominent local and South-East Asian artists.

viii. On 1 & 2 Jun, our Secondary 3 Nutrition and Food Science students attended a Food Experiment workshop conducted by Mr Patrick Austin from Salt and Loves. In this workshop, the boys conducted food experiments and learned other culinary skills such as baking, frying, steaming, and piping of fillings into tarts.

ix. In Jul, the Sec Three EAP students visited Nan Chiau High's EAP Art Exhibition, titled One HeART. They will also be embarking on in-house docent training sessions for the Saints Art Gallery.

k. Information and Communications Technology (ICT)

i. All Secondary 1 to 3 students collected their PLDs during the unboxing day on 25 Oct 2021. All students were issued a school-managed Apple ID to login to their iPads. This ID allows students to access 200 GB via iCloud storage during their years in the school.

ii. All teaching staff also received their iPads. Training was conducted to equip staff with the skills to apply the various iPad functions during their lessons. The training was delivered according to three level of competencies (basic, intermediate and advanced), based on staff feedback on their learning needs regarding the iPad.

iii. Secondary 1 parents and students were briefed on the National Digital Literacy Programme in Jan 2022. All Secondary 1 students received their PLDs on 30 Mar 2022.

iv. Three teachers (HOD/ICT Mdm Josephine Phua, Ms Sim Jing Ting and Mr Caleb Cheong) attended the Apple Learning Leader course conducted by Apple Learning Institute, Singapore in Nov 2021 and Jun 2022.

v. The ICT department administered the Programme for International Student Assessment (PISA) 2022 Main Study for 30 students on 5 Apr 2022. PISA is an important educational research project investigating student literacy in mathematics, science and reading every three years.

vi. The ICT department conducted 3 ETPD training sessions in Semester 1 to equip staff with knowledge of how to use Apple TV and various iPad apps.

PRINCIPAL'S REPORT (AUGUST 2021 - JULY 2022)

l. Character and Citizenship Education

i. The Social Skills curriculum has been implemented for the fifth year. Our boys learnt sets of behaviour that enable them to interact with one another in ways that are personally enriching, mutually beneficial and beneficial to others. The aim is to positively shape students' behaviour and strengthen their resilience.

ii. The peer support curriculum has been implemented for the third year. This programme aims to raise our students' awareness and sensitivity to their peers' needs. Our boys have learnt to relate better to peers, be empathetic towards their peers and help to watch out for their peers on signs of distress.

iii. The CCE curriculum has incorporated modules on mental well-being for all students. The school has also organised assembly talks on mental well-being.

iv. On Jan 17, the Lower Secondary students attended a virtual Chingay 2022 National Education Assembly Programme.

v. Over 4 days in Jan, Sec 2 students went on their Cohort Learning Journey to the National Museum. The purpose is to create a common experience learning about Singapore's history, so as to strengthen students' sense of belonging to Singapore.

vi. On May 18, Sec 2 WISE classes went on their Cohort Learning Journey to the Maritime Museum. This was a collaboration between the National Education Committee and the Lower Secondary History Unit.

vii. On Jun 27, Sec 4 and 5 students attended the NS Engagement Session facilitated by Singapore Discovery Centre Ltd. Senior Lieutenant Colonel (NS) Darren Tan from Mindef Nexus, a St Andrew's School alumnus, was the invited speaker for the session.

m. Physical Education

i. A structured sports module was implemented during PE lessons for all students. The module included sports skills acquisition and games modified for small-group participation. Games conducted included tag rugby and frisbee for Secondary 1 students, badminton and football for Secondary 2 students, floorball and volleyball for Secondary 3 students and tag rugby for Secondary 4 and 5 students. The students tested their sporting skills against their peers during the annual interclass games.

ii. In-person PE modules resumed in 2022 due to the easing of the COVID-19 situation. Students were able to learn skills and concepts via the games played, as well as maintain their health and fitness levels.

iii. The structured SwimSafer programme was enhanced to include a module on life-saving skills and long-distance swimming for more proficient swimmers or for swimmers who have completed the SwimSafer certification. The certification from the programme is recognised on a national level. The SwimSafer 2.0 course was conducted for Secondary 2 students in Terms 1 and 2.

iv. NAPFA Week resumed in Term 3 for Secondary 2 students. To prepare our students and support their well-being, various fitness components of the test were incorporated into the curriculum for PE lessons.

v. The School's Cross Country Event was replaced with an online Virtual Run where students could complete the distances of 3.5km (Lower Secondary) or 5km (Upper Secondary) at their own time within a 4-week window. The top 20 participants from each level were recognised with medals.

n. Academic Support Structures

To prepare students for the Weighted Assessments and National Examinations, these programmes were continued in 2022:

i. Structured Remedial Programmes (Term 1) for Secondary 1 to 3 students were conducted from 7 Feb, Mon to 13 May, Fri.

ii. Intensive Revision for Mother Tongue Languages was conducted for graduating students from 19 May, Thur to 26 May, Thur.

iii. Extended curriculum was conducted for graduating classes during these respective periods:

- Sec 4NA/NT – 31 May, Tues to 2 Jun, Fri
- Sec 4E/5NA – 31 May, Tues to 6 Jun, Mon

PRINCIPAL'S REPORT (AUGUST 2021 - JULY 2022)

ST2: Every Boy Serving and Aspiring

8.4 At the 83rd Prefects' Commendation Service on 28 Jan 2022, a total of 21 School Prefects and 8 Senior Prefects were officially appointed and began serving in their roles as prefects and servant leaders of the school.

