OUR SCHOOL SONG

VERSE 1

Lives are in the making here,
Hearts are in the waking here,
Mighty undertaking here,
Up and On!
We are arming for the fight,
Pressing on with all our might,
Pluming wings for higher flight,
Up and On!

(CHORUS)

VERSE 2

Fair before us lies the way,
Time for work and time for play;
Fill the measure while we may,
Up and On!
Life and time will not delay,
Time is running fast away,
Life is now today; today;
Up and On!

(CHORUS)

VERSE 3

Foes in plenty we shall meet,
Hearts courageous scorn defeat;
So we press with eager feet,
Up and On!
Ever onward to the fight,
Ever upward to the Light,
Ever true to GOD and RIGHT,
Up and On!

(CHORUS)

CHORUS

Up Boys! Truest fame
Lies in high endeavour;
Play the game! Keep the flame
Burning brightly ever!

OUR SCHOOL HYMN

Our Father, by whose servants,
Our School was built of old,
Whose Hand has crowned Thy children,
With blessings manifold;
For Thy unfailing mercies,
Far strewn along our way,
With all who passed before us,
We praise Thy name today.

They reaped not where they laboured,
We reap what they have sown;
Our harvest may be garnered,
By ages yet unknown.
The days of old have dowered us
With gifts beyond all praise,
Our Father make us faithful
To serve the coming days.

Before us and beside us,
Still holden by Thy hand,
A cloud of unseen witness,
Our elder comrades stand;
One family unbroken,
We join with one acclaim;
One heart, one voice uplifting
To glorify Thy Name.

CHAPLAIN'S MESSAGE

"There is a time for everything,
and a season for every activity under the heavens."

(Ecclesiastes 3:1, New International Version)

God is an amazing God!

I spent 13 years as a student in St Andrew's and I just completed 15 years as the Chaplain of St Andrew's Secondary School. I am so blessed to have served my Alma Mater, St Andrew's Secondary School, as the Chaplain from 2006 to 2021.

I have a new assignment to pastor St Peter's Church in Serangoon Gardens estate.

I leave St Andrew's Secondary School as Chaplain with fond memories of interacting with students, teachers and Principals.

With gratefulness, I thank God, my Heavenly Father, who has given me the opportunity to serve with 4 wonderful and God-fearing Principals – Mrs Belinda Charles, Mrs Lucy Toh, Mrs Marion Tan and Mr Lee Han Hwa. They have encouraged me greatly with their exemplary and professional conduct through their love for the School and their love for God. They have always sought the best for the students, teachers and staff.

I am not alone in serving my Alma Mater. There are many Saints who have returned to be teachers, HODs and Principals. I am so honoured to serve with you.

The slogan "Once a Saint, Always a Saint", the phrase "No One Is Here By Chance" and the phrase from our beloved hymn "One Family Unbroken" will always hold a special place in my heart!

In my tenure as Chaplain, I have been so privileged to celebrate the School's 150th Anniversary events in 2012; as well as celebrating the Saints Alumni's 100th Anniversary in 2021. Both of these significant celebrations tell of God's wonderful blessings!

Finally, I am confident that in the many, many years ahead "God will make everything beautiful in His time." (adapted from Ecclesiastes 3:11)

To God be the glory! Up and On!

Revd Michael Teh
Chaplain, SASS (2006 – 2021)

PRINCIPAL'S MESSAGE

No one would have expected 2021 to turn out the way it did. New and contagious variants have affected any hopeful full-fledged recovery from the pandemic. However, we at St Andrew's have taken this setback in our stride, remained resilient and cared for each other. Our students and staff have displayed courage and spirit whilst working together to keep our school safe and conducive for learning. Safe management measures have been swiftly implemented and we have embraced blended learning as we pivot and adapt to the new norms.

St Andrew's is humbled to be one of the 28 pilot schools for Full Subject Based-Banding (FSBB) which started in 2020. We continue to champion this new and meaningful direction designed for students by the Ministry. To prepare ourselves and harness its advantages, our Secondary 1 and 3 Form Classes will see a combination of mixed streams from 2022. It is our belief and hope that a greater sense of belonging will transpire amongst our students. With the impact of technology and disruption in this digital age, we have calibrated our focus in this space as we pursue excellence. We believe in arming our students with the right skills and tools to meet the evolving needs. From October this year, our secondary 1 to 3 students will have the opportunity to gear towards new digital fronts and enhance their learning with their iPads. We are excited about what lies ahead, and we are committed to doing our best for all our students. I shall reiterate my firm belief that every boy is precious and we are committed to doing our best for them.

As we move towards our 160th anniversary in the coming year, my wish for our school is to nurture gentlemen who make a difference to the community through servant leadership. I would like our boys to take up the challenge to display our school values in all their deeds and remember my key messages on what it means to be a gentleman and how important it is for all of us to show respect and take good care of one another.

Last but not least, I wish to extend my heartfelt appreciation to our Board of Governors, SAPTA, all staff, parents, members of the alumni and stakeholders for your constant support and prayers. We are indeed blessed in these trying times.

Up & On!