8.5 The following programmes were carried out to foster greater student leadership across levels, CCAs and programmes:

a) The Prefectorial Board organised an Appreciation Day for Non-Teaching Staff in August 2021.
b) The Prefectorial Board organised a Virtual Concert for the Teachers' Day Celebration in September 2021.
c) A Cleaners Appreciation week was organised from 28 Feb 2022 to 4 March 2022.
d) An outdoor leadership challenge activity was organised for the Secondary Three and Secondary Four Prefects.
e) The School Prefects attended the ChrySAlis Workshop organised by St Andrew's Junior College.
f) Secondary One Junior Leaders, Secondary Two Junior Prefects, and Secondary Three School Prefects attended a Training and Development Programme on 22 Jun 2022.
g) Selected members of the Prefectorial Board attended a Parliament Seating on 4 Jul 2022.
h) As part of the inaugural Youth Inclusivity Challenge, Secondary Two Junior Prefects conducted an inclusivity campaign during the month of Jul 2022.
i) Youth Day Appeal was held from 18 Jul to 22 Jul in 2022. The annual Appeal is organised by the Community Chest to collect donations that will be used to empower students with special needs. The donation drive this year was managed by Secondary 2 Junior Prefects and Secondary 3 Prefects.

8.6 Our students were given the following opportunities to serve the community:

a) Students from Secondary One and Four classes worked on promoting the 3Rs (Reduce, Reuse and Recycle) in school during the annual Green Carnival. Through their sharing of environmental issues and good practices, they aimed to raise awareness of how students can contribute to sustainability.
b) Students from Secondary Two worked on short videos promoting physical and mental wellbeing for the whole school.
c) Students from Secondary 3 classes were given a choice of VIA projects. Some students collaborated with Vintage Radio to bring music to the elderly, while others worked with SOLES4SOULS to collect old shoes in wearable condition for donation to the less fortunate. Other students brought the elderly residents of Kwong Wai Shui Nursing Home for walks at the nearby parks.
d) Students from the Secondary 3 Normal (Academic) stream organised a Non-Teaching Staff Appreciation Day, where they applied their knowledge from the Life Skills Programme. Students honoured our cleaning and administrative staff by applying their culinary, fitness and website design skills and by making hand-crafted gifts.

8.7 The following efforts were carried out to support students and instil a greater sense of belonging:

a) The new academic year commenced on Tuesday, 4 Jan 2022. As per past years' tradition, boys from the Junior School undertook the 'Crossover' to symbolise their graduation to the Secondary School. This year the boys were flagged off class by class due to Safe Distancing Measures, with the rest of the school watching them in their classrooms via live-stream.
b) The school planned activities for all students in conjunction with Saints Development Day, which was held from 5 Jan to 6 Jan 2022. The Secondary 1 students participated in Team Bonding and Leadership activities and attended a workshop on Personal Grooming and Social Etiquette during their Orientation Camp. The CCA Display Day was spread out over 3 afternoons due to COVID-19 restrictions. The Secondary 2 students were involved in the Mother Tongue Language Programme and the Arts and Design Festival. The Secondary 3 students took part in StrengthsFinder Profiling and Team Building activities. Our Secondary 4 and 5 students were involved in a Motivational Study Skills Workshop as well as Team Bonding activities
c) Interclass Games were organised for Secondary 1 to 5 students over the course of Term 1 Week 10. The games organised were tag rugby for Sec 1, 4 and 5 classes, badminton for Secondary 2 classes and floorball for Secondary 3 classes.

8.8 The school supported the development of students' character and life skills as follows:

a) For the Youth Engagement Programme for Saints (YEPS) 2022, the Discipline department organised enrichment programmes to enhance students' motivation for learning, strengthen their connectedness to school and build their resilience. Selected students who took part in the programme in March to April 2022 were taught skills such as goal-setting, time-management, and social emotional learning competencies. Education and career guidance sessions were held for students to understand, and unearth their goals and interests.
b) Workshops were conducted to prepare students who were keen to apply for DSA, ITE EAE and Poly EAE. They include the ITE EAE Workshop held on 12 April 2022 and the Poly EAE Write-Up Workshop was conducted on 26 April 2022. Students who were shortlisted for interviews had individual 1-1 sessions with our ECG Counsellor Ms Nurkhadijah.