5. Student Enrolment

5.1 A total of 289 Secondary 1 students were enrolled at our school for the 2021 Secondary 1 intake. The breakdown of the new intake of students is as follows:

Stream	Total Strength	SAJS Strength	DSA Strength	% SAJS In stream	DSA % of Enrolment
Express	177 (149)	136 (122)	36 (26)	76.8% (81.9%)	20.3% (17.4%)
Normal (A)	76 (80)	44 (46)	7 (7)	57.9% (57.5%)	9.2% (8.8%)
Normal (T)	36 (41)	25 (16)	3 (0)	69.4% (39.0%)	8.3 (0%)
Total	**289 (270)**	**205 (184)**	**46 (33)**	**70.9% (68.1%)**	**15.9% (12.2%)**

Note: 2020 data has been indicated in brackets

5.2 The cut-off aggregate for the 2021 Secondary 1 enrolment for non-affiliated students for the three streams were as follows:

Express	Normal Academic	Normal Technical
248 (247)	186 (193)	150 (142)

Note: 2020 data has been indicated in brackets

5.3 This is our fourth year implementing the Subject Based Banding (SBB), an MOE initiative to allow students with strengths in English Language, Mother Tongue Language, Mathematics and Science to take these subjects at a higher academic level.

5.4 In 2021, the number of Secondary 1 students in the Normal Academic (NA) and Normal Technical (NT) courses who have taken up the offer to study subjects at Express and NA levels respectively, through SBB, are as shown below:

Subject Offered and Take up	NT		NT	
	Total	SBB	Total	SBB
English Language	76	2	36	22
Math	76	1	36	5
Science	76	7	36	14
*Chinese Language	51	0	18	0
*Malay Language	6	3	6	2
*Tamil Language	5	1	4	0

5.5 Alongside 27 Secondary Schools in Singapore, we are in the second year of our FSBB journey with our 2021 Secondary 1 intake of students. FSBB students can take subjects at different academic levels (G1, G2, and G3), which are mapped from the Express, Normal Academic, and Normal Technical streams, based on their strengths. This would empower students to further develop their strengths in subjects in which they have performed well at the Primary School Leaving Examination (PSLE). Mixed class groupings would encourage students to forge wider friendship circles and a stronger culture of peer support. The number of SBB students in the NA and NT stream are as shown below:

Course	Strength	Number of students taking				Total	%
		1 SBB subjects	2 SBB subjects	3 SBB subjects	4 SBB		
NA	76	14	0	0	**0**	**14**	**18.4**
NT	36	8	14	3	**0**	**25**	**69.4**

5.6 In addition, 13 Secondary 2 NA students are taking History at a more demanding level.

6. Achievements by Alumni

7.1 We are delighted to receive news of former students who have continued to do well even after graduating from SASS.

8. Strategic Thrusts (ST)

ST1: Empowering Learning

8.1 Our students performed well in the 2020 GCE 'N' Level examination: 24.2% qualified for the Polytechnic Foundation Programme; 77.3% qualified for the Direct Entry to Polytechnic Programme; and 81.8% qualified for Secondary 5NA.

8.2 Our students performed well in the 2020 GCE 'O' Level examination. For the Secondary 4 Express cohort, a total of 98.8% were eligible for JC or Polytechnic. A total of 40 students obtained an L1R5 aggregate of 10 and better. One student obtained 8A1s. Two students obtained 7A1s. For the 5NA cohort, the percentage eligible for Poly was 72.7%.

8.3 The following efforts were made by the staff to improve teaching and learning in the school:

a. Lesson Design and Teaching Packages
   i. To better integrate ICT, teachers continued to work in teams to develop detailed lesson packages across all subjects, and implemented them during Home-Based Learning and Tech Goodness It's Friday.

b. Integration of ICT - Student Learning Space (SLS)
i. To support Assessment for Learning, Home-Based Learning and learning on-the-go, the school continues its efforts at integrating the use of SLS and other useful online applications in teaching and learning.

c. ALP - Design Engineering
   i. Students built a programmable Arduino Car in the Applied Learning Programme (ALP). The school has infused Design Thinking skills and critical thinking into the ALP curriculum.
   ii. ALP for Secondary 2 classes commenced in Term 1, Week 2 and ran for 1 hour weekly, for over one semester. Classes for the Secondary 1 cohort began in Term 3, Week 1.
   iii. Students were taught Block programming and how to use sensors like Bluetooth, InfraRed and ultrasound.

d. LLP - Sports for Life
   i. Our LLP, 'Sports for Life', inculcates life skills and values of servant leadership in our boys, while encouraging them to lead an active lifestyle. The programme helps to develop WISE & TRUE values within the boys to serve family, society and eternity.
   ii. Through LLP, boys learn the Play3 values (i.e. Play Hard, Play Safe, Play Fair). Values in Action projects (e.g. Saint 7s) are carried out to promote active living.
   iii. Alongside other sports, rugby is taught at all levels, and serves as a vehicle to develop life skills. The boys are also taught to serve as ambassadors for rugby and of healthy living. In addition, a leadership programme is put in place to develop our Sports Leaders.
   iv. The PE curriculum develops a range of sports competencies, including injury management, sports nutrition, and sports safety.