PRINCIPAL'S REPORT (AUGUST 2021 - JULY 2022)

c) The StrengthsFinder workshop was conducted for Secondary 3 students in two parts, one in Term 1 and the second in Term 3. Secondary 1 students visited the Lorong Halus Wetland and Gardens by the Bay to learn more about water management, conservation and sustainability on 23 May 2022. Secondary 2 students went to various Singapore Farms in Term 2 to learn about food security and sustainability on 7 March 2022.

d) Elective Modules were arranged to expose students to possible educational progression and career pathways, thereby enabling them to make more informed choices upon graduation. The Sec 2 and 3 N students participated in the 30-hour Cat A and B EM, while the Sec 3 E and N (A) students participated in the Advanced Elective Module (AEM) in Semester 1.

8.9 The following achievements were made by students at national events or competitions:

a) International Biomedical Quiz, 2021

1.1 11th International Biomedical Quiz

19 students represented our school at the 11th International Biomedical Quiz organised by Anglo Chinese Junior College and the Mathematics Council. It provided a platform for students to develop their aptitude and potential in the biomedical disciplines through independent work and applying critical thinking skills to solve authentic medical challenges. 10 students placed among the top 40% of the competition:

AWARD	STUDENT
Silver (Top 10 to 20% of participants)	Hector Elijah Toh Hong Wai, 4SA Lock Yan Jie, 4SA Abraham Akhil Sam, 4SA
Bronze (Subsequent 10%)	Brian Emmanuel Panierselvam, 4SA Ho Jer Sing, Bryan, 4SA Jayden Hwa Zai Lin, 4SA Sakthivel Praveen, 4SB Roy Tan Tze Hean, 4SB
Certificate of Merit (Subsequent 10%)	Panneer Selvam Ram Prathesh, 4SB Ramesh Mukul, 4SB

b) National University of Singapore (NUS) Geography Challenge, 2022

A team of Secondary 4 boys - T Shridhar and Lim Jun Yu of 4SA, Chua Shao Wen, Josh of 4S1 and Lin Yanqing of 4S2 - participated in the NUS Geography Challenge 2022. The competition aims to empower and educate students on world issues, and inspire students to develop a keen interest in the dynamic discipline of Geography. Lim Jun Yu and Chua Shao Wen, Josh were awarded the Bronze Medal in the individual category.

c) Institute of Technical Education (ITE) IgnITE Skills Challenge, 2022

Four teams participated in the annual IgnITE Skills Challenge 2022. The competition aims to introduce students to technical skills and foster a deeper understanding of courses offered by ITE. All four teams successfully placed among the top ten teams of each challenge. The four teams were:

Challenge: SenseTime Autonomous Driving Fundamentals

- Team 1: Matthew Chia Weiyi and Russell Chua Rui Xiang of 3 Resilience and Wong Ka Lok Jarrell of 3 Empathy
- Team 2: Brannon Bharathi Thamil Mathi and Wee Aaron of 3 Self Discipline and Lin Jia Hong Thaddeus of 3 Unity

FOUNDER'S DAY SPEECH BY GUEST OF HONOUR

Good morning to the members of the Board of Governors, Principal Mr Lee Han Hwa, staff members of the St Andrew's Village, past and present students, their parents, ladies and gentlemen. It is truly a great honour to be invited back to speak on Founder's Day; especially on the 160th anniversary, as you can imagine, which is very close to my heart. I spent 21 years here altogether as the Principal of the Junior College and Secondary School. Patsy (SAJS Principal) will tell me that I should have come to the Junior School as well!

I thought back to why we call it Founder's Day and of course, it is because somebody had to first start the school. As you will know, if you have read the history of our school, it is amazing that it was started by just two catechists, who were people who wanted to give an education to the poor boys at that time in Chinatown. That's how St Andrew's School started. And now, here we all are in St Andrew's Village, all because two people felt that they wanted to help. They wanted to teach so that their boys, the boys that they saw running around, would have a future. We observe this every year, remembering this heart of charity; and this is why in fact our old boys, our Alumni, are so faithful.

One of the greatest achievements in my career, I would like to think, was being part of St Andrew's Village (SAV). I will tell you that the ones who really put their hearts, their shoulders and their money into SAV were our old boys. They possessed such faithfulness; they were the ones who had this vision that the three schools could be together.

Before, as you saw in the old Diocesan building, we were just one school together. After that, we split up. The Junior School was on these grounds, the Secondary School was over where the Junior College is now and the Junior College then was all the way at Gillman Barracks in Alexandra. It was in 1978 when we split up. But the old boys never gave up the memory of what it was to be one school together and they brought us back. It started when I first became a principal at St Andrew's Junior College. They came and told me that I must know the history first before I could do anything. From here, an idea was born: that yes, one day we will be together. Because of them and their devotion to the School, we are here today. It was possible because of their great sense of belonging; and this is something that is needed to keep the flame within burning brightly ever. How do we do it? Well, we do it not with studies. Although, we love you to do well in your studies, you don't keep together because of your studies. You keep together because of the friendships you have, the connections you have with different people. That's why I thought it was so wonderful that earlier I was asked to open the art gallery, where I saw your work. The work of past students is remembered in the art gallery, even as your work will be remembered when you leave and captured in the art gallery. There were all these expressions of hope. First you see some rather sad faces, but in the next picture, it is a picture of confidence. For many of them, where this confidence was coming from was knowing that they had friends. So really there is this great sense of belonging and when you have that great sense of belonging, you are not so afraid to make mistakes.