e. English Language and Literature
   i. The SAINTS Read programme, which aims at nurturing students' media literacy and honing their Critical Thinking (CT) skills, is being implemented for the fourth year. Teachers curate a set of articles on a weekly basis, covering a broad range of topics to expand students' worldview. Each set of articles is supplemented with CT questions to teach students the skills of considering the target audience, detecting bias and questioning the purpose of each article.
   ii. To expand their worldview and literary appreciation, our Literature curriculum exposes our boys to a mix of local and international works, as well as classics and contemporary texts. We have developed and annually updated our poetry anthology to include texts from a range of themes, countries and time periods.
   iii. A range of strategies, such as the 'See-Show-Feel-Connect' critical questioning framework, freewriting and creative writing, enable our boys to develop their personal voice on issues in the literary texts they study.
   iv. Secondary Three students visited the wet markets in Singapore with their parents and grandparents. They interviewed them to gain a deeper understanding of its importance to our culture and society.

f. Mother Tongue Languages (MTL)
   i. Secondary 1 and 2 Tamil Language students took part in two workshops as part of MTL Fortnight in April. The students learnt how to play Indian traditional musical instruments, and were introduced to the origins of the instruments.
   ii. Secondary 1 to 3 Malay Language students took part in three workshops as part of MTL Fortnight in April where they learnt podcasting and deejaying skills. The objective of the workshops was to nurture their interest in the Malay language.
   iii. Secondary 2 Chinese Language students took part in a Diabolo and clay figurine making workshop as part of MTL Fortnight in April where they learnt how to play the game using the techniques mastered.
   iv. Secondary 1 Chinese Language students took part in a cultural camp in August organised by New Creative Cultural Education Centre. They learnt to make traditional Chinese knots in creative ways.
   v. 3 Malay Language students from Sec 3 took part in Inter-secondary Schools Translation Competition organised by National Junior College and attained Certificates of Participation. This competition nurtures a strong interest in bilingualism and vocabulary.
   vi. 2 Tamil Language students took part in the Budding Writers Programme (Naanum oru Padaipaali) organised by MOE, and they achieved a Certificate of Participation.
   vii. Secondary 2 and 3 Chinese Language students participated in 'XIN LEI JIANG' 19th National Secondary School Chinese Creative Writing Competition and Photojournalism Competition jointly organised by Singapore Hokkien Huay Kuan, Singapore Literary Society, Nan Chiau High School and Zaobao Comma.

viii. The department uses a wide array of ICT tools to support and enthuse students' learning of MTL. Google applications and messaging platforms (e.g. WhatsApp) were used to help students with their oral and written skills. For the teaching of the Tamil Language, assessment tools, like Kahoot & Mentimeter, were used to gather timely feedback on students' progress. Lessons housed on the SLS platforms were also designed to support Home-Based Learning.

g. Mathematics

i. The department conducted the Viva Voce programme for all lower Secondary RKS Adams classes and Secondary 1 G3 & G2 classes. The programme enhanced the understanding and application of Mathematics through the use of audio-visual technology.

ii. To enrich students' understanding and application of Mathematics, our boys participated in competitions, such as the Singapore Mathematics Olympiad.

iii. Students from Upper Secondary Normal Academic (NA) and Normal Technical (NT) streams, and Lower Secondary Normal Technical (NT) stream participated in the 2021 All Singapore Secondary Mathematics Competition for Normal Course Students organised by Clementi Town Secondary School. The competition is a national-level online Mathematics competition to stimulate greater interest and enrich students' knowledge in Mathematics.

h. Science

i. To nurture a strong interest and cultivate enthusiasm in Science, students participate in a range of activities and competitions that provide an avenue for them to showcase their abilities and nurture their talent in the Sciences.

ii. 7 Secondary 2 students forming two groups took part in the STEM SHELL Nxplorers 2021, where they offered solutions to the fundamental challenges on Food, Water and Energy from Jan 2021 to Mar 2021.

iii. A total of 23 students from 3SA, 3SB, 4SA, 4SB and 5J1 participated in the Singapore Junior Physics Olympiad (SJPO) general round on 3 July 2020.

iv. Six teams consisting of a total of 18 boys participated in the Innovation Programme from Jan to Aug 2020.

v. Four boys who participated in the Singapore Junior Biology Olympiad on 21 Jul 2021 received a silver and an honourable mention for their participation.

vi. 20 students represented our school at the 10th International Biomedical Quiz organised by Anglo-Chinese Junior College and the Mathematics Council. It provided a platform for students to develop their aptitude and potential in the biomedical disciplines through independent work and the application of critical thinking skills to solve authentic medical challenges. 13 students made it to the Top 50% of the competition.

vii. Six teams participated in the annual IgNITE Skills Challenge. The competition aims to introduce students to technical skills and foster a deeper understanding of courses offered by ITE. Three out of six teams were successfully placed among the top nine teams of each challenge.

i. Humanities

i. The Humanities Department facilitates experiential learning and infuses critical thinking skills to enable our boys to interpret various historical, environmental, and social phenomena.