I know Mr Phoon possibly thought he was going to be embarrassed when he kind of forgot the first part just now when he led us in the School Song. Nobody said anything. We all sang along and he just came on in again because it's alright to make mistakes. That's because we are family. You pick yourself up and you do it again, and when that happened, let me tell you that for me it was a sense of "yes I've been there too". I've made mistakes but I just keep picking myself up and moving along because there are friends next to me, supporting me. That is what I hope you will take away with you. That's the flame. I hope you will keep this flame burning forever, that you have made good friends. I still see members of the board talking to each other. They all knew each other when they were in school and they still recall memories of how you scolded me last time, you were the one who helped me with this, you were the one who did this and so this happened! These are all the good memories from 'the flame that keeps burning brightly ever'. And so, may I encourage you, those who are still going to be in the school, those who are soon graduating, to make friends, because in making friends you make the connections. I understand that in the Secondary School you went through a workshop to identify your strengths, and I hope one of the strengths was your ability to make friends, to make those connections that are really important.

I also want to say something else about keeping the flame burning brightly ever, this time with regard to the teachers and the non-teaching staff. Some have been here before many of you were born. Some have been here since the 20th century. They've been here for a long time, and some of them you may not even realise because they didn't teach you. They didn't all come into your class but I'm sure you all remember our General Office staff, Khamis. Some of us remember Khamis when he was a young man - that's how long he has been here! This is just one example of the people that we take for granted. Teachers and non-teaching staff alike, because of their faithfulness, they have made this school. While it is so, I trust that that's the other thing you will remember when you are keeping the flame burning brightly ever. To make the connections, make the friendships but also be faithful. I really love what our Chaplain said in his prayer today, quoting from this verse which is one of my favourite hymns: "The steadfast love of the Lord never ceases. His mercies never come to an end. They are new every morning. Great is your faithfulness." My last word to you, even as we talk about the flame burning brightly ever, is to remember who made you, remember your Creator because his steadfast love for you never stops.

Thank You.

Mrs Belinda Charles

FOUNDER'S DAY SPEECH BY SCHOOL DUX

Good afternoon to our Guest of Honour Mrs Belinda Charles, Members of the Board of Governors, Principal, Vice-Principals, members of the Alumni, Parents, Teachers and fellow Saints.

I am Ryan Chua of class 2021. I would like to start by expressing my sincere gratitude to the school for such a warm welcome and giving me the opportunity to deliver this speech.

Looking back on my first day in school, I will always remember how I witnessed the ceremonial crossover of the graduated St Andrew's Junior School boys to the secondary school. It served as a strong introduction to St Andrew's and its strong culture.

As I was not from the junior school, it was initially difficult for me to forge new friendships. However, my classmates and CCA mates were very inclusive and in no time, I found myself part of the school community and culture. I often think back of the many fond memories I have made here; from attending numerous Rugby matches to participating in performing arts concerts. This has taught me what the SA school spirit is about – it was truly one that was not easily snuffed out!

In Secondary One, I chose the St. Andrew's School Military Band as my CCA. Initially, I had many reservations because I was ill-equipped and lacked the musical knowledge. It involved long practices three times a week that included not only playing a musical instrument but intensive drill sessions. The demanding CCA practice sessions helped me build resilience. Playing my instrument at home helped instill self-discipline. The desire and motivation to demonstrate excellence was evident through the efforts I put for all my band concerts. Through my CCA, I truly learnt and understood the WISE and TRUE school values. I have certainly grown through my CCA and I am indeed proud to be a member of the St. Andrew's family!

At this point, I would like to thank every teacher who has helped me as I journeyed through the 4 years in St. Andrew's. Firstly, I would like to express my deepest gratitude to Ms Angel Lee and Mr Winston Soo, my Maths teachers who never failed to make lessons interesting, and always clarified my doubts. I will remember the times when Mr Soo would sing a song in class to help us better remember the quadratic formulae, and how Ms Angel Lee would go from one desk to another to help ensure that no one had any difficulty understanding the Mathematical concepts. Mdm Sujatha, my English teacher, was pivotal in turning one of my most dreaded subjects into one that I enjoyed and did well in. She spent time with us individually in school or online, which was of great help. Ms Charlene Tan made Biology a content-heavy subject more manageable by often using a structured approach. Our Physics teacher, Mrs Low Geok Peng, used various illustrations to explain the different concepts. Mr Chew Ee and Mr Lam Wai Leong, my Humanities teachers, taught us many useful examination strategies. My Chinese teacher, Ms Low Saw Kee, equipped me with skills to improve my confidence in the Chinese language and do well for the O Levels. Lastly, I would like to thank my form teacher, as well as my Chemistry teacher, Mr Gary Ding, who went the extra mile to make notes for us, and to make each lesson very engaging. He cared deeply about his students and would check in to make sure that we were alright. Often times, he would crack jokes in class and share his life story with us. He was an effective teacher who brightened the mood of the class and allowed us to excel in Chemistry. Indeed, teachers in SA are very special and I will never forget them!