ii. Inquiry-based learning via Historical and Geographical Investigations is implemented as a key pedagogical approach, to encourage the development of critical thinking and problem solving skills. Visible thinking strategies (e.g. mind maps and graphic organisers) are employed to help students make connections between ideas and aid information recall and consolidation.

j. Aesthetics & Design

i. The Aesthetics & Design Department aims to develop students' creativity, cultural awareness and critical thinking, by exposing them to a range of Music, Art and Design from across history and the world.

ii. Parents are engaged in the department's efforts in instilling this deep appreciation for the subject. The Art and D&T teachers held a ZOOM conference with the parents of Secondary 4 & 5 Art and D&T students, to communicate expectations, the timeline for coursework as well as sharing of strategies to motivate the students and instill resilience in them. The SASMB teachers-in-charge also held a ZOOM conference with parents of the Band members to communicate the rigour and the support structures for the band members.

iii. Performance opportunities, workshops and participation in competitions enable our students to demonstrate their skills and talents.

iv. In March, the Art and Music students engaged in learning experiences that deepened their appreciation for cultural art and music. The Art Unit collaborated with Tiny Museums on a project where students appreciated the intangible cultural heritage of Singapore through interactions with art collectors who shared about their private collection. The Music Unit organised a learning journey to the Nanyang Academy of Fine Arts where the boys learnt to play the gamelan and cultivate an appreciation for Javanese music.

v. In April, the 'O' and 'N'(T) Level Music students attended a mini concert put up by one of the pop bands from LASALLE College of the Arts, held in our music room. Besides learning more about pop music and music in the local scene, the students got to interact with an SA alumni, Doran Oon, who was also the bassist of the band.

vi. In June, the Sec 3 and 4 Exp Music students attended a Jazz Zoom workshop. Conducted by Dr Tony Makarome, Associate Professor at Yong Siew Toh Conservatory, it was a very enriching session that covered many interesting aspects of the genre.

k. Information and Communications Technology (ICT)

i. All Secondary 1 to 5 students successfully carried out self-directed Home-Based Learning (HBL) from 19 May, Wed to 28 May, Friday in 2021, during the COVID-19 Phase 2 (Heightened Alert) period.
ii. In order to ensure that all students had access to computers during the HBL, 60 school laptops were loaned out to them during that period.
iii. All students were issued an MOE Gmail account. Students were taught the correct method to reset their passwords via the Student Learning Space (SLS) platform.
iv. The ICT department together with the School Leaders and selected members of staff embarked on the National Digital Literacy Programme (NDLP) for the school. The team decided on procuring the iPad after consultations with staff, schools in Phase 1 of the journey and experiential learning sessions with the various service providers. The team has set the student's and teacher's routines as guidelines for them to follow daily.
v. Parents and students were briefed on NDLP in July.

l. Character and Citizenship Education

i. The Social Skills curriculum has been implemented for the fourth year. Our boys learnt sets of behaviour that enable them to interact with one another in ways that are personally enriching, mutually beneficial and beneficial to others. The aim is to positively shape students' behaviour and strengthen their resilience.
ii. The peer support curriculum has been implemented for the second year. This programme aims to raise our students' awareness and sensitivity to their peers' needs. Our boys have learnt to relate better to peers, be empathetic towards their peers and help to watch out for their peers on signs of distress.
iii. The CCE curriculum has incorporated modules on mental well-being for all students. The school has also organised assembly talks on mental well-being.

m. Physical Education

i. A structured sports module was implemented during PE lessons for all students. The module included sports skills acquisition and games modified for small-group participation. Games conducted included floorball, badminton, rugby, football, softball, volleyball, basketball, and frisbee. The students tested their skills against one another in different fitness challenges online and with their peers.
ii. The structured sports modules were shifted online this year due to the COVID-19 situation. Students were provided with a variety of home-based workouts and learning applications to help them continue to learn about the different sports, and also maintain their health and fitness levels. This is in line with the school's approach to Understanding the Hearts and Minds of Boys (UHMB), and the infusion of critical thinking skills in the PE curriculum.
iii. The structured Swimsafer programme was enhanced to include a module on life-saving skills, and long-distance swimming for more proficient swimmers. The certification from the programme is recognised on a national level. The Swimsafer 2.0 course was conducted for Secondary 2 students in Term 1 and 2.
iv. NAPFA Week was postponed this year but various elements of the test were incorporated into our PE lessons safely.
v. The School's Cross Country Event was replaced with an online virtual run where students could complete the respective distances of 3km for lower sec and 5km for upper sec at their own time within a 2 week window.

n. Academic Support Structures

i. To prepare students for the Weighted Assessments and upcoming National Examinations, these programmes were implemented in 2021:
    a. Structured Remedial Programmes (Term 2) for Secondary 1 to 3 students were conducted from 29 Mar, Mon to 21 May, Fri.
    b. Intensive Revision for Mother Tongue Languages was conducted for graduating students from 19 May, Wed to 28 May, Fri.
    c. Extended curriculum was conducted for graduating classes during these respective periods:
        i. Sec 4NT – 31 May, Mon to 2 Jun, Wed
        ii. Sec 4NA – 31 May, Mon to 3 Jun, Thurs
        iii. Sec 4E/5NA – 1 Jun, Mon to 7 Jun, Mon

ST2: Serving & Belonging

8.4 At the 82nd Prefects' Commendation Service on 12 Mar 2021, a total of 22 School Prefects and 9 Senior Prefects were officially appointed and began serving in their roles as prefects and servant leaders of the school.