A huge part of my secondary school experience would be the friends that I have made here. SA is a place where lifelong friendships are forged and where friends display brotherhood and support one another in every way. My friends here have helped me develop as a person, and they have made my Secondary School life so much more fun. I will remember our occasional lunch outings after school, to our usual post-exam lunch venue at the coffee shop opposite the school. I am very thankful for my friends, who have provided me with a shoulder to lean on during challenging times, and whom I can share my happiness with. Thank you so much for making my time in St Andrew's extremely memorable.

To conclude, I would like to say that the reason I am able to stand here today to give this speech is due to the hard work and effort of those who supported me through this journey; the school, my teachers, my parents, friends and most importantly, God. My humble results is a reflection of the conducive environment of the school, the dedication of the teachers and the healthy competition amongst classmates that spurred me on. I will always be a part of this great SA family. 'Once a Saint, always a Saint.'
May we always be 'One Family Unbroken!'

Up and On!

EVENTS &

ART UNIT IN 2022

SYF VISUAL ARTS

Ryosuke Chang from Sec 3 Unity participated in this year's SYF Art Competition, with his submission of a digital art print, Protecting World from COVID-19. His artwork conveys the two characters from My Hero Academia, fighting against each other for the country's stability and world peace. He portrayed the hero (right) as himself representing St Andrew's and the villain as COVID-19 (left) – a threat to a sustainable development of the society and country.

The Sec 4 Enhanced Art Programme (EAP) students Asher Lim Wei Le, Cayden Lim Jing Zhi, Wu Thanawin Jesse Shen Cai and Cephas Kee Ren also participated by jointly submitting a collage, titled Heart to Heart. Their artwork conveys their message about how we can make the world a better place. Many times, we ignore that animals are alive, and we all live in the same space and share the same resources. We hope to see the importance of all lives from the artists' perspectives.

ARTS & DESIGN FEST

The Sec 2 students experienced other forms of visual arts like Chinese calligraphy and printmaking. Students from Sec 2 Unity embarked on a sustainability project whereby they re-purposed old bottles and plastic cutlery.

OFFICIAL OPENING OF THE SAINTS ART GALLERY

We were very excited to have invited our former Principal, Mrs Belinda Charles to officially open the Saints Art Gallery during our Founder's Day in August.

The Saints Art Gallery serves not just as an exhibition area for our students' works, it is also a space for us to groom our very own student docents where they learn to explain artwork to others confidently. It also acts as a vehicle to inspire more students to appreciate the arts in the school.

The gallery is also a collaborative learning space for students. For example, the Art unit recently collaborated with the Music unit where all Sec 2 students came in to select a favourite artwork on which to base their music compositions.

MUSIC EVENTS IN 2022

ZAPIN WORKSHOP

On 15 March 2022, the 'N' and 'O' Level Music boys put aside their instruments and got to enjoy an afternoon of dancing and cultural immersion. As part of the Music syllabi, our boys learnt about Zapin, one of the five basic Malay dance forms in Singapore. Through hands-on experiences, our boys discovered the rich history and evolution of Zapin in Singapore and put together a choreographed dance at the end of the workshop.

A POP CONCERT IN SASS BY MUSIC STUDENTS OF LASALLE COLLEGE OF THE ARTS

On 31 March 2022, a pop band formed by music students of LASALLE College of the Arts came to St Andrew's Secondary School and put up an invigorating concert for the Sec 3 and 4 O and N(T)- Level Music students in our Music Room. They performed a repertoire that consisted of covers of pop songs and their own soulful compositions. Our boys were inspired by these student musicians and posed many questions during the Q&A session, ranging from questions related to the music industry to how they composed their own songs and mastered their instruments. One of the band members, Puv, is an SASS Alumni and the boys were excited to interact with him. This event was co-organised by the Music unit and a Parent Volunteer, Mrs Delia Oon.

VIVACE, A MUSIC SHOWCASE

The Music Department organised its inaugural music showcase Vivace on the afternoon of 30 June 2022 at the School Auditorium. It was a time of sharing great music with one another and performing in front of our boys' friends and families. Our boys from the 'N' and 'O' Level Music Programmes, together with other musically-talented students, put together a diverse lineup of music for the audience to enjoy. They thrilled the audience with Classical era pieces by Haydn, performed solo piano works by Romantic composers such as Debussy, Chopin and Ravel, and ended the afternoon with a series of pop songs that got the audience clapping their hands to the beat of the music. Some of these included Coldplay's 'Viva la Vida', Alicia Key's 'If I Ain't Got You' and the 80s classic 'Everybody Wants to Rule the World' by Tears for Fears. In the final musical item of the afternoon, our mystery guest Mr Liang Soon Fong performed alongside our boys in a Chinese Xinyao song titled 'Xi Shui Chang Liu' by the Singaporean singer-songwriter Liang Wen Fu.