8.5 The following programmes were carried out to foster greater student leadership across levels, CCAs and programmes:

a) A Student Leaders' Forum with the Class Chairman and Vice-Chairman of all classes was held on 1 Feb 2021, Mon. The session was led by Secondary 4 Senior Prefects, and included a sharing of class leaders' roles and responsibilities, and a discussion on ways to communicate better with classmates to build a better classroom culture.

b) A Project Management Workshop was held on 17 March 2021, Wed. This workshop was conducted for Secondary 3 and 4 Prefects to learn project management skills to help them better develop and organise school events.

c) Helmed by the Secondary 3 Prefects, a CCE lesson package on leadership was rolled out to the Sec 1s in Term 2. This leadership development lesson package aims to educate Saints on the practices and commitments of the 'The Student Leadership Challenge' and serves as a follow-up to address areas of concern raised at the Student Leaders' Forum.

d) An online leadership development module was rolled out to Secondary 1 to 3 Class Chairpersons from 19 Jul, Mon to 30 Jul 2021, Fri. This leadership module is to enable them to learn how to lead their class and classmates based on their leadership styles and leadership case studies.

e) Youth Day Appeal was held from 27 Jul to 30 Jul in 2021. The annual Appeal is organised by the Community Chest to collect donations that will be used to empower students with special needs. The donation drive this year was managed by Secondary 2 Junior Prefects and Secondary 3 Prefects.

8.6 Our students were given the following opportunities to serve the community:

a) To raise awareness on Cyber Wellness related issues, all students from Secondary One created posters to be displayed around the school to remind their peers to be responsible online citizens.

b) Students from Secondary 2U, 2Em and 2WI worked on posters to promote physical and mental well-being for the whole school.

c) Students from 2W, 2I, 2E, 2T and 2R worked on promoting the 3Rs (Reduce, Reuse and Recycle) in school through short videos and promoting the use of recycling bins to all Sec 1 classes.

d) Students from Secondary 3N(A) showed their appreciation to the cleaners and the administrative staff through bento boxes, and handcrafted gifts.

8.7 The following efforts were carried out to support students and instill a greater sense of belonging:

a) The new academic year commenced on Thursday, 4 Jan 2021. As per past years' tradition, boys from the Junior School did the 'Crossover' to symbolise their graduation. This year the boys were flagged off class by class due to Safe Distancing Measures with the rest of the school watching them in their classrooms via live-stream.

b) Secondary 1 Orientation Camp and CCA Day were replaced with a class based orientation programme. Besides activities to promote a smooth transition to secondary school life, there were badge presentations by school leaders and team building activities focusing on the school values of self-discipline, excellence and thanksgiving. This was followed by a staggered CCA display spread out over 3 afternoons.

c) Inter-Class Games for Secondary 1 and 4/5 students were held from 23 to 25 March. The games were organised to encourage a healthy lifestyle and teamwork among boys, as well as provide a platform for authentic learning and competition.

d) Sports Enrichment Programmes to promote class bonding for Secondary 1 to 3 students were organised during post examination in October 2020.

8.8 The school supported the development of students' character and life skills as follows:

a) For the Youth Engagement Programme for Saints (YEPS) 2020, the Discipline department organised enrichment programmes to enhance students' motivation for learning, strengthen their connectedness to school and build their resilience. Selected students who took part in the programme from Aug to Sep 2020 were taught skills such as goal-setting, time-management, and social emotional learning competencies. Education and career guidance sessions were held for students to understand, and unearth their goals and interests. A second run of YEPS was conducted during July 2021.

b) Workshops were conducted to prepare students who were keen to apply for DSA, ITE EAE and Poly EAE. They include the ITE EAE Workshop held on 13 April 2021, Tues, Poly EAE Write-Up Workshop was conducted on 20 April 2021, Tues and Poly EAE Interview Workshop on 2 July 2021, Fri.

c) Workshops on social etiquette for Secondary 3 students and financial literacy for Secondary 2 students were organised during post examination in October 2021.

d) Elective Modules were arranged to expose students to possible educational progression and career pathways, thereby enabling them to make more informed choices upon graduation. The Sec 2 and 3 N students participated in the 30-hour Cat A and B EM, while the Sec 3 E and N (A) students participated in the Advanced Elective Module (AEM) in Semester one.