SYF YOUTH STATION LIVE! PERFORMANCE AT ESPLANADE LIBRARY

On 5 August, 3 Wonder student David Cheen performed at the Esplanade Library as one of the top 20 original composers of the 2022 SYF Youth Station Live! Song-writing Project. This song, titled "Make-believe" was first written in 2021 by David together with his Secondary 2 classmates as part of the Lower Secondary music module. The boys wrote this song to inspire their peers to foster strong friendship with one another and to support those around them. Prior to the event, David went through an e-mentoring programme with local musicians Jack and Rai and expanded his knowledge of song-writing skills. He later spruced up the song and his backing track was selected to perform at the Esplanade Library.

MUSIC EVENTS IN 2022

LEARNING JOURNEY FOR SECONDARY 3 & 4 O LEVEL MUSIC BOYS (SSO CONCERT AT VCH)

We thank God for this long awaited Learning Journey for the O level music boys- it's been a long time since we took the boys out to watch a concert! On Saturday, 6 August, the Sec 3 and 4 O Level Music boys attended the SSO concert featuring distinguished Ukrainian-born Israeli violinist Vadim Gluzman. The concert featured works by Singaporean composer, Zechariah Goh, Beethoven and Shostakovich, under the baton of SSO Music Director, maestro Hans Graf. It was an eye-opening experience for some boys as it was their first time attending a concert at Victoria Concert Hall!

TRADITIONAL CHINESE MUSIC WORKSHOP

On 25 August, the Sec 3 and 4 O and NT Level Music boys attended a traditional Chinese Music Workshop conducted by Ms Jon Lin Chua and her team of musicians. Held in our COE room, the boys were treated to Jiangnan Sizhu and Guandong Music as they watched a live recital of the performance and learnt more about the tradition of Chinese culture and music.

ACHIEVEMENTS

This year, we are blessed with two opportunities where our boys get to shine with their musical talents! Our 4NT Music boys received the certificate of participation for the Aspire Remix Contest 2022 organised by Arts Education Branch (MOE) and David Cheen from 3 Wonder received the top 10 award for his original song in the SYF Youth Station Live competition.

DESIGN AND TECHNOLOGY

SINGAPORE AMAZING FLYING MACHINE COMPETITION 2022 (04 - 16 APRIL)

CATEGORY : BEST VIDEO AWARD

On 4 April, two teams of Sec 1 Design & Technology students took part in the Singapore Amazing Flying Machine Competition. This competition was organised by DSO and Science Centre Singapore to allow students to push the boundaries of innovation by designing and creating extraordinary flying machines. The students were tasked to design and build small unpowered bungee-launched gliders to achieve the farthest and most precise flight. One of the teams emerged as the winner in the Best Video Award category.

SEC 1 DESIGN AWARD 2022

The annual Design Award aims to motivate Saints to express their creativity freely and to excel in their technical skills. This year the Secondary 1 students were tasked to design a multipurpose stationery holder as part of their Design & Technology design programme.

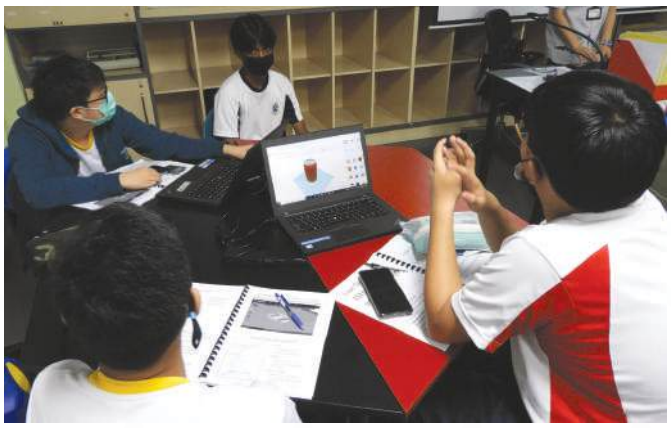

In each class, three winners (in no order of merit) were identified for the best prototypes in the aspect of Aesthetic and Creativity.