ST3: Every Boy Aspiring

8.9 The following achievements were made by students at national events or competitions:

a) International Biomedical Quiz, 2021

20 students represented our school at the 10th International Biomedical Quiz organised by Anglo-Chinese Junior College and the Mathematics Council. It provided a platform for students to develop their aptitude and potential in the biomedical disciplines through independent work and applying critical thinking to solve authentic medical challenges. 13 students made it to the Top 50% of the competition:

Award	Student
Silver (Top 10 to 20% of participants)	Samuel Alexander Sng, 4SA Chan Yi Zheng, Ethan, 4SA
Bronze (Subsequent 10%)	Zach Jamie Longbottom, 4SA Rajendrakumar Deesanth, 4SA
Honourable Mention (Subsequent 10%)	Ng Jingmin, Jerald, 4SA Benjamin Wong Le Xuan, 4SA Anandasivan Saravanan, 4SA
Certificate of Merit (Subsequent 10%)	Benjamin Wong Le Xuan, 4SA S. Vamsi Krishna, 4SA Trevian Poltak Absalom Hutabarat, 4SA Wee Kaleb, 4SA M Naarayannan, 4SA Ling Jingheng, Jaiden, 4SA

b) National University of Singapore (NUS) Geography Challenge, 2021

A team of Secondary 4 boys - Darius Lim Kel Yuan (4SB), Scott Chang Jun Wei (4SB), Avinash S/O Ganesan (4SB) and Xiao Yang (4S1) - participated in the NUS Geography Challenge 2021. The competition aims to empower and educate students on world issues, and inspire students to develop a keen interest in the dynamic discipline of Geography. Darius Lim was awarded a Silver Medal in the competition.

c) Institute of Technical Education (ITE) IgnITE Skills Challenge, 2021

Six teams participated in the annual IgNITE Skills Challenge. The competition aims to introduce students to technical skills and foster a deeper understanding of courses offered by ITE. Three out of six teams were successfully placed among the top nine teams of each challenge.

d) Singapore Maths Olympiad 2020

Yap Cheng An, 1 Wonder, and Wang Weichun Johnny, 1 Integrity, received the Honourable Mention in the Junior Section. Eugene Lee Kang Rui received the Honourable Mention in the Senior Section.

e) Innovation Programme, 2021

Teams from 2W took part in the Innovation Programme 2021 where they applied the design thinking process to develop solutions to the themes of 'An inclusive Society' and 'A sustainable city'. The Innovation Programme provides students with a unique opportunity to develop their problem-solving and thinking skills. The teams developed solutions such as a social distancing alarm, a card holder for the blind, and using worms to reduce food waste, amongst others.

f) All Singapore Secondary Mathematics Competition for Normal Course Students, 2021

Students from Upper Secondary Normal Academic (NA) and Normal Technical (NT) streams, and students from the Lower Secondary Normal Technical (NT) stream participated in the 'All Singapore Secondary Mathematics Competition for Normal Course Students 2021' organised by Clementi Town Secondary School. The competition is a national-level online Mathematics competition to stimulate greater interest and enrich students' knowledge in Mathematics. For the team event, the Upper Secondary NA team was awarded 2nd placing. For the individual event, Eugene Lee Kang Rui received 1st placing in the Upper Secondary NA category.

g) National Schools Literature Festival, 2021
In July 2021, our team of four Secondary 4 and Secondary 5 boys participated in the National Schools Literature Festival and emerged as winners of the Unseen Debate competition against River Valley High.

FOUNDER'S DAY SPEECH BY GUEST OF HONOUR

Good morning Chairman and members of the Board of Governors, St Andrew's Alumni and the Parents Teachers Association, Principal Mr Lee Han Hwa, staff members and students. It's a great honour to be invited today to attend the school's 159th Founder's Day. I have been informed by your principal that I have earned the dubious distinction today of being the first to address you spiritually and virtually but not physically. So I hope this Zoom video will not fail me.

That I am addressing you virtually today is testament to the fact that we are not in normal times. Indeed, the COVID-19 pandemic has dramatically altered the way you live and interact with your teachers and friends. Despite these challenges, it is gratifying to see the school upholding its tradition of commemorating Founder's Day and honouring our boys for their scholastic achievements. We have learnt to be resilient and adaptable through this pandemic and such attributes will put us in good stead for any challenges ahead.

As a schoolboy, I had the privilege of being a Founder's Day award recipient myself many, many years ago. While receiving the award gave me much joy and pride on those occasions, what I now learn is that the most valuable reward that I received was that it inspired me to develop the passion for learning. We are living in a fast paced world where the knowledge and skills you learn today will be outdated almost as soon as you leave school. Education today is no longer the mere acquisition of knowledge and skills but what your teachers are doing for you in school is to open up your minds to have a greater understanding of the world we live in and develop a passion for independent lifelong learning. In the working world that you will be entering, you will find yourself having to constantly learn and re-learn to ensure that your knowledge and skills remain relevant. So do not be anxious if you sometimes struggle with some subjects. But find that passion to pursue what you are good at and you can then realise your full potential.

Beyond being a crucible of learning, the school is also a safe haven for social and character development as you prepare yourself for adulthood. This is aptly reflected in our school song :- "lives are in the making here, hearts are in the waking here, mighty undertaking here… Up and On". Your Instagram, Facebook, WhatsApp or Telegram social media apps will never be a replacement for the face to face interaction and personal growth that you can experience in the school. So I would encourage all of you to cherish and make the best use of your time in school to forge lasting bonds of friendship. Even now, 43 years since I left school, I have continued to meet my old class and schoolmates just to share a meal and to catch up on old times. They have not only become lifelong friends but have supported me in my life's journey. While we have formed chat groups in the virtual world, there is no substitute for real world interaction.

But I know this has not been easy during the last 2 years as we are forced to adopt social distancing measures that keep us physically apart. You have also faced numerous disruptions and changes in rules in your learning and CCA activities that can be confusing and frustrating. You may even wonder if this would ever come to an end so that you can return to normal living as you knew it.

In Singapore, at least, we can be more hopeful that with the rising vaccination rates, our lives are beginning to slowly come back closer to normalcy. The journey forward will not be a smooth one and we have to expect that some setbacks may happen. But during this time of uncertainty, I am sure that the school and your teachers will always be there to help you make the adjustments both in school and at your home. But above all, you must seek the sovereign God for help through prayers and supplication as is written in Philippians 4:6-7 which is the selected passage for this year's Founder's Day. God is faithful and you can always count on His abundant and loving grace to help in your most difficult moments. He will not forsake you under any situation.
Finally, I would like to extend my heartiest congratulations to all the award winners. Your hard work and diligence have enabled you to succeed in your academic achievement but I am certain that your loving parents and dedicated Teachers have played a major part in winning this award. So please take the opportunity to express your appreciation to them and anyone who has been an inspiration to you. The progress of science and the arts have enabled mankind to progress as a society and overcome the challenges such as the current pandemic and global warming. I hope to see amongst the award winners today, future leaders that will solve the challenges of tomorrow.

And to all teachers and staff, I thank you for your commitment to the education and personal development of the students. I have benefitted greatly from the guidance of my teachers and in the days to come, I am sure your students will also thank you for the role you have played in their formation.

Thank you again and may the peace of God be with you always.

Mr Ng Chin Hwee

FOUNDER'S DAY SPEECH BY SCHOOL DUX

Good morning to our Guest of Honour Mr Ng Chin Hwee, Members of the Board of Governors, Principals, Vice-Principals, Alumni members, Parents, Teachers and Fellow Saints.

I am Tan Yuan Zong from the class of 2020. For many of us, St Andrew's Secondary School will always be a place that remains close to our hearts; I will always treasure the friendships made over my four years here and the wealth of knowledge gained.

'No one is here by chance' – as the years passed, I have realised the truth behind these words: the knowledge I have gained as a Saint certainly cannot be a coincidence. I feel like I was meant to come to this school for a reason and I am proud to say that I am a true blue Saint, who has never once regretted my decision to stay in the SA Village.

Values are at the heart of the St Andrew's brand of education and the values of WISE and TRUE play a big role in a Saint's life. Like all Saints, it was ingrained in me that integrity means doing the right thing, even when no one else is watching, while the value of Wonder trained me to think outside of the box and see these things from different perspectives.

Some of my most unforgettable experiences were the times spent in my CCA, NCC, as well as my time spent as a prefect. The tough training in NCC strengthened my willpower and tenacity, and cemented the spirit of brotherhood between me and my fellow cadets. As a Senior Prefect, I cherished the opportunity to serve the school, as well as the teamwork in the prefectorial board. I will never forget the support of my fellow prefects and teachers in moments where I struggled or lost confidence. What I learnt and would like to share with you is that no matter what adversities you may face, as the school song goes, keep pressing on with all your might. Don't be afraid to reach out to your friends, your family and your teachers who can help you get through this tough time.

The American author William Arthur Ward once said: "The mediocre teacher tells. The great teacher inspires." At SASS, such teachers are never in short supply. My teachers have shaped me into the person I am today. On behalf of the class of 2020, I would like to personally thank each and every one of the teachers for the vital life lessons you have taught us. Each of you have worked so hard, dedicating your time and effort towards transforming us from childish little boys into mature and sensible men of stature. Mere words are unable to describe how blessed we were to have you as our teachers.

Next, to my family who have supported me throughout my ups and downs -- thank you for always being there for me. To my friends, thank you for all the study sessions, thank you for being a pillar of support. Studying together never felt like a competition; rather, it was a collaboration to succeed together. Thanks to my 'Brothers' in SA, my academic journey was never lonely but filled with brotherly love. At the end of each day, we would still all go out together and enjoy a game of football at the school field.

When I was a secondary school student just like you, Founder's Day was just like any other day; but now, after graduating, I appreciate that each Founder's Day, we come together and celebrate the extraordinary achievements of our 159 years, with each year being better than the last.

If I were to leave you with any last words of advice, it would be to stay calm despite any fears you may be having now and remember that God is just a prayer away. Always remember that you have teachers, friends and family here for you too. Despite the crisis occurring around us now, I sincerely hope that the SA flame keeps burning brightly ever. I know I will always be part of this village, because 'Once a Saint, Always a Saint'.

May we be always One Family Unbroken!

UP AND ON!

EVENTS & PROGRAMMES

MOTHER TONGUE FORTNIGHT

Our Mother Tongue Department organises the Mother Tongue Fortnight annually, to cultivate interest in learning mother tongue languages through cultural activities. This year, the activities were held from 7 to 16 April 2021.