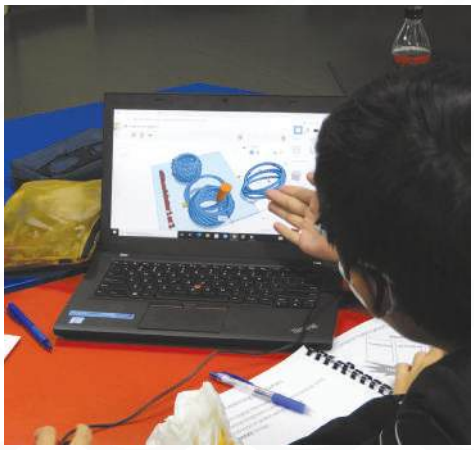

DESIGN AND TECHNOLOGY

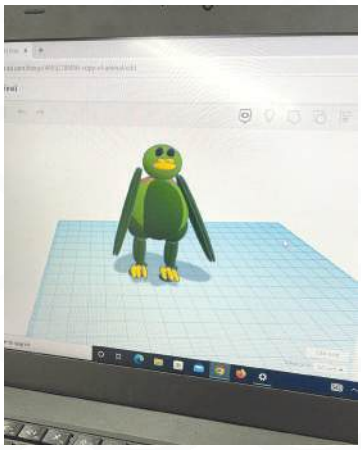

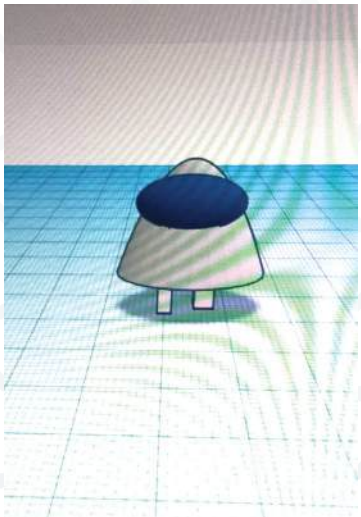

ADVANCED ELECTIVE MODULE (AEM)

During the June holiday, 18 Secondary 3 Design & Technology students attended an advanced elective module called “Design and make cool gadgets”. The students were taught to create 3D models of different fun gadgets using a web-based program named Tinkercad. The students got to learn about how their designs could be realised using a 3D printer.

MOTHER TONGUE FORTNIGHT

MALAY

Secondary 1, 2 and 3 Malay Language students participated in a workshop where they learnt Silat as part of the Mother Tongue Fortnight Programme. Silat traces its origin to the early days of Malay civilisation and has since developed into a fine tradition of physical and spiritual training that embodies aspects of traditional Malay attire, performing arts and adat.

Silat Melayu encompasses a vast array of knowledge related to combat tactics, war strategy, weaponry, and spiritual philosophy, culminating in the study and training of Silat as a martial discipline. Now, it is practised as a form of sports and performing arts in events such as weddings and other ceremonies.

"I like the Silat session because I got to learn different Silat moves which were very interesting and fun. I also learnt that Silat can be used as self-defense too."

CHINESE

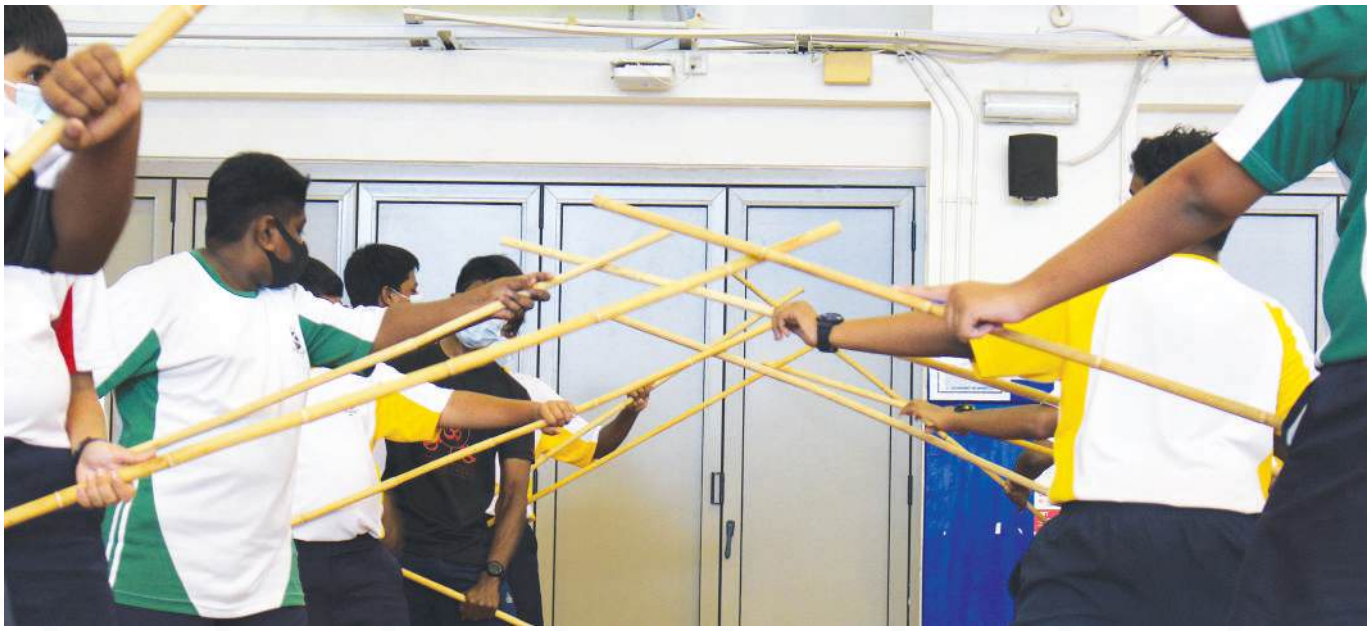

Secondary 2 Chinese Language students participated in a workshop where they learnt Chinese Martial Arts as part of the Mother Tongue Fortnight Programme. They learnt a combination of movements using their fists and a fan.

"I find the programme very interesting as it was my first time being introduced to Chinese Martial Arts. The workshop was very engaging too as there were hands-on sessions where we get to practise the moves using a fan."