Chinese Language

Secondary 2 students participated in the Diabolo and clay figurines workshops. They learnt about the origins of Diabolo and created 3D images of the Chinese characters using clay.

Malay Language

Secondary 2 and 3 students participated in podcasting and deejaying workshops. The objective of these workshops was to enhance their reading and communication skills. Elements of Malay culture and literature were also infused to cultivate their interest in the Malay language. Secondary 1 students were introduced to the Malay traditional performing art "Wayang Kulit". Students created "Wayang Kulit" puppets to depict their own modern version of folk tales and presented their interpretations to their peers.

Tamil Language

Secondary 1 students were introduced to an ancient Indian storytelling called Villupattu. The Villupattu instructor used a bow with bells tied to it, striking the bow and bells to create music. The art form encouraged students to enhance their creativity, exercise teamwork and build their confidence for public speaking.

Secondary 2 students learnt an Indian traditional art form called Parai Isai. In the olden days, this form of art was used to convey messages to the public.

SASS COMMEMORATES NATIONAL DAY

This year, we celebrated National Day by inviting both teachers and students to come dressed in red! To kick off the National Day celebrations, Reverend Michael Teh prayed for the nation during morning devotion, after which students listened to the National Day message by Minister of Education Chan Chun Sing. Form teachers then guided their classes through the National Day package, inviting students to listen to the 2021 National Day theme song and contribute their responses to how they will influence Singapore.

The highlight of the ceremony was the National Day Quiz put together by the National Education Committee and the Student Government team! As we learned interesting trivia about Singapore's development, we cherished all that we have to be grateful for in 56 years of Singapore's history.

VALUES IN ACTION

Secondary One and Two

Our Secondary One and Two students carried out VIA projects to promote cyber wellness, maintain physical and mental well-being, and kick start green initiatives within the school. These included creating awareness about the 3Rs (Reduce, Reuse and Recycle), upcycling of old items and classroom discussions about the safe and responsible use of the internet.

Secondary Three

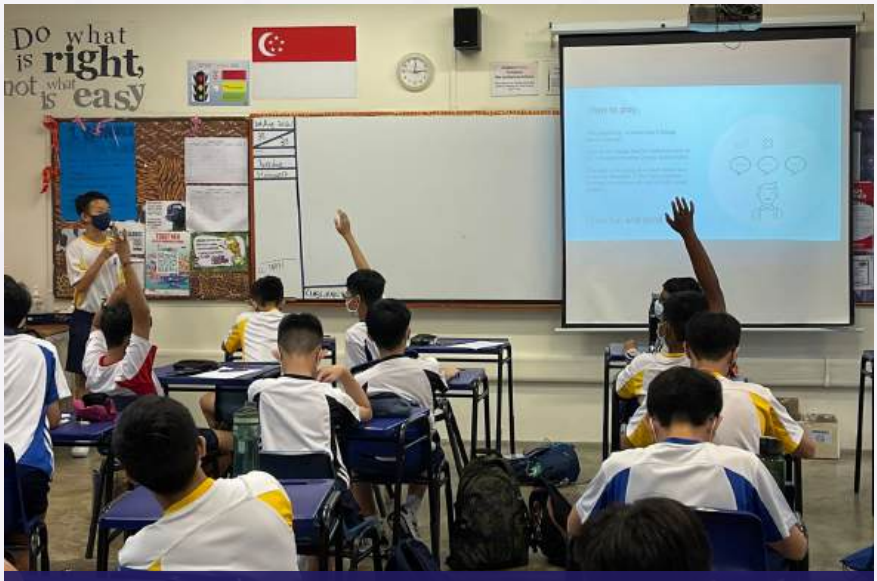

Our Secondary Three students exercised choice and designed their own VIA projects, in their respective classes. They planned and advocated for a cause that aligned with their beliefs. The wide array of VIA projects included showing appreciation to our school cleaners and improvements made within the school to create a conducive learning environment.

Secondary Four and Five

Our Secondary Four and Five students helped to keep the surroundings of the school clean. They learned how to care for the environment and to play a part in keeping the school clean.

Food Drive

Food from the Heart is an independent, non-profit organisation with the key mission to feed the underprivileged. As they do not receive regular government funding, they depend heavily on private donations to support their program. Our 3M students organised a school-wide Food Drive to support this worthy cause. They had an enriching and enjoyable experience and were able to relate to the school value of empathy through giving back to the community.

Culinary & Plating Workshop

3M students attended a 5-hr culinary and plating workshop. The boys were taught how to prepare Laksa Chicken, mashed potatoes and stir fried vegetables and executed the preparation in pairs. They were given prizes and certificates were awarded to 2 teams for the best plating and presentation, as well as 2 best teams. The programme was well-received by the students as they were very engaged and it was a good platform for them to express their creativity. It helped promote a sense of unity among the students.

Appreciation Day

3N(A) students aimed to serve the cleaners and General Office staff of the school for their Values in Action (VIA) programme. Working together in their respective modules, the boys served food, made artistic souvenirs, and created working tools during our Cleaners and Office Staff Appreciation Day. It was truly a day of thanksgiving and the boys got to show their appreciation.