MOTHER TONGUE FORTNIGHT

TAMIL

Secondary 1, 2 and 3 Tamil Language students participated in a workshop where they were introduced to one of the oldest traditional Indian Martial Arts, Silambaattam, as part of the Mother Tongue Fortnight Programme. This is an ancient weapon-based martial art. The word "Silam" means "hills" and "Kambu" means sticks. The students learnt self-defense through this tradition.

"I find the programme very interesting and engaging especially when I was taught how to spin the Silambam."

OUTDOOR THEATRE

C-O-N-T-A-C-T OUTDOOR THEATRE EXPERIENCE FOR THE SECONDARY 3 LITERATURE BOYS

On 27 May 2022, authentic learning took centre stage that evening as our Secondary 3 Literature boys attended an outdoor play. Our Literature boys enjoyed the immersive play C-O-N-T-A-C-T, an outdoor theatre experience that allows the audience to become totally immersed in the world of the characters. Delivered via an app created especially for this show, the boys used their smartphones and headphones to navigate the performance in an outdoor environment.

NUTRITION AND FOOD SCIENCE

ENRICHMENT COURSE FOR SEC 3 NUTRITION AND FOOD SCIENCE (NFS)

On June 1st and 2nd, our Secondary 3 Nutrition and Food Science Students attended an Enrichment Course conducted by Mr Patrick Austin from Salt and Loves. During this workshop, our students went through an enriching experience where they learnt how to conduct fair and accurate food experiments. They learnt culinary skills such as baking, frying, steaming, and piping of the fillings into a tart. The students also enjoyed eating their end product, at the same time. They also learnt how to conduct a sensory evaluation of their food. Overall, our Secondary 3 NFS students were meaningfully engaged and had an eye-opening experience.

WET MARKET TRAIL 2022

After a two-year hiatus due to the Covid pandemic, the English department was once again delighted to bring our Sec 3 boys out for an authentic learning experience to places close to our hearts – the wet markets and hawker centres in Chinatown Complex, Tekka and Geylang Serai. The experience helped the boys prepare for writing tasks and debates on the benefits of wet markets.

A SUGGESTION FROM OUR BOYS TO MAKE WET MARKETS MORE ATTRACTIVE FOR THE YOUNGER GENERATION:

"Extend opening hours. For working adults, grocery shopping is usually confined to after-work hours or weekends. Moreover, young people today are no longer early birds and tend to sleep in. Thus, operating stalls into the late afternoon would make it more convenient for them to purchase fresh food products."

SA COMMEMORATES NATIONAL DAY

The National Day Observance Ceremony took place on Aug 8. With the gradual relaxation of safe management measures, the ceremony started with a marching contingent made up of uniformed groups like the Boys' Brigade, National Cadet Corps, National Police Cadet Corps and Scouts. Our School Band played the National Anthem with much gusto. Revered Gary prayed for the School and Nation after giving his devotion.

All classes then proceeded to enjoy commemorative National Education lessons and inter-class games comprising Frisbee (Sec 1s), Football (Sec 2s) and Volleyball (Sec 3s). Boxing also made a return this year with five scheduled bouts. As always, the boxing was a crowd-pleaser as our graduating classes gathered to watch the bouts in the Hall.

VALUES IN ACTION (VIA)

SECONDARY ONE, FOUR AND FIVE

Students from Secondary One, Four and Five classes worked on promoting the 3Rs (Reduce, Reuse and Recycle) in school during the annual Green Carnival. Through their sharing of environmental issues and good practices, they aimed to raise awareness of how students can contribute to sustainability.

SECONDARY TWO

Our Secondary Two worked on short videos promoting physical and mental well-being for the whole school.

SECONDARY THREE

Our Secondary Three students exercised choice and designed their own VIA projects in their respective classes. They planned and advocated for a cause that aligned with their beliefs. The wide array of VIA projects included working with SOLES4SOULS to collect old shoes in wearable condition for donation to the less fortunate and collaboration with Vintage Radio to bring music to the elderly in Kwong Wai Shui Nursing Home and collection of food for Food from the Heart.

STAFF WELL-BEING

OBJECTIVES:

To promote the well-being of staff through programmes that are designed according to the SPICE framework to meet five aspects of well-being, namely Social, Physical, Intellectual, Community & Emotional well-being.

To promote staff cohesion through organised activities.

To continuously enhance a safe and conducive environment for staff to strive in.

The Staff Well-Being Committee (SWB) planned programmes in alignment with MOE's OLive vision and goal by providing opportunities for staff to take ownership of their well-being so as to achieve harmony in self, family, work, community and environment. To promote well-being among school staff, the team implemented workplace health strategies and school leadership commitment inspired a strong workplace health culture.

1. Staff Well-being Day (Healthy lifestyle workshops for staff – Pilates, Zumba, HIIT Brisk walking, Ukelele, Art Jam, Badminton, Captain's ball, candle making & cooking).
2. Festive celebrations
3. Staff pantry refresh
4. Healthy fruit and snack day
